BOARD OF EDUCATION PROFILES

VAN HENRI WHITE

Van Henri White is currently serving as the Board President. President White was first elected to the Board of Education in 2007. He was instrumental in drafting and enacting a Board Policy requiring the infusion of African/African American studies in the District's K-12 curriculum, the first such policy to be enacted in New York State. President White also drafted and ensured the enactment of the first of its kind "Responsible Bidder Policy," requiring contractors who have violated EEOC and Human Rights Laws to prove that they are in compliance with those laws before they receive additional funds from the District. President White has worked tirelessly at improving school safety, decreasing truancy rates, and attacking the problem of lead poisoning. He is an outspoken advocate for urban education, continuously working at reversing student dropout rates and increasing the District's graduation rates.

CYNTHIA ELLIOTT

Commissioner Elliott has a passion for Rochester's children and families who are economically and socially disadvantaged. She is committed to this population attaining self-sufficiency. Commissioner Elliott is Assistant to the Executive Director of Baden Street Settlement. She graduated from Monroe Community College, received her Bachelor's Degree from St. John Fisher, and two Master's Degrees, one from SUNY Brockport and the other from Fielding Graduate University. Commissioner Elliott is currently working on a Ph.D. in Human and Organizational Systems.

JUDITH DAVIS

Rev. Judith Davis was elected to the Board of Education in 2018. Commissioner Davis is an ordained minister under the Progressive National Baptist Convention and was ordained by Dr. Walker, Pastor of Christian Friendship. She is the Founder and Executive Director of At Liberty Ministries, Inc., a nonprofit organization established to build communities (especially

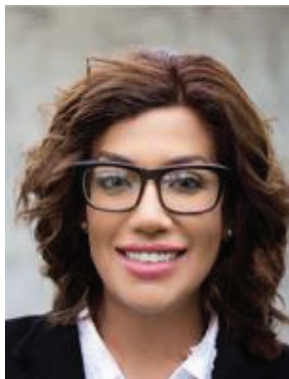

faith communities) that act as both care giver and prophet among populations impacted by institutional/structural racism. Commissioner Davis serves as the facilitator of Black and White Churches Addressing Institutional Racism which is now known as the Movement for Anti-racist Ministry and Action (MAMA). Commissioner Davis is also Supporting Clergy at Community of the Savior (CoS) in Rochester, New York and a member of CoS' Mission and Social Justice Committee. Commissioner Davis is currently employed as a Sr. Intellectual Property Specialist with a local corporation.

ELIZABETH HALLMARK

Dr. Elizabeth Hallmark joined the Board of Education in January 2016. Commissioner Hallmark is an educator and researcher. She earned her PhD in Education at the University of Rochester, her Masters in Dance Movement Therapy at Antioch New England, and her Bachelors in English from Mount Holyoke College. She has taught research methods, curriculum design, social foundations of education, writing, and adult learning to graduate students at area institutions including Nazareth, Roberts Wesleyan and the University of Rochester. She brings an educator's eye to the board and is passionate about improving instruction and learning in the district. Commissioner Hallmark was a teaching artist for over 20 years, working with children in more than a dozen area schools, designing professional development for K-12 teachers through the Aesthetic Education Institute, Empire State Partnerships, Young Audiences,

and Wolf Trap Early Learning through the Arts.

BEATRIZ LEBRON

Beatriz LeBron was appointed, and later elected, to the Board in 2018. Commissioner LeBron was born and raised in the Bronx and considers herself a true New Yo-Rican (New York Puerto Rican). She has three children, two graduates of RCSD and a first grader who attends at The Children's School No. 15. Commissioner LeBron works at Rochester Regional Health as a Community Health Worker and as the Coordinator for the Children's Leadership Training Institute. She is actively involved in the community and is the elected leader of the Democratic Committee's 25th Legislative District. Commissioner LeBron is passionate about serving others with a particular focus on disadvantage communities and works to ensure they have advocacy, linkages to resources and that they are provided support.

WILLA POWELL

Willa Powell is serving as the Vice President of the Board. Vice President Powell was first elected to

the Board of Education in 1997 and served a four-year term. She advanced policies strengthening parent involvement in the District and ensuring equitable school choice for all parents and students. She has long been an advocate for strong leadership in Rochester schools, accountability for performance, and support for student achievement.

