## Family Commitment Letter

At Roberto Clemente School #8:

As a parent/guardian of a student at RC8, I understand that this school is working to build a welcoming, positive, safe community for my child. I agree to support this effort by:

1. Being an Active Participant
  - Assuring that my child attends school every day
  - Attending school events (student-led conferences, parent-teacher conferences, open house, community events, school meetings)
  - Supporting learning at home by discussing the school day with my child
  - Updating the school with current numbers and contact information
2. Holding my child accountable
  - Reviewing Habits of Work of Learning with my child (Perseverance, Commitment to Quality, Collaboration, Honor and Integrity)
  - Making sure they complete their homework
3. Resolving any conflicts and disagreements peacefully
  - Communicating my questions and concerns with the school
  - Being ready to compromise when the situation calls for it
  - Collaboratively seeking a positive solution
4. Serving as a positive role model
  - Being thoughtful about my actions and what I say, both on and off school grounds

I understand that families are central to the success of our children will continually partner with Roberto Clemente School #8 in a positive manner.
