

Guitar Club
Mr. Dyminski

Mission statement - To develop and promote the understanding of Music as it relates to the guitar

Prerequisites- must have own guitar. If you don't have one or would like to buy one, Mr. Dee has that information. They are reasonably priced and we get a discount.

Students – must have proper attitude to proceed. If you have a discipline issue please deal with it on your own time. Only those actually in the club will be allowed to stay after school for this activity.

Numbers- club must have five active members or I will not run club

Essentials- good attitude, no discipline problems, instrument and attendance at club meetings. My free time is a blessing to me. If you are not going to show to meetings, then please don't waste my time or yours by signing up for my club.

Music is a gift and I treat it as a spiritual experience.

Thank You,
Mr. Dyminski
