

This is a message for families of Nathaniel Rochester Community School No. 3.

First, I want to let you know that all children are safe. However, because of a police situation in the neighborhood, the school was in a brief lockout this afternoon. This means that classes took place normally, but all exterior doors were secured and monitored.

This was only a precautionary measure to ensure the safety of your children. School will be dismissed at the normal time of 4:30 pm. Thank you.
