July 1, 2019

To the Rochester Joint Schools Construction Board:

This is the third Monitor's Report (the "Report") under the April 26, 2019 Consulting Services Transfer Agreement between the Rochester Joint Schools Construction Board ("RJSCB") and Anchin, Block & Anchin LLP ("Anchin") by which Anchin is retained as the Independent Compliance Officer ("ICO") for the Rochester School Modernization Program ("RSMP"). This report is authored by Brian Sanvidge and others at Anchin and is based on information obtained by Anchin. In this report, we set forth various procedures performed and our findings as a result of those procedures.

#### Transfer of ICO Services

On April 26, 2019, Baker Tilly Virchow Krause, LLP ("BT") and Anchin entered into an agreement in which BT transferred the remainder of their contractual ICO services to Anchin. By the execution of the agreement, BT agreed to transfer all information and work papers to Anchin. BT has agreed to transfer the remainder of their contracted services as of this date and are no longer responsible for this contract.

#### Anchin's Role as ICO

Anchin has established an office in the RSMP headquarters to promote communication with the Project Manager ("PM") and provide efficient responses to issues raised by the PM or the RSMP workforce. Anchin continues to maintain a daily presence at the RSMP headquarters.

Anchin has also automated the contractor document submission process for a more accurate and efficient reporting system. We utilize an online document submission system, referred to as ShareFile. Anchin has also received access to BT's online document submission system, referred to as the GoFileRoom Portal, in order to allow Anchin to access all documentation previously received by BT. The ShareFile document submission system provides each Prime Contractor ("PC") with access to upload a copy of their monthly diversity documents, and to view an archive of their submissions. These monthly diversity documents to be submitted to Anchin for review include: DDP-3A, DDP-3, certified payroll transcripts, the monthly report and a copy of a check to the Rochester Careers in Construction Fund, and copies of checks written by the PC to eligible business entities ("EBE") sub-contractors together with the matching invoice. BT has included these items in a "Document Submission Checklist," which has been provided to all PCs, in an effort to assist them in following monthly compliance procedures. During April 2014, all PCs were forwarded electronic templates of the required forms and were encouraged to complete the documentation electronically. These templates have been further refined and are updated periodically to ensure optimal accuracy and efficiency in our data analysis.

The GoFileRoom Portal served as a digital inventory of all diversity paperwork and backup to the Monthly Compliance Report. Each document is itemized and details the PC, project name, sub-contractor, document name and date received. BT can, at the request of the RJSCB, produce a physical or digital inventory binder, organized by month, project or any other category. This system is designed so that the full inventory of archived diversity documents can be accessed electronically by the PM, the RJSCB, or any other party with approved access.

When uploaded, these documents are automatically electronically stamped with the date of receipt. Upon upload of the documents, Anchin is notified, prompting our analysts to review the documents and capture the data in a database used for our monthly reports to the RJSCB, as well as any Construction Manager. Such data includes:

- Reported contract and change order values incurred by the PC;
- Reported contract and change order values incurred by and paid to each sub-contractor;

- Reported percentage of contract value allocated to EBE contractors;
- PCs' and sub-contractors' reported hours worked by employees;
- A database of construction work hours performed, ensuring a proper calculation for the contractor's contribution to the Rochester Careers in Construction ("RCIC") Fund;
- A database of employee addresses, ensuring accurate depiction of Rochester resident participation in the RSMP construction workforce;
- Reported data from the approved DP-1 (EBE Utilization Plan) and the DDP-3A (Monthly EBE Utilization Report). This data collection facilitates the comparative analysis used to confirm the reported EBE status of each PC or sub-contractor;
- A chart tracking the status of all required documentation from each contractor for each project. This tracking system reports what documentation has been received and approved, documentation not yet received, and documents containing errors or omissions. In addition, Anchin captures responses from the PCs as to whether "*no work*" was performed by the sub-contractor; and
- Response status to e-mails and other forms of correspondence to contractors relative to the procurement of documentation not received or documentation that contains errors or missing support.

Anchin maintains open lines of communication with the PCs. Staff in Manhattan and Rochester address any compliance questions or concerns regularly. We continue to provide new contractors with instructions regarding the monthly compliance submissions and assistance with completing the required reports.

