Approval of the Minutes	n/a	All Approved
Shout Outs/Bright Spots	3	Native American Celebration was fabulous. Pennies for Pie the Principal.
Family and Community Engagement Tenet 6B/Grades in Powerschool	15	Teachers will maintain up-to-date student grades every two weeks into powerschool as per the School Board Policy Manual, Aug. 2023. There's a QR code parents can use to access their child's grades. Ms. Collins can track what parents are signed up. 5th grades - Graded work is sent home weekly 3rd Grade - Sends home unit test - teachers keep exit tickets and graded work Specials- They do not send home written work. Speech- they send home 10 week progress reports home. Band- Doesn't send home paperwork - for upper grades only Kindergarten- none to daily (Varies with classroom) First - A couple times a week to daily Ms. Lyons- Sends home work for student Paris- none Our question - What do we report and how frequently? Board Policy states "uniform grading system aligned with school and program initiatives".
Lesson plans	10	Ms. Sinclair shared it's hard for administration to understand where teachers are in the curriculum.

		<p>The question was brought up about what elements are agreed upon at the school level to be included. Suggested by the group: learning target, standards, units, lessons, essential question, evidence, assessments. Possibly we need to survey the staff? *Previous bank of lesson plan formats can be created for staff.</p>
Schoolwide Data	10	<p>Ms. Collins shared the data with us and will share the data during the staff meeting tomorrow.</p>

Shout Outs/Bright Spots	2	Hispanic Heritage Day was a BRIGHT DAY!! Bodyk was awesome!! Patterson rocked the display of dresses. Leo's enthusiasm for PE.
Welcome New Members	1	Welcome Ashford
Family and Community Engagement Tenet 6B	12	We didn't finish the last meeting. Looking at 6B. We've previously talked with a parent about where she struggles to find her child's grades. Do we have expectations of what is provided to the parents? Discussion at the table shows it varies for what teachers send home and provide to families. Some teachers provide newsletters to let families know what is being taught. What action step do we want to take from here? What seems an appropriate level of work to make sure goes home? Discussion about parents having access to Power School but teachers are not putting in data. Our school will possibly be piloting this. We need to have a conversation about what is worth putting in to Power School. Team task: Ask staff what they send home and what they feel comfortable preparing to send home.
