

### **RECOGNITION FOR ACCOMPLISHMENT**

The Board of Education expects diligent effort from its own members, from the staff, from the student body and from citizen school volunteers, community partners and advisors in the achievement of school district goals and objectives. The Board is also mindful that there are, from time to time, individuals who make exceptional contributions to the district's schools.

The Board will grant official public recognition for these truly outstanding accomplishments on behalf of the school district by individual students, staff members, citizens, community partners or Board members.
