Greetings Parents,

The Office of Parent Engagement is excited to announce the launch of Parent University’s Winter/Spring 2019 Calendar. My name is Ken Sayres, Director of Community and Parent Involvement. It is my great pleasure to serve the families of our great community in this capacity. The Office of Parent Engagement is committed to empowering our parents to be the best advocates for their student’s education. Authentic parent voice should be heard, valued and encouraged throughout our district. When parents are actively engaged and involved with their students and their schools we see:

- An increase in attendance
- Higher grades in core subject areas
- Improved behavior

The Office of Parent Engagement is responsible for the overall customer satisfaction of parents in the Rochester City School District. This office is dedicated to partnering with parents in making sure their children’s educational needs are being met. The Office Parent Engagement seeks to help schools and parents work together for student achievement through support systems by programs and standards modeled from the National PTA. Through Parent University, we provide a wide variety of courses for parents throughout the year and share resources and pertinent information with parents. The Office of Parent Engagement empowers all parents to support the schools in educating their child.

Our mission is to REACH parents:

Respond to the needs of parents
Encourage open communication
Advocate on the behalf of parents, without putting the District at risk
Collaborate with community partners
Help parents help their students to academic success

The engagement of parents, families, and the community is an ongoing process that encourages, supports, and facilitates active participation, meaningful decision-making, and true collaboration between parents and schools. Working together, parents, schools, families, and communities will create powerful partnerships with an unrelenting focus firmly placed on academic success and the health of our students.

If you have any questions, comments, concerns or suggestions, I am available.

Parent and Family Information

Parent/Family engagement is a shared responsibility in which schools and other community agencies and organizations are committed to reaching out to engage families in meaningful ways and in which families are committed to actively supporting their children’s learning and development.

Office of Parent Engagement (OPE)

This office develops and implements strategies for supporting and increasing parent participation in their children’s learning and development. Staff in this office serve as the District’s liaison to parent groups, provide support to schools in collaborating with parents, and provide technical services to the School-Based Planning Teams. In addition, they offer training programs for parents and staff, and monitor and evaluate parent involvement activities in schools and throughout the District. The Office includes Parent Services, Family Resources, and the Parent University and facilitates the Parent Liaison and Home School Assistant Professional Development Program. OPE is located at 131 West Broad Street on the 1st floor. Parents are encouraged to be involved in their children’s education in a variety of ways. Contact our office at (585) 324-9999 or via email at parentcenter@rcsdk12.org. All services are available in Spanish.

Parent Support Services

Parent Support Services provides assistance to parents and guardians in solving problems, addressing complaints and resolving school-related issues when normal procedures at the school level have not been successful. Parent Support Services staff are available to meet with parents either at the OPE, 131 West Broad Street, or at the school locations. Staff serve as impartial mediators between parties and can help identify the best means of resolving issues successfully. Parent Services staff can also answer questions about the District, its policies and administrative procedures. Contact Parent Services Representatives at (585) 324-9999.

Parent University

The Parent University offers district parents of students in grades Pre-K through 12 a wide range of courses on topics such as: child development, parent-child communication, skill building, college readiness preparation and health and financial literacy. In addition, the Parent University provides professional development and leadership training opportunities to more than 100 of the District’s parent liaisons, advocates and school-based planning team representatives to ensure they are equipped with the skills needed to serve their school community. For more information, contact (585) 324-9999.

Family Resources provides referrals, resources and tools to build stable families and enhance their involvement with their children’s education. In addition, staff connect students and their parents to community resources and social services that support the overall well-being. Offered are a variety of services designed to help families in the areas of health, safety, and family relationships. For more information, contact (585) 324-9999.

Parent Advisory Council (PAC)
The Rochester City School District has established a districtwide Parent Advisory Council to encourage authentic engagement among a cross section of parents—who are delegated to serve on the council by their school communities—and District leadership. The Parent Council meets regularly with the Board of Education, Superintendent, and Cabinet members. As part of this collaboration, the council raises concerns and seeks to work collaboratively to understand and/or resolve issues when possible. The Council makes recommendations on the District’s obligation to meaningful family engagement under legislation and policy, and serves as a conduit to bring information to the Council from their school communities and to communicate information back to their schools through the PTA, School-Based Planning Teams, school newsletters, and the web. For more information on the Parent Advisory Council, visit www.rcsdk12.org/parentcouncil or call (585) 324-9999.

Bilingual Education Council (BEC)
This body advises the Superintendent on issues regarding bilingual education including curriculum, instructional materials, and cultural issues. Meetings are held monthly. For more information, call the Office of Parent Engagement at (585) 324-9999.

Special Education
Parent Advisory Committee
SEPAC (Special Education Parent Advisory Committee) is composed of parents with special needs students in the Rochester City School District. Together, this group works to provide a supportive environment for students, families and educators that will help each student achieve their potential.

Special Education Parent Advisory Committee (SEPAC) is seeking parents to join the committee. All meetings are open to parents of children receiving special education services in the Rochester City School District.

