Hello Students and Guardians!

Welcome to Chemistry! I am excited that I have the opportunity to work with you this year. During this school year, we will be exploring several different topics in Chemistry and how Chemistry relates to our everyday life.

**1. Flow and Sequence**

- Week 1 = Scientific skills
- Week 2 = Science and my life
- Week 3 = Molecules in Motion in Matter and energy
- Week 4 = Molecules in Motion in Matter and energy
- Week 5 = Changes in states of Matter and energy
- Week 6 = Changes in states of Matter and energy
- Week 7 = Density
- Week 8 = Density
- Week 9 = Atoms
- Week 10 = Atoms and the Periodic Table
- Week 11 = Atoms, the Periodic Table and Chemical Formulas
- Week 12 = Periodic Table, Chemical Formulas and Element Project
- Week 13 = Covalent and Ionic Bonding
- Week 14 = Covalent and Ionic Bonding
- Week 15 = Covalent and Ionic Bonding
- Week 16 = Physical and Chemical Changes in Matter
- Week 17 = Solutions and energy
- Week 18 = Acids and Bases

**2. Grading:**

- Grades in this course will be an average of all assignments given.
- ALL assignments will receive a grade no matter how late it is submitted.
- Assignments over 2 weeks late will receive a grade no higher than 65%.

**3. Absenteeism**

- It is your responsibility to make up any missed work..
- All assignments are posted on Google Classroom.
- You may complete and submit any assignments even if they are passed the due date.

**4. Expectations**

- Remember, we are all new to remote learning.
- Students are expected to arrive to ZOOM class on time daily. As each student is admitted into the ZOOM class they should enter respectfully and begin Bellwork.
- ZOOM classroom rules are basic:
