have a classroom treat to share

Homework packets are sent home on Monday
and returned to class Friday.

DON'T FORGET we are an ELT school – all
students are dismissed at 5:00!

Classroom Notes

What are we learning?

- ✓ **Common Core Listening Standards (CCSS):** We are starting our Theme: The Human Body. Students will learn about body systems. We will learn about the skeletal system, digestive system, nervous system, muscular system and circulatory system.
- ✓ **Math:** We continue working with Number Bonds, writing number equations and addition word problems.
- ✓ **Phonics/skills:** We are blending sounds to read words and meeting in small skills groups.

Teacher's Thoughts.....Encourage your child to try their best with work every day and make good choices at school. Remind students to use their words, not their hands to solve conflicts. Teachers are here to help students resolve conflicts. Thanks for all that you do to support school 29. We are always here for you☺
