Dear Parent/Guardian,

Our school has implemented the ***Lexia Reading*** ® software program. *Lexia Reading* provides the targeted practice that students need to develop their reading skills. As an added benefit, this program is available to students at home to extend their practice time via the ***Lexia Reading*** **School-to-Home Connection**. Lexia Reading is intended for independent practice by the student with no assistance from parents or siblings. Please allow your child to work at their own pace without assistance.
