

Homework Policy & Home Projects

3rd graders are expected to average a total of 30 minutes of homework each night. They may have math, reading, &/or spelling. On Fridays your child will be given a reading log to complete as well as written assignments.

Homework is to be completed each night and your child will get a sticker for that day. At the end of the month there will be rewards for students who have handed in their homework. Homework is never used as a punishment. It is an extension of the day's lessons and practice on skills your child has learned.

During the course of each 10-week term, students will have a home project to work on. The project will be related to skills and content in the social studies curriculum, and will be factored into your child's social studies grade for that marking period. There will be ample time provided for you to work with your child and guide their completion of the project.

A book project/report will also be assigned each marking period. Children may borrow a book from the school library to complete the project. More detailed information will follow.

Visitation Policy

My classroom is open for you to visit any time. However, I do ask that you make an appointment via phone or note if you would like to visit, bring in birthday treats or set up a conference. Office staff will have you sign in and get a visitor's pass. Please feel free to contact me with questions about the curriculum or your child. I look forward to meeting with you!

Volunteers Needed

We would love to have any interested parents or grandparents who would like to help in our classroom. You could be working with children and assisting the teacher with projects! Just send in a note or call me at school. Thank you for your support.
