Plus Map and Names of the States and State Capitals

This dictionary is designed to help non-English-speaking Eritrean immigrants newly arrived to the United States, to begin to recognize and pronounce English words.

- Common nouns, verbs, adjectives and interrogatives are included.
- No attempt is made to teach grammar or sentence structure.
- Tigrinya script (GEEZ), being a phonetic alphabet, is utilized for providing pronunciation of the English word.
- Common American pronunciation is utilized.
- The reader is reminded that English does not use a phonetic alphabet. The pronunciation provided here is phonetically accurate, except, for example, as noted below.
- Not all sounds in English can be rendered in GEEZ, just as all sounds in Tigrinya cannot be presented by the English alphabet. In particular, GEEZ does not closely pronounce:
 - A as in CAP
 - OO as in BOOK
 - O as in DOG
 - TH as in THING

We have reproduced these as closely as possible with GEEZ characters. We have used “TH” itself, in order to help the user recognize where this special sound must be used.

Comments and suggestions are always welcome. These can be sent to: Mail@EritreanRefugees.org Please see the copyright notice in each section.
