Quick Stuff

Resource

Pages show up here. Drag them to rearrange. Also use to steal from other comics.

Text boxes and title lettering

Page Set Up: Go to File - Menu -

Watch this button! It changes depending on what is highlighted.

Drag those to the Work Area. Use the Details button to customize.

Images

Drag your image into the panel. Double-click to move around. Use purple arrow to rotate. Use green boxes to resize. Use photos, clip art or scanned images. Hold down an option key to add a second image to a panel.
