

School 25 Newsletter – April 2016

Pep Rally

Before the tests classes in grade 3-6 were asked to create a routine for the pep rally.

Here is are some pictures but they don't really give you a good picture of their spirit and creativity of all of the students.

GO MRS. CAMPBELL!!
(she earns the spirit award)

School 25 Enjoys the Sun

On April 15, the last day of the NYS Math test - Art/Library classes were held in the classroom because there was testing in the Art room and the Library. The Art and Library teachers decided to take their fifth grade classes outside. When they got to the playground there were other classes (Mrs. Sperry, Ms. Farrell) were already enjoying the sunshine.

Jayla and Ty'kira decided to interview some of the students about the test and about being outside. They interviewed Sanaria, Alexys and Coco. Sanaria said that the test was complicated but she tried her best. She said she used all of the knowledge and strategy that she had. Alexys said she was nervous and excited when she took the test but she felt happy that she worked through it. We asked Coco what was going on outside and she said she was hanging on the monkey bars while others were playing football, tag, jump rope, swinging and playing with chalk. By Jayla Lebron

Long Timers Section

This month Chynalee spoke to the gym teacher, Mr. Melendez.

A quick game of badminton in gym. Tyler wanted me to say that he won the point.

She found out that he has been at School 25 for 19 years and before that he taught in a school in Brooklyn.

He told her that his hobbies include Martial Arts and supporting his kids in their games and sports.

He also told her that he played Soccer and Lacrosse in College.

He had the most saves in a game for a Lacrosse goalie anywhere in the country for 2 years.

His wife is a first grade teacher and he loves New York Pizza.

Parent Information Corner

School 25 - Goal #5

Improve parental involvement, engagement and participation.

For ways to help your student with all of the school goals, please see more information on our school website (under COMMUNITY tab.)

New Student

Amaryllis Ramos

Chyna also interviewed a new student in her class and this is what she found out. Amaryllis moved her from Orlando, Florida, she has 1 brother and 1 sister. Her hobbies in the past included dance. She likes chocolate. Her favorite food is rice and her favorite shoes are Jordans.

The Kindergarten classes had a visit from Young Women's College Prep students. They helped with their lessons and give them encouragement.
