Hello Dr. Charles T. Lunsford Families,

Habari Gani (What’s the news?)! Happy New Year! It is so hard to believe we have reached 2023!

Daily attendance is key to student success. Please be sure your child is present daily and on time. Kudos to our 6th grade students and families for having the highest daily attendance average last month. Will your child’s grade level be the winner next month?

As a reminder, we are looking forward to several school events and would love for you to join us! We had such a wonderful turn out at our Winter Concert/Bash and Cuts for Christmas

Thanks for all you do to support our school and students!

Best,
Mrs. Silas-Lee
Proud Principal

UJAMAA
“Cooperative Economics”

To build our own businesses, control the economics of our community, and share in all its work and wealth.
Our current daily attendance is 83%. We are striving to reach 92%.

Facts provided by the U.S. Department of Education

*When children are absent from school, they miss out on consistent instruction that is needed to develop basic skills.

*Children who have learning and thinking differences can be especially vulnerable to the impact of absenteeism because missing school reduces opportunities for any interventions that might be necessary.

*Poor attendance can also have a negative effect on social and emotional development.

*Excessive absences are also associated with lower scores on standardized tests, which typically assess primary skills and concepts.

School attendance is a powerful predictor of student outcomes. In fact, irregular attendance can be a better predictor of whether students will drop out of school before graduation than test scores, according to the US Department of Education.
ANNOUNCEMENTS

- The #1 way to stay in touch with teachers and school info is to be connected to Seesaw and follow us on Facebook.