### Anchin's Action Plan

Anchin has and will continue to examine and monitor the implementation of the RSMP Diversity Plan. Through the online portal and various internal databases, we have recorded, reviewed and tracked contractor submissions for each of the Phase 1 school projects to include all submitted Forms DP-1, DP-2 (EBE Letter of Intent to Perform), DDP-3A, DDP-3 (Monthly Employment Utilization), certified payroll transcript, RCIC Fund Report and checks and copies of checks paid to EBE sub-contractors with the matching invoice. Contractors who have not provided a timely response to document requests issued by Anchin are notified regarding their delinquent

submissions. Anchin continues to work with the contractors to foster timely compliance with all required submissions.

To accomplish our objectives, we have incorporated the use of digital systems, analytical procedures, controls and processes, designed to ensure that compliance to the diversity goals are adhered to by the contractors who have been, or are in the process of being awarded contracts by the RJSCB. In view of the foregoing, Anchin will maintain the following procedures:

1. Prior to contract award, Anchin provides the RJSCB with a written approval report, including all supporting documents. Further, Anchin collects from the PC and submits complete DP-2 packets for each PC on each project to the RJSCB within 45 days of award.
2. In the event of a new contract award, Anchin provides a written approval report, including all supporting documents, showing that the EBE Certification is in compliance with requirements.
3. Furthermore, Anchin is taking measures to ensure that the current EBE sub-contractors are certified in the areas that they are engaged to perform with their PC.
4. Anchin will continue efforts to examine each DP-1 to verify it is within the scope of services identified in the Empire State database and will show the results of this examination in the written approval report. This report will include a listing of all EBE firms that are non-compliant with certification submissions. This information will be the basis for recommendations to the RJSCB for potential penalty assessment.
5. Anchin will continue efforts to evaluate the DP-1s and DP-2s for changes. Any changes will be presented by the ICO at the RJSCB MWBE Services and Procurement meeting.

6. Anchin will continue to collect and keep track of all DDP-3A forms which represent all change orders between PCs and sub-contractors. Anchin will also continue to collect copies of all sub-contracts from each PC as well as proof of payment.
7. Anchin collected and reviewed monthly data used to create a monthly analysis to determine if diversity workforce goals have been met. This analysis addresses specific issues on a case-by-case basis with the RJSCB and the contractors.
8. Upon completion of the review and analysis, Anchin will sign all of the correct or corrected diversity forms. Anchin has and will continue to communicate with the contractors and make attempts to rectify any compliance issues, such as outstanding documentation. Anchin will provide the RJSCB and the PM with the list of contractors that are not in compliance.
9. Further, we have been tasked with collecting and uploading the executed sub-contracts between each PC and their sub-contractors.

Anchin understands that the current responsibilities include both promoting and monitoring Phase 1 and 2 compliance. We are aware that the combination of these roles was the result of legislation and that future legislation could separate these responsibilities. We will continue our combined role, unless any changes in legislation direct otherwise.

### **Monitoring Team Staffing**

The work done under the monitoring engagement is performed primarily by Anchin. Our work includes document review, performing analyses, and conducting interviews of contractor personnel.

Anchin's team is led by Brian Sanvidge, CIG, CFE, whose biography was previously provided to the RJSCB. This role is principally to oversee the execution of the monitoring engagement,

conduct investigative interviews and design and supervise the implementation of data reporting procedures. The following individuals from Anchin have significant involvement in this project:

- Anthony Bracco, CPA/CFF, CFE, Partner in the Litigation, Forensic & Valuation Services (“LFVS”) group of Anchin
- Cecilia Chien, CPA, MBA, Manager in the LFVS group of Anchin
- Julie Fox, Supervisor in the Regulatory Compliance & Investigations (“RCI”) group of Anchin
- Jeffrey Wild, CFE, Supervisor in the RCI group of Anchin

### **May 2019 Phase 1 Compliance Report**

All of the figures presented in this report relate to submissions by contractors and sub-contractors for Phase 1 of the Rochester School Modernization Program. All submissions received by June 27, 2019 have been included.

#### **Analysis of Workforce for May 2019 Submission – Phase 1**

##### **Process and Procedures**

Each of the contractors and sub-contractors are required to submit form DDP-3 and corresponding certified payroll transcripts. DDP-3 summarizes the workforce breakdown in terms of race and gender. The aforementioned documents were uploaded to a web-based filing system, ShareFile. The system is a web-based portal, which safely and securely retains documents; essentially, a digital file room for uploading and downloading documents. Contractor file folders are created for each PC involved in the RSMP. All documentation received via the web portal is reviewed, approved and uploaded to the respective contractor file. This system allows the PCs to electronically submit the required documents in a manner that makes the document submission, review and publishing an efficient process. Each PC has access to their respective documents as well as those of their sub-contractors. The PM and the RJSCB have universal access to all document submissions from all contractors.

