- DJ Entertainment by Max Post
- Door prizes
- Photo area

2016

FIRST[®]

KICKOFF

Registration

One team leader must come to the registration table to sign for their team's packet. All team members will need to have their consent forms completed online through TIMS or STIMS. In the packet there will be the team's Kit of Parts Ticket. This ticket **MUST** be presented at Kit Pick-Up to receive a Kit of Parts. No receipt. No KOP. No exceptions.

Where should I park?

There is a bus drop-off loop in the back (southwest side) of the school for you to drop your team off in the morning. We also have other lots available for spectator parking. We will have Robotics Kickoff signs for directing attendees as well. Please review the maps provided in the packet for more detailed information.

What is the kit pickup procedure?

After the local field element is revealed, which is when the official broadcast is over, up to three team members may line up in the back hallway outside the West Cafeteria. Teams must bring the Kit-of-Parts Ticket received at registration. It is suggested the team members bring a cart, tape measure, and a means to take notes. Kit distribution volunteers will serve each team in turn. Once teams have their kit, they should exit out to the parking lot designated for kit pickup. There will be no room to wait inside for a vehicle to pull up. This door will be treated as an exit only.

Will there be any workshops?

We will have a workshop starting at 9AM before the Kickoff Presentation. It will be a review of Control Systems changes by local beta team 1511 Rolling Thunder. This will be a cursory review of the various minor changes to the control system and associated software libraries.

Questions?

Should you have further questions regarding anything concerning the 2016 Kickoff, please contact Joe Gallina at jgallina@spencerportschools.org
