

Moving Minds Movement Activity to Supplement
Small Group Math
(Math in the Preschool Classroom)

Dot Cards pg.34

No change in activity only change is in children's position &/or position of materials.

Children Sitting In Chairs:

- Place materials next to child's chair. Child will have to lean down to pick up material while maintaining balance.
- Place materials on a chair that is placed in-between 2-of-the children. Children turn to get material from their basket while remaining seated.

Children Standing At Table:

- Place materials under table. Child bends down or bends down & crawls to get material.
- Place materials under child's chair. Child reaches under chair to get material and returns to table to glue.

No Table or Chairs:

- Children and materials are placed on the floor near each other. Child sits on floor to glue objects.
- Children and materials are on the floor, but there is a designated spot for the materials which will encourage children to quadruped crawl or knee walk to get to materials.

2014.
