School Features

- An extended Career and Technical Education (CTE) is offered for scholars to acquire specialty certificates in Construction (Masonry, Electrical, and Carpentry), Design, and Automotive and/or Manufacturing. Scholars potentially could achieve both a high school degree and a CTE Employability designation in Construction or Design.
- A 5-Unit CTE sequence qualifies scholars for an Advanced Regents Diploma.
- An expanded day offers additional instructional time for scholars to master needed skills, gain additional credits, and increase job readiness capabilities. The school also offers extended day options for scholars to take additional courses/training/lessons to provide academic and social enrichment.