Our analysis includes a verification of the figures presented on form DDP-3 to the certified payroll transcript submitted, and a calculation of women and minority involvement in both work hours and workforce numbers. The analysis below is based on cumulative information received. As of June 27, 2019, no Phase 1 work was performed for the May 2019 reporting period. As part of a forensic analysis of Landon & Rian’s ICO data, BT collected and reviewed compliance documentation from the start of the program through December 2013. Approximately 97.91 percent of all data requested since the commencement of the project, (the period of April 2011 through May 2019) has been received and approved. A breakdown of monthly compliance percentages can be seen in **Exhibit 1**.

As many of the school projects move toward completion, we have seen a significant reduction in work hours performed and a reduction in document submissions. Anchin has reached out to the sub-contractors as a reminder of their obligation to provide Anchin notice of “*No Work Performed*,” if not on site during the current reporting period. Anchin continues efforts to aid contractors in meeting their compliance requirements.

Participation in Work Hours

A detailed diversity report summarizing the workforce participation of each contractor through the current reporting period has been included as **Exhibit 2**. The data presented below represents work hours completed in the month of May 2019 exclusively; work hour data received prior to the date of this report for work completed in prior months is presented in a separate table. (See page 10, “Analysis of Workforce to Date”). A complete breakdown of the findings summarized below can be found in **Exhibit 3**.

| WORKFORCE PARTICIPATION MAY 2019 WORK HOURS |      |       |

Analysis: In May 2019, no Phase 1 work was performed. As a result, there are no hours to compare against the goals for this reporting period.

**Analysis of Workforce to Date – Phase 1**

The chart listed below, “Comparison to Goals”, reflects overall work hours inclusive of work hours completed on Phase 1A, Phase 1B, Phase 1C and Phase 1D projects through the current reporting period, May 2019. These calculations are predicated on the forensic analysis of the RSMP work performed prior to January 2014, during which time Landon & Rian served as the ICO of RSMP.

| CATEGORY            | WORK HOURS THROUGH DECEMBER 2013 | WORK HOURS JANUARY 2014 – APRIL 2019 | ADJUSTMENTS / REVISIONS TO PRIOR REPORTS | PRIOR PERIOD SUBMISSIONS | MAY 2019 WORKHOURS | TOTAL WORK HOURS |

\*Note: Minority Women are included in the minority category only.

Analysis: Non-minority women and minority workforce participation goals in overall work hours have been met.

**Business Participation Utilization – Phase 1**

**Policies and Procedures**

Each of the PCs are required to submit Form DDP-3A which lists their current contract amount as well as the current contract amount of all sub-contractors that qualify as a Minority Business

Enterprise (“MBE”), Women Owned Business Enterprise (“WBE”), Small Business Enterprise (“SBE”) and Disadvantaged Business Enterprise (“DBE”). Our analysis includes calculation of the percentages of MBE, WBE, SBE and DBE contract amounts relative to the total contract amounts of all PCs for all projects. A complete breakdown of the findings summarized below can be found in **Exhibit 5**.

Goals

The Rochester School Modernization Program participation goals for Minority, Women, Disadvantaged and Small Business Enterprises are apportioned as follows:

- 15% Minority Business Enterprises
- 5% Women Business Enterprises
- 5% Small Business Enterprises
- 2% Disadvantaged Business Enterprises

| CERTIFICATION | RSMP PHASE 1 TOTAL CONTRACT VALUE | EBE TOTAL CONTRACT VALUE | ACTUAL PERCENTAGE | GOAL   |
|---------------|-----------------------------------|--------------------------|-------------------|--------|
| MBE           | 289,377,829                       | 45,557,397               | 15.74%            | 15.00% |
| WBE           | 289,377,829                       | 21,467,094               | 7.42%             | 5.00%  |
| SBE           | 289,377,829                       | 10,912,204               | 3.77%             | 5.00%  |
| DBE           | 289,377,829                       | 6,742,138                | 2.33%             | 2.00%  |

The MBE, WBE, and DBE business participation goals have been met for the current reporting period. The SBE business participation goal has not been met.

