

IMPROVING HIV TESTING EFFORTS IN NYS: A FOCUS GROUP FOR CISGENDER BLACK WOMEN WHO HAVE SEX WITH MEN

Who Can Participate: Cisgender Black women who have sex with men in New York State (excluding New York City Residents).

What's the Focus Group About? The New York State Department of Health would like to hear from YOU on how we can improve our HIV testing efforts! We're building on the success of our men's HIV Home Test Giveaway and are planning a HIV Home Test giveaway for cisgender Black women. We invite you to help us reach cisgender Black women by sharing your experiences with social media and cell phone usage and discuss your knowledge, perceptions and/or experiences with HIV testing.
