## The International Baccalaureate Program at Joseph C. Wilson Magnet High School

Students who like to be challenged academically should consider Joseph C. Wilson Magnet High School, one of only a few schools in Monroe County to offer an internationally recognized curriculum accredited by the International Baccalaureate Organization. The IB program encourages critical analysis, research skills and service as part of the learning process. The curriculum and assessments are consistent among 4,200 IB schools worldwide and prepare our graduates to excel in the global economy.

- **IB Middle Years Programme** (grades 9 and 10) – Teaches students to understand the connections between traditional subjects and real-world challenges, creating critical and reflective thinkers who will become responsible, globally aware citizens
- **IB Diploma Programme** (grades 11 and 12) – A balanced and academically challenging two-year liberal arts curriculum that prepares students for success at the college level and beyond

### A Well-Rounded Education in a Diverse Student Population

Wilson IB students balance their challenging academic requirements by choosing from a wide variety of art, music, drama, community service and athletic opportunities—including one of New York State’s most highly ranked chess teams! Wilson emphasizes values and employs restorative practices to build a strong sense of community among all students and adults in our school. We promote “IB for All” by expecting every student to participate in at least one IB course and reflect our core values of Respect, Responsibility, Rigor and Excellence.

*The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.*
