9/17 HW Check & Questions

Find JK. 2

Find BC. 6

Find SV. 41

Find XY. 21

Find DF. 135

Find ST. 22

The midpoint of a segment separates the segment into two congruent segments. In the figure, P is the midpoint of \overline{NQ} .

13. \overline{PQ} is congruent to \overline{NP} .

14. What is the value of x ? 4

15. Find NP , PQ , and NQ . $NP = PQ = 12, NQ = 24$

CCSS Standard:

Copy a Line Segment

1) What do we use a compass for?

2) How can we use a compass to copy segment AB?

3) Use the longer unmarked line segment below to copy line segment AB. Label the new line segment A'B'. This is read "A prime B prime" and is a way to show that the new segment is a copy of the original image.

CCSS Standard:

9/17 Practice

4) Make a copy of each segment below:

CCSS Standard:

9/17 Bisect Angles Lesson

5) How can we apply copying a segment to bisecting an angle?

6) The first step in bisecting an angle is to make an arc with the pivot point on the **vertex**:

7) In the diagram above, label the new intersections B and C.

8) Because we made an arc with a compass, what do we know about segments AB and AC?

CCSS Standard:

9/17 Bisect Angles Lesson

- 9) The second step in bisecting an angle is to make arcs of with the same radius measure from points B and C that intersect inside the angle. Complete this construction and label the new point formed by the intersection D.

- 10) What do we know about the distance from B to D and C to D?
- 11) This makes point D halfway between the sides of angle BAC. Connecting points A and D with a ray shows us ALL of the points that are halfway between the sides of the angle which makes ray AD the angle bisector for angle BAC.
- 12) Bisect the angles on the angle bisector sheet.

CCSS Standard:

9/17 Bisect Angles Practice

1. Bisect each angle below.

9/17 Bisect Angles Practice

1. Bisect each angle below.

9/17

Bisect Angles Practice

Worktime

Complete the angle maze by bisecting the first angle. Where the bisector hits a line segment, bisect one of the new angles until you reach the end.

END

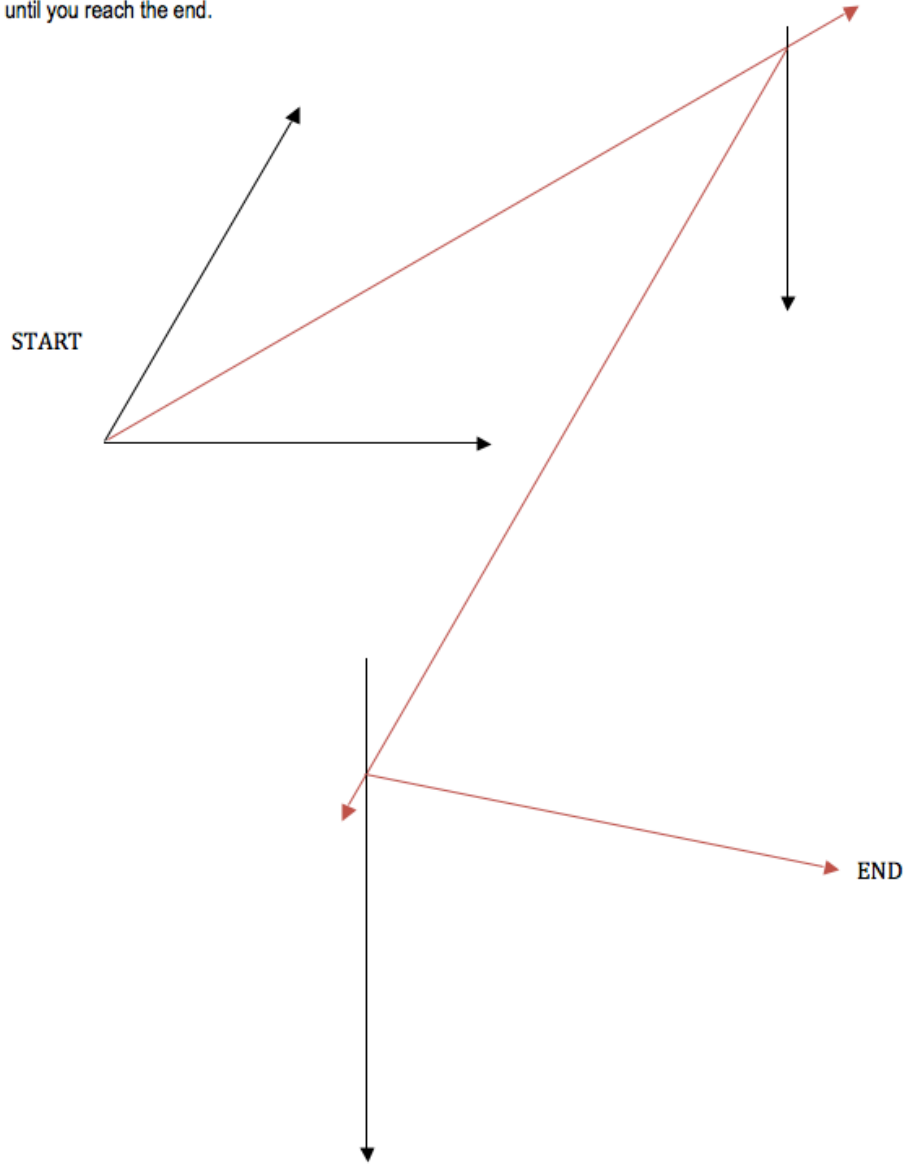

9/17

Bisect Angles Practice

Worktime: Bisect Angles **KEY**

Complete the angle maze by bisecting the first angle. Where the bisector hits a line segment, bisect one of the new angles until you reach the end.
