

Fall into Making a Difference

Fall 2012

Alumni Stories!

Toyia Wilson

Joseph C. Wilson Magnet High School, Class of 1989
One of the things that stood out to me about Joseph Wilson Magnet High School was the college culture and supportive teachers. My fondest memory of high school was my science teacher who pushed me to graduate and continue into science academia. I went on to receive my bachelors at St. John Fisher and a double Masters in Education at Brockport and Masters in Administration from St. John Fisher. My best advice to a RCSD student is to work hard- college is what you make it.

Aubrey Sheffield

East High School Graduate 1992

"My best advice to students is to stay in school. You CAN do it- work hard keep pushing. Being a RCSD alum helped me get to where I am today. I used to skip school did things I am not proud of. Now I work for the RCSD in attendance and advocate for young men to stay in school."

Walter Larkin

Edison Tech High School 1993

I had very supportive teachers and great athletic coaches. They taught me the importance of taking an interest in the whole student. Being a RCSD alum, I have a deeper understanding of what my students go through. My best advice to students is:

It's never too late to be what you might have been"
-George Elliot

This Just in!

After alot of deliberation and special thanks to RCSD Alumni and facebook participation: "Plant the seeds to a better future"