Monthly meetings are held on the second Monday of every month during the school year (may be subject to change).

If you are interested in applying to be a SEPAC Parent Representative or would like additional information, please call Zayra M. Lespier 585-210-3183.

PTAs/PTOs
Parent-Teacher Associations/Organizations support and advocate for children in their schools and in the community. For more information, contact your child's school or call the Office of Parent Engagement, (585) 324-9999.

School-Based Planning Teams
The School-Based Planning Teams (SBPT) are responsible for reviewing student performance, setting goals for academic improvement, and designing a program for the school to meet those goals. Parents are welcome to be a part of the team at their child's school and to work with the principal and teachers in developing the school's improvement plan. For more information, contact your child's school or call the Office of Parent Engagement at (585) 324-9999.

Hearing Impaired Services
Parents who are hearing impaired can request special services from the District by calling New York Relay Service (TTY) at 1-(800) 662-1220.
We are excited to be announcing a new app—RCSDlink—that will be coming to your child’s school this year.

RCSDlink will give you the latest news, school calendars, menus, school notifications, contact information for teachers and staff, and more!

RCSDlink is a free app that you will be able to download from the app store (iPhone users) or GooglePlay (Android users).

Parents will be able to access their children’s grades, assignments and other student-specific information.

- If you already are registered with ParentCONNECT, you will receive a letter with a special password, which gives you access to your student’s information in RCSDlink.

- If you are not currently registered with ParentCONNECT, please register at http://www.rcsdk12.org/RCSDlink, and we will send you a special password to access your student’s information.

If you have any questions, comments, or feedback about the new app, please contact us at: RCSDlink@rcsdk12.org or (585) 262-8568.

Anxiety and School Avoidance

Anxiety is a natural part of childhood, but when anxiety gets in the way of a child’s ability to learn, families may need support and services through the Committee on Special Education. Learn how to collaborate with your child’s school and what supports and services may be available through school for a child who has anxiety.

February 6, 2019

Discipline and Suspension

Did you know there is a difference between general discipline procedures and discipline procedures for students with disabilities? Children who have disabilities have specific rights under state and federal laws when it comes to suspensions and school discipline.

This workshop will provide an overview of these rights and the process used for discipline and suspensions. Participants will learn about Functional Behavioral Assessments and how to create a proactive behavior management plan to help avoid future conflict.

March 6, 2019

Transition on the IEP

Every student who has an Individualized Education Program (IEP) and is at least 15 years old should have a Transition Plan. Participants at this workshop will learn about the Transition process, which prepares students to live, learn, and work in the community by building career and life skills, knowledge and experiences. Presentations may include personal perspectives shared by people who have disabilities and family members.

Pathways Part 1: Diploma options for students with and without disabilities
What options are available for completing high school? Learn the differences between a Local and a Regents diploma. Join us for a discussion about current requirements for high school graduation in New York State and the many options available for all students.

March 13, 2019
Pathways Part 2: Completing High School Options Other than Regents
Did you know that Regents Diplomas are not the only way students with or without disabilities can show they have completed high school? It is possible to earn a Local Diploma and continue on to college! If your student is struggling to pass the Regents exams needed to graduate they have options. Learn about options such as Career Development and Occupational Studies (CDOS) Commencement Credential, Skills and Achievement Commencement Credential, and other Safety Net Options available to students.

April 3, 2019
Disclosure
Sharing information about a disability and how it affects you or your family member helps to provide an understanding of that person and will help eliminate guesswork and assumptions made by others. Disclosure may open doors to better communication and understanding in both personal and professional relationships. Families will explore why, when, where, and how to tell others about a child’s disability. Self-advocates will learn that disclosing to others may help them recognize their strengths.

April 3, 2019
Vision
It is sometimes difficult to articulate the dreams we hold for ourselves or for our children and students who have disabilities. Take this time to begin developing a vision for yourself, your child, or your student. Where do you see yourself or your child living? Working? Spending leisure hours? Our presenters will guide you along this exciting journey and may help you to consider options you had not thought of before. You will leave this workshop seeing things differently for yourself, your child, or your student.
Digital Literacy

Whether you are entirely new to computing or have some experience, this curriculum will help you develop a fundamental understanding of computers. From using the Internet, to sending e-mail, to creating a resume, the Digital Literacy Curriculum helps you develop the essential skills you need to begin computing with confidence. The Digital Literacy Curriculum consists of five courses: Computer Basics; The Internet and World Wide Web; Productivity Programs; Computer Security and Privacy; and Digital Lifestyles.

YVOV is a group of young people who represent the voices and issues of underrepresented youth in the City of Rochester. We strive as a group to have positive change for the youth in our community. One of our ongoing goals is to establish a diverse membership of youth who can provide expertise in various fields, inform, and impact policies related to youth issues. Youth, ages 13-18, can serve on one of three committees Executive, Event Planning, and Service Learning.

Please contact Tremain Harris at 585-428-6360 or Tremain.Harris@cityofrochester.gov for more details on how to become involved.