We have provided a breakdown of the payments which reflect the progress towards the EBE compliance goal for each contractor. We have included as **Exhibit 6**, an EBE participation report that presents the current contract allocation to EBE sub-contractors and the payment progress for each sub-contract. We will continue to track the contractor compliance to EBE goals through verification of the total amounts paid to EBE sub-contractors and analyze the reasonableness of reaching the EBE goal percentages with the time left to complete the project.

As part of our analysis, we also require PCs to submit proof of payments to their sub-contractors. This part of the confirmation process helps to ensure PC compliance with the EBE goals and furthermore, that the sub-contractor has been paid for certified services performed.

In addition, we periodically perform a comparative analysis of the reported original contracts and change orders listed on each contractor's DDP-3A with the RSMP's records of approved contracts, to confirm that the most accurate contract value is reported. We also made adjustments to our Eligible Business Entity Participation Report (**Exhibit 6**) to reflect a 50 percent reduction to the credit granted to a PC when the EBE sub-contractor's role is that of a certified supplier. As such, any sub-contractor listed in this report as "Supplier – EBE Certified" will have this reduction applied to their contract in the totals section of **Exhibit 6** for each EBE summary category. In cases where we determined that the sub-contractor's role is that of a supplier, but they are not certified as a supplier, they are listed in **Exhibit 6** as "Broker (Not EBE Certified as a Supplier)". In these cases, the PC will only receive a 25 percent credit of the actual contract/purchase order amount from that sub-contract.

### **Participation of Rochester Residents in Workforce – Phase 1**

The Rochester School Modernization Program workforce currently has no active members, and therefore, no Rochester residents.

As part of a forensic analysis of Landon & Rian's ICO data, BT collected and reviewed compliance documentation from the start of the program through December 2013. Using this data, BT expanded their analysis on the percentage of Rochester residents to include the full project history. We have included a chart (**Exhibit 7**) outlining the Rochester resident headcount as a percentage of the overall headcount for each month.

We note that Rochester residents represent an historical average of 27.06 percent of the overall worker headcount. The May 2019 reporting period percentage of workers who are Rochester residents is 0.00 percent, which is below the historical average. In addition, we have included below a line graph reflecting the historical trend of Rochester residents as a percentage of the monthly worker headcount.

**May 2019 Phase 2 Compliance Report**

As indicated in the introduction, this report is Anchin’s second to present Phase 2 compliance data. The data included in this report starts in January 2016, and predominantly reflects the involvement of professional services firms, construction service firms, and the Business Opportunity Program (“BOP”).

All of the figures presented in this report relate to submissions by contractors and sub-contractors for Phase 2 of the Rochester School Modernization Program. All submissions received by June 27, 2019 have been included.

**Analysis of Workforce for May 2019 Submission – Phase 2**

**Process and Procedures**

Each of the contractors and sub-contractors are required to submit form DP-3<sup>1</sup> and corresponding certified payroll transcripts. DP-3 summarizes the workforce breakdown in terms of race and gender. The aforementioned documents were uploaded to a web-based filing system, Huddle Workspace and ShareFile. These systems are web-based portals, which safely and securely retains documents; essentially, a digital file room for uploading and downloading documents. Contractor file folders are created for each PC involved in the RSMP. All documentation

<sup>1</sup> The Phase 2 diversity guidelines of the Rochester Schools Modernization Program refer to the workforce report as “DP-3,” whereas this has been called “DDP-3” during Phase 1.

received via the web portal is reviewed, approved and uploaded to the respective contractor file. This system allows the PCs to electronically submit the required documents in a manner that makes the document submission, review and publishing an efficient process. Each PC has access to their respective documents as well as those of their sub-contractors. The PM and the RJSCB have universal access to all document submissions from all contractors.

Our analysis includes a verification of the figures presented on form DP-3 to the certified payroll transcript submitted, and a calculation of women and minority involvement in both work hours and workforce numbers. The analysis below is based on cumulative information received. As of June 27, 2019, we have received approximately 90.00 percent of the requested document submissions through the May 2019 reporting period. Approximately 92.75 percent of all data requested since the commencement of the project, (the period of January 2016 through May 2019) has been received and approved. A breakdown of monthly compliance percentages can be seen in **Exhibit 8**.

