

Do you have a child, aged 5-12, with autism spectrum disorder (ASD)?

We want to hear from you!

The University of Rochester is conducting a research study looking at the effects of stress in parents and children.

You and your child may be eligible if:

- Your child has an ASD diagnosis
- Your child is 5-12 years old
- You and your child are willing to wear a watch for a few days
- You are willing to use an app that asks about what happens in your day
