Mini Bid – Large Ultra HD Displays

October 20, 2017

Introduction and purpose of the RFI

With this Mini Bid we request information regarding your company and your products/services. The same information will be gathered from different companies on the New York State Contract and will be used to determine with whom the Rochester Joint Schools Construction Board will utilize for the purchase of services, licenses and equipment off of the State Contract for Large Ultra HD Displays.

Scope

The Rochester Joint Schools Construction Board is overseeing the construction and renovation of multiple schools. A separate Bid has been issued for the cabling, installation and configuration of HD Displays for the Monroe High School Project. The purpose of this Mini Bid is to solicit information and pricing from the State Contract Holders for the best possible price related to the furnishing of the necessary Large Ultra HD Displays and wall mount bracket for the Monroe Project. We are asking for two pricing submissions. The first is for a 75" Ultra HD Display and the second is for an 80" Ultra HD Display. The decision on which monitor will be selected, (either the 75" or the 80",) is dependent upon whether the pricing received will be discounted sufficiently for the board to afford the purchase of the larger screen option. Vendors are required to propose both a 75" diagonal model and an 80" or greater model.

Mini Bid procedure

To answer this Mini Bid please submit a response addressing all of sections 1 through 10 beginning on Page 4 of this document.

Contact person listed below is available for assistance in case that is needed.

The answers to this Mini Bid will be evaluated to determine which Value Added reseller offers the best price, capability i.e., the best value to the Rochester Joint Schools Construction Board.

Background description of what is requested

The Rochester City School District (RCSD) is located in western New York State on the south shore of Lake Ontario and is bisected by the Genesee River. It has a city population of over 200,000 and a metropolitan population of over 700,000.

The RCSD serves approximately 32,000 students in pre-Kindergarten through grade 12 and an additional 15,000 adult students in continuing education programs. It operates 39 elementary schools, 13 secondary schools, one adult/family learning center, and several alternative education programs. RCSD currently employs approximately 6000 full-time employees.

The Rochester Joint Schools Construction Board ("Board") is a special-purpose entity created by New York State legislation to manage and oversee the Rochester Schools Modernization Program ("RSMP"). The Board operates in collaboration with the RCSD (a/k/a the "district") and the City of Rochester ("City"). The Board reserves the right to reject any and all bids received in response to this Mini-Bid when the Board determines it to be in its best interest of in the best interest of the RSCD or City.

Context

The district has made significant investments technology over the past several years. In an effort to ensure ubiquitous access to district resources the district is looking to upgrade the teacher presentation large screen monitors at the Monroe High School.

Statement of need

The Rochester Joint School Construction Board (RJSCB) will be purchasing equipment, licenses and other parts to furnish to the electrical contractors for installation between November 15, 2017 and December 31, 2017.

It is the expectation of the Rochester Joint Schools Construction Board that the pricing of the products requested as a part of this procurement will likely change and as such we are also requesting that the vendor submit the pricing as a percentage (%) off of MSRP. In addition, it is anticipated that the quality of the products may change between now and when additional equipment might be required, and as such the RJSCB requires that vendors include in the proposal the overall percentage off of MSRP.

Requirements

Vendors are required to be listed as a Value Added Reseller on a New York State contract. Vendors are required to have adequate staff and resources to meet the obligations of product fulfillment. All bidders are expected to conform to all minimal requirements as set forth in the New York State Office of General Services Contract "OGS". All other material requirements of the State Contract shall be deemed incorporated into this Mini-Bid unless expressly stated otherwise herein.

Qualifications

Vendor will work in conjunction with the owner as well as Manufacturer to review needs and assess new products. This may/will require assessment of design, submission of design and bill of materials for owner approval, ordering materials/products/components, coordination with cabling vendor for delivery of product for configuration, installation, testing and troubleshooting.

PROPOSAL RESPONSE FORMAT

It is imperative that all proposals respond to all the sections below. Please return 1 copy of your proposal by the date stated in the Timeframe listed above. Although responses can be submitted as late as 3:00 PM on November 2, 2017, the RJSCB encourages and allows vendors to submit a response earlier than the deadline.

1) Price Submission:

Please fill out the following form which includes some of the part's and products that the owner anticipates procuring from the value added reseller. It is anticipated that the vendor can give a significant discount off of MSRP for the RJSCB and beat the advertised State Contract pricing.