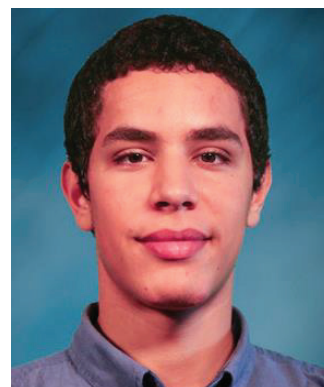

Commissioner Powell is a PTO member at School 23 and the School of the Arts, and has served as a PTSA officer at Nathaniel Rochester Community School and as a representative to the District Parent Council.

NATALIE SHEPPARD

Natalie Sheppard joined the Board in January 2018. She was born and raised in Rochester, NY. Commissioner Sheppard takes pride in doing her part in assisting with the improvement of her community. Her greatest strength is her ability to create and implement innovative solutions to identified problems. Her passion is working with youth and families. Commissioner Sheppard has her master's degree in Social Work and currently works for Children Awaiting Parents. She is also an adjunct professor at her alma mater, Roberts Wesleyan College and serves as an Advisory Council Member for Action for a Better Community's New Direction program. Working with children and families through these capacities have helped shape Natalie into the Youth and

Families' Advocate that she is today. Commissioner Sheppard currently lives in Rochester, NY with her daughter where she continues to support various community organizations and initiatives.

MALIK JAFF

Malik Jaff serves as the Student Representative to the Rochester Board of Education, serving as the voice of students in matters regarding the district. He attends the School Without Walls Commencement Academy and is President of Student Leadership Congress (SLC). SLC is an organization that brings students in grades 6-12 together once a month to talk about issues that concern them and to discuss what courses of action they can take to improve their schools and live.

Interim Superintendent of Schools

Daniel Lowengard

Dear Mayor Warren, President Scott, Vice-President Lightfoot and Councilmembers:

On May 7, 2019 The Rochester City School District's Board of Education adopted a budget of \$931,299,075 to fund the District's operations for the 2019-20 school year.

This year's Rochester City School District Budget continues to support programs, resources, and curriculum to serve students who seek to excel at the highest level. This budget supports our students with exceptional learning opportunities to further develop the hope, talent, and skills they possess. Five goals are the focus of this year's budget:

- Racial Equity
- Providing quality instruction and social emotional support to all students
- Reducing the structural deficit
- Implementing an action plan from the Distinguished Educator's Report
- Increasing graduation success rates

The District's 2019-20 budget closes a \$48 million budget gap through deliberate review and data analysis to identify efficiencies in the areas of human resources and operations. As a result, 295 full time equivalencies (FTE's) were reduced from the District's budget. Although there has been redesign in the way certain services are delivered to students, the District will continue to maintain the level of programs and services for children in grades Pre-K to 12. The budget gap was closed through cost reduction, increased State Aid revenue and the appropriation of Fund Balance.

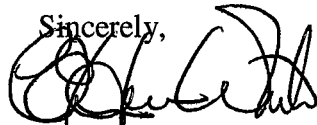

On May 6, 2019, the City sent a letter discussing the need for funding of community schools. As you will see outlined in this letter and the 2019 – 20 budget, the District continues to make community schools a priority.

Additionally, this year's budget continues to support:

- Meaningful Parent Engagement – The Parent Engagement Office will continue supporting community engagement and the Parent University.
- Student Agency and Access – We continue to expand opportunities for student voice and choice through student summits and expanding the District Student Leadership Congress.
- School Climate Transformation will continue to be driven into the fabric and culture of each and every school.
- Powerful Teaching and Learning – We continue working on curriculum expectations outlined by the State Education Department for the Next Generation Learning Standards.
- Employees as Empowered Partners – Hiring and recruiting the appropriate individuals that we need to serve our students is essential.

The proposed 2019-20 budget is fiscally balanced, provides educational opportunities and is based on input from stakeholders across the community and District. We appreciate the City's support for our budget, and the many other ways in which we collaborate to serve Rochester children and families.

