Fuel up Grant for 10 hrs was approved

PBS Implementation Team 10 hrs approved

The Café Book "Daily Five" 20 hrs approved

How to implement Zero Hour Physical Activity Successfully 1.5 hrs approved

Can Special Teachers be included in CSE meetings and paperwork?

Yes, they should be included in giving input on student behavior and experience with the student in their setting. Dave will check with Rosa on how to proceed with this.

With all the data that we have available what is being done if teachers are not using this data to drive instruction?

Please red flag a student going into the next grade level and bring them to RTI. Some people do a great job evaluating data and making students show a level of growth that shows progress. Data should be brought to grade level meetings and a discussion should happen. Common core is a guide.

Can SBPT find out if Kathryn Yarlett was able to locate a reading teacher for #7?

Right now the answer is no. There is no money and because we show good growth other schools show a greater need.

Can Jeff teach a PD on DOJO?

Yes. We will set this up in March.

Can Mark teach a PD on Data?

Yes. We will set this up.

Dave has no information on staffing for next year.

NO ICOT's in Kindergarten and 6th grade next year.

Next Meeting March Tuesday 10, 2015 @ 3:45 pm
