Parent Preference/Managed Choice Policy

Rochester City School District (RCSD) Board Policy #5153 Parent Preference/Managed Choice established three distinct attendance zones and allows students to apply only to those (elementary) schools within their zone, and to one citywide school. To ensure equitable access to schools in high demand, a student assignment algorithm is used to assign students to schools. A primary goal of the Parent Preference/Managed Choice Policy is to establish and maintain an equitable system for assigning students to school(s), providing a space at "home" schools for students that live in a designated zone, while also allowing students from outside the zone an opportunity to enroll at the school and minimizing student mobility, with the intent of supporting overall school improvement. Zones are determined by a student's home address.

Parent/Guardian Acknowledgement:

I, the parent/guardian of _____, acknowledge that my child may be assigned to a pre-kindergarten site/location that is not in my zone. I understand that, in accordance with Board Policy #5153, when my child transitions to kindergarten, I will need to participate in the school selection process to apply for my child's placement in a school within my home zone, or a citywide school through the school choice lottery process.

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.
I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.
