RE: Rochester Joint Schools Construction Board
Rochester Schools Modernization Program -- Phase 1

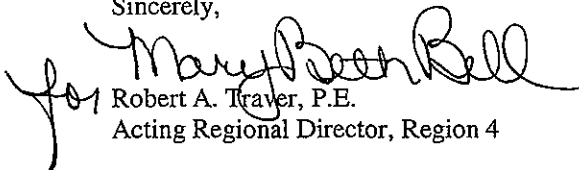

Dear Mr. Gardner:

The New York State Department of Transportation concurs with the designation of the Rochester Joint Schools Construction Board as lead agency for the above referenced action.

Any work (including access or utility work) within the right of way of any State Highway will require a work permit from the Department's Traffic and Safety Office. Occupancy of any state owned property (short or long term) may require a "permit for use of state-owned property" from the Department's Real-Estate office. As a permitting agency under SEQRA, the Department would be given the opportunity to review any site plans, environmental impact statements, traffic studies, or drainage plans prior to approval to assure that the negative impacts on State facilities are mitigated as appropriate. Also, any such work will require coordination with the Department's planned maintenance and/or capital improvements through our Monroe East and Monroe West Maintenance Offices.

Please contact Colin Brennan of our Real Estate Group at (585) 272-3328 if you have any questions concerning this matter.

Sincerely,

Robert A. Traver, P.E.

Re: Rochester Schools Modernization Program - Phase 1 - Rochester Joint Schools
Construction Board
Lead Agency Request

Dear Mr. Bell:

We are in receipt of your request to be lead agency under SEQRA in connection with the environmental review of the above-referenced project.

Monroe County hereby consents to the Rochester Joint Schools Construction Board
Rochester Joint Schools Construction Board serving as lead agency under SEQRA.

In determining the environmental significance of the above-referenced project, the County requests to be involved in reviewing any plans, specifications and traffic data that may be prepared for this project.

If you require any additional information from the County, please contact Thomas Goodwin, Associate Planner, Monroe County Department of Planning and Development at (585) 753-2032.

A copy of the determination of significance should be forwarded to the following at the County:

Judy A. Seil, Director
Monroe County Department of Planning and Development
CityPlace
50 West Main Street, Suite 8100
Rochester, New York 14614

Re: Rochester Joint Schools Construction Board *State Environmental Quality Review* ("SEQR") Lead Agency Request Letter for the *Rochester Schools Modernization Program* ("RSMP") – Phase I, City of Rochester, Monroe County, New York — Expanding Our Children's Education and Learning ("EXCEL") Program

Dear Mr. Bell:

The Dormitory Authority of the State of New York ("DASNY" or the "Dormitory Authority") is in receipt of the Rochester Joint Schools Construction Board *State Environmental Quality Review* ("SEQR") Lead Agency Request Letter, dated December 1, 2010, for the *Rochester Schools Modernization Program* ("RSMP") – Phase I project as part of the Expanding Our Children's Education and Learning ("EXCEL") Program. The Dormitory Authority has no objection to the Rochester Joint Schools Construction Board assuming lead agency status for purposes of conducting a coordinated SEQR for the above-referenced project. The Dormitory Authority's potential jurisdiction in the proposed action is that of an Involved SEQR agency with a funding approval pursuant to the EXCEL program. DASNY's specific SEQR action should be noted under Item 25 "Approvals Required" within each of the *Environmental Assessment Forms-Part 1* as the "Authorization of the Expenditure of Bonds Proceeds."

In addition, as part of its approval process, DASNY is required to coordinate its SEQR reviews with the New York State Office of Parks, Recreation and Historic Preservation ("OPRHP") consistent with New York State's §14.09 Preservation Laws and relevant implementing regulations. Accordingly, DASNY respectfully requests that OPRHP also be included as an involved agency for the subject project. The appropriate contact at OPRHP is: **Ms. Ruth L. Pierpont, Director, Historic Preservation Field Services Bureau, New York State Office of Parks, Recreation and Historic Preservation, Peebles Island, P.O. Box 189, Waterford, New York 12188-0189.**

Dear Mr. Gardner:

Thank you for requesting the comments of the Field Services Bureau of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the project in accordance with the New York State Historic Preservation Act of 1980 (Section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Field Services Bureau and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6 NYCRR Part 617).

Based upon this review, it is the OPRHP's opinion that your project will have No Impact upon cultural resources in or eligible for inclusion in the State and National Register of Historic Places.

If further correspondence is required regarding this project, please be sure to refer to the OPRHP Project Review (PR) number noted above.

Dear Mr. Gardner:

Thank you for requesting the comments of the Office of Parks, Recreation and Historic Preservation, Field Services Bureau (FSB) with regard to work at four Rochester City schools. We are reviewing these projects in accordance with regulations implementing Section 14.09 of the NYS Parks, Recreation and Historic Preservation Law; we will provide findings of project "impact" following review of all requested additional information.

