279 West Ridge Road
Rochester, NY
14615

Principal: Ms. Christine Caluorie-Poles
Assistant Principal: Mrs. Kelly Lampman

Mission

As members of the RISE Community School, we are dedicated to creating a student centered community of high expectations, established in a race and culture conscious environment, where all voices fuel innovation, creativity, and scholarship.

RISE Partnerships

The Center delivers an array of school-based services to thousands of young people each year, including the Alternative-to-Suspension program, and Prevention Education Services intervention/ prevention/ help zone. Here at RISE Community School we have a Best Self Zone which provides a safe place for students to share thoughts or vent frustration, and resolve conflicts. The CFY staff utilizes Restorative Practice every day.

Foodlink is a great partner that stocks our community food pantry, which feeds our students, parents, and community members. Food Link has partnered with RISE in introducing cooking classes and healthy food options for students and families. If you are in need of support, please contact the school to set up an appointment to access the Food Pantry.

Northridge Church partnership helps support RISE School and provide donations of a variety of items when needed including materials for professional development and monetary donations. Members of Northridge Church have also donated culturally relevant books for our students.

Healthi Kids is a grassroots community coalition and an initiative of Common Ground Health advocating for healthier kids. They continue to support our students by advocating for policies, systems and environmental changes that nurture the physical, social, emotional and cognitive development of children from birth to age 8.

G2's volunteers use play as the catalyst to form trusting relationships with each child. In the safety of this relationship, children learn how to be in healthy relationships with people who care about them. By playing a game, children learn how to count spaces, read, plan ahead, take turns, and develop empathy and trust. These skills are the key to living successful lives.

Happy Birthday Cha Cha Cha is a non-profit organization that provides birthday gifts to all children in grades kindergarten through second grade. Birthday presents include toys and a drawstring bag filled with personal hygiene products and birthday snacks.

Play Works believes play provides an unparalleled opportunity to foster the physical, social, and emotional development of our kids. They focus on engineering a powerful system of play that is making a daily difference where

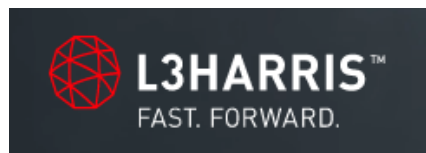

it is most needed. It focuses on bringing games and activities to schools, while creating a safe and healthy recess for students.

Fidelis offers free or low-cost comprehensive health insurance, including Medicaid Managed Care, Medicare Advantage, Child Health Plus to our school families or any one who is in need of medical health insurance coverage.

This is a new partnership for RISE. Nazareth College and RISE are partnering to host student teachers in efforts to develop strong urban educators. Nazareth College and RISE Community School will pilot with Education First in order to receive professional development and training in supporting urban educators.

This is another new partnership for RISE. L3Harris Employees of African Descent (LEAD) will partner with classrooms to support students in academic success through fun and engaging learning techniques.
