

December and January

The last two months we have been focusing on the phonics skills program, giving our new readers and writer's a solid foundation.

Kindergarten students are working on consonant blends (sl, bl, etc.) and digraphs (sh, ch, ng, etc.). These kindergarteners are **READING!** We are so proud.

Students in grades 1-3 are working on long vowel sounds, reading fluency, and having been producing some incredible writing pieces! (Check out our "Peace is..." bulletin board.

4th graders are finalizing their persuasive letters. Their hard work really shows in their final drafts.

5th and 6th graders are working on vocabulary development, reading for comprehension, and some skills work to fill in any gaps.

It has been a busy two months. Our goal for February and March is to complete two final writing pieces for publication. Check back to see them. 😊

Sincerely, Mrs. Labrosa