Participation in Work Hours

A detailed diversity report summarizing the workforce participation of each contractor through the current reporting period has been included as **Exhibit 9**. The data presented below represents work hours completed in the month of May 2019. A complete breakdown of the findings summarized below can be found in **Exhibit 10**.

| WORKFORCE PARTICIPATION IN MAY 2019 WORK HOURS   |           |         |
|--|-----------|---------|
| Total Work Hours Performed by Women              | 3,073.40  | 10.73%  |
| Total Work Hours Performed by Men                | 25,570.67 | 89.27%  |
| Total Work Hours for all Workers                 | 28,644.07 | 100.00% |
| MINORITY PARTICIPATION IN MAY 2019 WORK HOURS    |           |         |
| Number of Work Hours Performed by Minority Women | 713.00    | 2.49%   |
| Number of Work Hours Performed by Minority Men   | 6,345.00  | 22.15%  |
| Total Minority Work Hours                        | 7,058.00  | 24.64%  |
| Caucasian Women Work Hours                       | 2,360.40  | 8.24%   |

\*Minority women includes women in sub-categories “Black”, “Hispanic”, “Asian or Pacific Islander”, and “American Indian or Alaskan Native”.

## Workforce Participation

The data on the following page summarizes the work force count in the month of May 2019. A complete breakdown of the findings summarized below can be found in **Exhibit 11**.

| WORKFORCE PARTICIPATION IN MAY 2019 WORKFORCE COUNT |     |         |
|---|-----|---------|
| Total Number of Female Workers                      | 48  | 9.50%   |
| Total Number of Male Workers                        | 457 | 90.50%  |
| Total Number of Workers                             | 505 | 100.00% |

| MINORITY PARTICIPATION IN MAY 2019 WORKFORCE COUNT |     |        |
|--|-----|--------|
| Number Minority Female Workers                     | 13  | 2.57%  |
| Number of Minority Male Workers                    | 102 | 20.20% |
| Total Number of Minorities in the Workforce        | 115 | 22.77% |
| Caucasian Women in the Workforce                   | 35  | 6.93%  |

### Comparison to Goals:

| COMPARISON TO GOALS MAY 2019 |                 |   |  |
|------------------------------|-----------------|---|--|
| CATEGORY                     | PERCENTAGE GOAL | WORKFORCE PARTICIPATION REALIZED (WORK HOURS) | WORKFORCE PARTICIPATION REALIZED (AVERAGE COUNT) |
| Minorities (Male and Female) | 22.00%          | 24.64%  | 22.77%   |
| Women (Non-Minority Only)    | 8.00%           | 8.24%   | 6.93%  |

\*Note: Minority Women are included in the minority category only.

Analysis: For the time period of May 2019, the minority category has met the participation goals for workforce participation for both workforce hours and workforce count. Additionally, the non-minority female participation has met the goal for workforce hours, but has not met the goal for workforce count.

### **Analysis of Workforce to Date – Phase 2**

The chart below, “Comparison to Goals”, reflects overall work hours inclusive of work hours completed on Phase 2 projects through the current reporting period, April 2019.

| CATEGORY            | WORK HOURS THROUGH APRIL 2019 | ADJUSTMENTS / REVISIONS TO PRIOR REPORTS | PRIOR PERIOD SUBMISSIONS | MAY 2019 WORKHOURS | TOTAL WORK HOURS |
|---------------------|-------------------------------|--|--------------------------|--------------------|------------------|
| Minority Work Hours | 256,998.94                    | -  | 1,756.50                 | 7,058.00           | 271,540.94       |
| Non-Minority Women  | 67,193.48                     | -  | 271.00                   | 2,360.40           | 70,815.88        |
| Non-Minority Male   | 661,994.94                    | -  | 6,354.50                 | 19,225.67          | 704,980.11       |
| Total Work Hours    | 986,177.36                    | -  | 8,382.00                 | 28,644.07          | 1,047,336.93     |

\*Minority includes sub-categories “Black”, “Hispanic”, “Asian or Pacific Islander”, and “American Indian or Alaskan Native”.

\*Note: Adjustments represent amendments to previously submitted and reported DP-3 forms.

Comparison to Goals:

| COMPARISON TO GOALS OVERALL WORK HOURS |                 |   |
|--|-----------------|---|
| CATEGORY                               | PERCENTAGE GOAL | WORKFORCE PARTICIPATION REALIZED (WORK HOURS) |
| Minorities (Male and Female)           | 22.00%          | 25.93%  |
| Women (Non-Minority Only)              | 8.00%           | 6.76%   |

\*Note: The participation totals rely on the accuracy of prior period reporting which have not been verified.