The properties identified above have previously been evaluated and found to meet the criteria for inclusion in the State Register of Historic Place. So that we may fully assess possible impacts to these historic structures, please submit the following additional information, as applicable:

- * Please clarify "removal and replacement of interior finishes," Please provide a table of finishes, doors and other architectural elements, specifications for the work and photographs of typical features and spaces to be impacted.
- * Provide elevation drawings showing the type and configuration of any proposed new windows. Although most windows appear to be modern replacement units, where original windows are proposed for replacement submit detailed photographs to demonstrate their current condition to justify their removal.
- * Provide specifications for any masonry repair or repointing.
- * Provide site plans showing the extent of any substantial ground-disturbing activity
- * Please include the complete SED project numbers when they are assigned.

If you have any questions regarding this review, please call me at (518) 237-8643, extension 3283 or email me at james.warren@oprhp.state.ny.us.

Re: SED #26-16-00-0-058
World of Inquiry School #58 Renovations
200 University Ave
Rochester, Monroe County
09PR05090

Dear Mr. Costich:

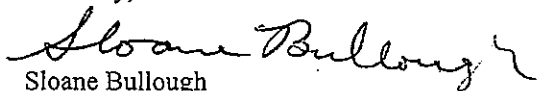

Thank you for requesting the comments of the Field Services Bureau of the Office of Parks, Recreation and Historic Preservation (OPRHP) regarding the additions at World of Inquiry School #58 in Rochester, NY, a building that is listed in the National Register of Historic Places. We are reviewing the project in accordance with the New York State Historic Preservation Act of 1980 (Section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Field Services Bureau and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6 NYCRR Part 617).

Daniel Bagrow of our archeology unit has reviewed the project and is requesting additional information for the archeological review. Please provide us with information documenting the existing depth of disturbance and also indicate the proposed depth of disturbance. If you have archeology questions, please contact Mr. Bagrow at 518-237-8643, ext. 3254.

We are also reviewing the project for its potential impact on the building because it is National Register listed. As we discussed at the conference call on December 20, we recommend that the new additions be visually submissive to the existing historic building and that the new construction be as reversible as possible. We appreciate the opportunity to consult very early in the project.

Please be sure to refer to the OPRHP Project Review (PR) number noted above when you respond and call me at 518-237-8643, ext. 3252 if you have questions.

Sincerely,

Sloane Bullough
Historic Preservation Specialist, Technical Unit

In order for us to complete our evaluation of the Archaeological sensitivity of your project will need the following additional information

- ☐ Full project description showing area of potential effect.
- ☐ Clear, original photographs of the project area from all directions, keyed to a site plan.
- ☐ Brief history of property.
- ☐ Clear, original photographs of the following:
- ☒ Other:
Please submit information documenting the existing depth of disturbance and also indicate the proposed depth of disturbance.
- ☐ Other:
- ☐ Complete Set of Engineering Plans
- ☐ The boundaries of the project area should be clearly delineated on a United States Geological Survey (USGS) Quadrangle, or New York State Department of Transportation (DOT) 7.5-minute (scale 1=24,000) map. Original scale should be used if photocopying and a label providing map title should be included. There are several "on-line" resources for these maps. Some examples include: terraserver. com and topozone.com.

Please provide only the additional information checked above. for archaeological review. If you have any questions concerning this request for additional information, please call Daniel A. Bagrow at 518-237-8643. ext 3254

Dear Mr. Gardner:

Thank you for requesting the comments of the Field Services Bureau of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the project in accordance with the New York State Historic Preservation Act of 1980 (Section 14.09 of the New York Parks, Recreation and Historic Preservation Law).

Based upon this review, it is the OPRHP's opinion that your project will have No Adverse Impact upon cultural resources in or eligible for inclusion in the State and National Register of Historic Places. Our determination is based on the condition that you continue to consult with this office on specifics regarding items identified as "worn finishes" and doors.

If I can be of any further assistance do not hesitate to contact me at (518) 237-8643, ext. 3263.

Sincerely,

John A. Bonafide
Historic Preservation Services
Coordinator

Buffalo, NY 14203

SED Project#: 26-16-00-0-111

In Accordance with the Memorandum of Agreement between the New York State Education Department (SED), and the New York State Office of Park's, Recreation, and Historic Preservation (OPRHP), this project is **exempt** from OPRHP review because of one of the following:

☒ The Building is less than 50 years old at the time of project initiation and it is not the work of a recognized Master Architect, Designer, or Builder, or associated with persons or events significant in the history of the State of New York,

☐ This Building is 50 years old or older but has previously been evaluated by OPRHP and found not to meet the criteria for inclusion in the State and National Register.

☐ The project work on this building falls under Appendix A of the MOA and has been designed in accordance with the MOA, and therefore the project will have little or no potential impact on the character of historic resources.

The undersigned licensed professional hereby certifies that the work of this project is exempt from OPRHP review for historic resources based on the above selection, and further, regardless of the above selection, that any portions of the project that include site work or ground disturbance, not in compliance with Appendix A, have been submitted to OPRHP for review of possible impacts to archeological resources.
