International Baccalaureate World School

Athletics:

Wilson Commencement offers one of the most comprehensive and competitive athletic programs within the Rochester City School District. In our view, the purpose of interscholastic athletics is to provide an appropriate venue for students to explore their personal quest for excellence as it relates to their physical well-being and their innate desire to compete in the sport(s) of their choice. Our athletic program strives to develop individual and team potential by promoting high standards related to character, teamwork and sportsmanship.