\*Note: Minority Women are included in the minority category only.

Analysis: Minority workforce participation has met the participation goal in overall work hours, but non-minority women workforce participation has not met the participation goal.

**Business Participation Utilization – Phase 2**

Policies and Procedures

Each of the PCs are required to submit Form DP-3A<sup>2</sup> which lists their current contract amount as well as the current contract amount of all sub-contractors that qualify as a Minority Business Enterprise (“MBE”), Women Owned Business Enterprise (“WBE”), Small Business Enterprise (“SBE”) and Disadvantaged Business Enterprise (“DBE”). Our analysis includes calculation of the percentages of MBE, WBE, SBE and DBE contract amounts relative to the total contract amounts of all PCs for all projects. A complete breakdown of the findings summarized below can be found in **Exhibit 12**.

<sup>2</sup> The Phase 2 diversity guidelines of the Rochester Schools Modernization Program refer to the workforce report as “DP-3A,” whereas this has been called “DDP-3A” during Phase 1.

## Goals

The Rochester School Modernization Program participation goals for Minority, Women, Disadvantaged and Small Business Enterprises are apportioned as follows:

|     |                                    |
|-----|------------------------------------|
| 17% | Minority Business Enterprises      |
| 10% | Women Business Enterprises         |
| 3%  | Small Business Enterprises         |
| 3%  | Disadvantaged Business Enterprises |

| CERTIFICATION | RSMP PHASE 2 TOTAL CONTRACT VALUE | EBE TOTAL CONTRACT VALUE | ACTUAL PERCENTAGE | GOAL   |
|---------------|-----------------------------------|--------------------------|-------------------|--------|
| MBE           | 224,599,756                       | 51,757,899               | 23.04%            | 17.00% |
| WBE           | 224,599,756                       | 25,662,642               | 11.43%            | 10.00% |
| SBE           | 224,599,756                       | 7,286,137                | 3.24%             | 3.00%  |
| DBE           | 224,599,756                       | 5,082,797                | 2.26%             | 3.00%  |

The MBE, WBE, and SBE business participation goals have been for the current reporting period. The DBE business participation goal has not been met.

We have included as **Exhibit 13**, an EBE participation report which presents the current contract allocation to EBE sub-contractors and the payment progress for each sub-contract. We will continue to track the contractor compliance to EBE goals through verification of the total amounts paid to EBE sub-contractors and analyze the reasonableness of reaching the EBE goal percentages with the time left to complete the project.

As part of our analysis, we also require PCs to submit proof of payments to their sub-contractors. This part of the confirmation process helps to ensure PC compliance with the EBE goals and furthermore, that the sub-contractor has been paid for certified services performed.

In addition, we periodically perform a comparative analysis of the reported original contracts and change orders listed on each contractor's DP-3A with the RSMP's records of approved contracts, to confirm that the most accurate contract value is reported. Also, we made adjustments to our Eligible Business Entity Participation Report (**Exhibit 13**) to reflect a 50 percent reduction to the credit granted to a PC when the EBE sub-contractor's role is that of a certified supplier. As such, any sub-contractor listed in this report as "Supplier – EBE Certified" will have this reduction applied to their contract in the totals section of **Exhibit 13** for each EBE summary category.

## **Participation of Rochester Residents in Workforce – Phase 2**

Currently, 104 Rochester residents are active in the Rochester School Modernization Project, which reflects 20.59 percent of the 505 members of the May 2019 workforce. Totals were calculated from the addresses provided on certified payroll transcripts submitted by the contractors. This data has been included in **Exhibit 14**.

### **Additional Matters**

During the month of May 2019, Anchin and Savin Engineers set up a call with an MBE subcontractor working on the RSMP. The MBE subcontractor had contacted the Program with concerns regarding their contract and relationship with their Prime Contractor. Upon reviewing their purchase orders and invoices on their project, it appeared their Prime Contractor had been ordering materials and equipment on the MBE subcontractor's account. Anchin has opened an investigation with concerns regarding the transparency of the Program's compliance goals. Anchin has instructed the MBE subcontractor to halt all ordering rights by their Prime Contractors on their accounts immediately. This continues to be an ongoing investigation.

As always, we remain available to discuss any aspect of this report or any additional areas in which you may have questions. Please do not hesitate to contact us.

Respectfully submitted,

Brian P. Sanvidge, CIG, CFE
