Fax: (585) 654-1079

Start Time: 9:30am

End Time: 4:00pm

Dear School #52 Families,

I hope this letter finds everyone well! Teachers are working hard with students to finish off the school year strong. It is hard to believe that we are already in the last week of April...the school year is flying by!

Grades 3–6 will be taking their Math NY State test this week (Tuesday and Wednesday). Please make sure students get a good nights sleep and are well rested the day of testing. We just ask that each child does their very best.

Visit the school webpage for exciting opportunities, such as Camps, Sports Programs, Family Activ and Summer School Information!

Spring Is In The Air

Does the warm weather make you want to go outside? Below are some things you can do with your child to enjoy the nice weather and still practice math!

- Set up empty plastic bottles labeled 1–10, then roll a ball to see how many you can knock down. Add the numbers of the knocked over bottles to get your score.

- Little ones love this game and they practice number recognition! Fill and label water balloons 1–20. Draw the numbers with sidewalk chalk on the sidewalk. Have the child pick up a balloon and find the matching number and make a splash!

- Child draws a flower with 10 petals. Write a number in each petal. In the center, write a number to multiply/add/subtract by.

Reminders:

- 4/26 – 4/27: NYS Grades 3–6 Math Test
- 4/29: Spring School Store
- 5/11: Half Day for Students
- 5/12: Superintendent's Conference Day (No School for Students)

Upcoming PBIS Events

April 29th, Students will be able to use their blue tickets to shop at the School Store!
