WHAT EVERY FAMILY MUST KNOW

Students will graduate from Edison Tech with a variety of academic, transferable and technical skills that will be applied to pathway work-based experiences in order to be fully prepared for both college and career. We want you to consider being part of the tradition and pride that comes with being a student at our school. We are committed to working collaboratively with our students and families to build positive relationships that will maximize the academic, social, emotional, and physical potential of all learners in the classroom and larger society.

SCHOOL FEATURES

- Students select a career interest and pursue training in one of our pathways, which include:

- Construction/Architecture/Design
- Engineering and Manufacturing
- Digital Media and Communications

Career pathways link academic rigor with transferrable and technical skills.

- Relevant hands-on instruction in labs, shops, and classrooms.
- Students will gain work experience at every grade level, including workplace visits, mentoring opportunities, internships, and work-based experiences.
- Graduates can earn industry credentials and college credits. P-TECH students will earn a two-year degree at no-charge along with their Edison diploma.
- Students can take an alternate assessment option in place of one Regents exam.
- Sports, music, clubs, and extra-curricular activities provide a well-rounded education.
