Things To Know

Daily attendance is very important! ☺

☺ Please make sure your children are in school every day to get the most of our last few months of school. ☺

** Important Request**

Please remember to call our school office each morning your child is absent from school to let us know of their absence. 585-266-0331

Reading to your child every day for just 20 minutes is extremely important. ☺ Vocabulary and language increase with every book read. Reading the same book is fine because repetition is great! Expanding your child's exposure to many different titles gives them a great advantage to expanding their vocabulary and language. You will be helping your child get ready for Kindergarten in many ways by reading to them each day. ☺

What We Are Learning

Life is popping in our Pre-K classroom in so many ways! Your children have grown since starting Pre-K in September and we are very proud of all of the growth in their learning they have shown us and continue to show us daily! We have so much life springing up in our classroom! 3 chicks have hatched, our 4 caterpillars have metamorphosed into their chrysalis and many seedlings have begun to sprout for our upcoming Flower City Kids Field Trip in June! ☺ Your children are caring and attentive to all of the new life in our classroom. ☺ We look forward to the excitement of our caterpillars hatching in a few weeks and the release of our beautiful monarchs! The continued growth of our baby chicks and learning to hold them and enjoy the closeness of our sweet chicks is especially exciting for your children! ☺ Through literature, song, movement, math and science your children have been learning about life cycles and the difference and similarities of the life cycles we studied: chicks; plants, frogs and butterflies.

Reminders

Please remember to tell us when you will pick up early so that we can have your children ready to leave.

Dress your children in layers for the weather and our classroom. Our classroom does get chilly at times – especially at Rest Time. Remember your child's blanket for Rest Time.

Important Date

May 20th Seneca Park Zoo

Field Trip 9:30am-2:00pm

q]['

May 30th No School