Sincerely,

Van Henri White

Shanai Lee, Clerk of the Board of Education

Rochester City School District 2019-2020 Budget Executive Summary

The mission of the Rochester City School District is to provide a quality education that ensures students graduate with the skills to be successful in a democratic society and the global economy. This includes providing an environment that is safe and nurturing to students, where everyone should be proud to send their children to the Rochester City School District. All departments within the District are working diligently to build on the successes that have contributed to student achievement within the last year. The District accomplishes achievements by adhering to its foundational pillars, and it will continue to disrupt long-standing patterns of failure because students deserve a high-quality education that prepares them for careers and/or college.

The 2019-2020 Rochester City School District (RCSD) Budget provides the District's spending plan that highlights the four pillars of the District through a multi-tiered system of support that will:

- Promote the Well-Being of the Whole Child, Whole School, Whole Community
- Ensure Powerful Learning for Every Student
- Build Capacity to Ensure Comprehensive School Improvement
- Cultivate Understanding, Collaboration, Partnership and Advocacy for Equity and Justice for All.

The vision of the District is to reach every student by face and name, every school, every classroom, to and through graduation. This is a commitment to personalized learning by understanding every child, their family, their strengths and their needs, and building a system of schools that can respond to each child, so we ensure that every child can achieve grade level standards and on-time graduation.

Investing in Student and School Success: the 2019 – 2020 Budget reflects District priorities and stakeholder input, which together, addresses educational, fiscal, programmatic, and operational priorities. This investment in student and school success uses five priorities:

- (i) A focus on racial equity
- (ii) Providing quality instruction and social emotional support to all students
- (iii) Reducing the structural deficit
- (iv) Implementing an action plan from the Distinguished Educator's Report
- (v) Increasing graduation success rates

In total, the 2019-20 budget is \$931.3M, an increase of \$9.4M over the 2018-19 Amended Budget of \$921.9M. The budget is organized to meet the instructional needs of its projected 34,862 PreK-12 students: 25,273 K-12 students across 65 schools and programs, 3,488 Pre-K

students, as well as the 6,101 students in 14 charter schools¹. Of the District's 49 schools, 15 are in good standing, and 34 schools are in a lower accountability status: 21 schools are identified as Comprehensive Support and Improvement (CSI) schools and 13 schools are identified as Targeted Support and Improvement (TSI) Schools. Of the 21 schools identified as Comprehensive Support and Improvement (CSI), 14 of these are in Receivership. Thirty-six percent of the District's students attend one of these chronically low-performing schools.

The District's current student demographic makeup is as follows:

- 55% are Black/African American
- 31% are Hispanic/Latino
- 10% are White, and
- 4% are Asian and others.

Twenty-one percent (21%) of our students are classified as Students with Disabilities (SWD) and fourteen percent (14%) are English Language Learners (ELLs)². In addition to the funding provided to the 34,862 Prek-12 students identified above, the District also provides support in various ways to approximately:

- 2,480 students in 50 private and parochial schools through Federal Title funding³
- 841 students in Urban-Suburban⁴
- 4,337 individuals in adult education programs at OACES

The annual budget process begins in September each year, with the development of the budget calendar which includes dates for formulation, presentation, work sessions, public hearings, budget deliberations and adoption. The actual kick off begins in October each year.

The Superintendent, with assistance from the Executive Cabinet, Executive Directors, Principals and staff, prepares a preliminary budget in March each year, with a proposed budget in May. Many factors influence the proposed budget and include, but are not limited to, the District's goals and initiatives, economic conditions, student enrollment, students' needs, staffing needs, instructional and operational goals, technology, and school bus replacement schedules. Information is gathered through town hall meetings, the Parent Advisory Council, the Bilingual Education Council, the Special Education Parent Advisory Council, and other community stakeholders meetings. The Superintendent's Draft Budget was presented to the Board of Education in March, and was revised and adopted by the Board of Education in May of 2019.

The District's budget is supported primarily by State revenue as enacted by the Governor of

¹ Charter school enrollment projection -provided by the Finance Department.

² Subgroup breakdowns are based on 2018-19 BEDS Day enrollment data, pulled via NYSED Level 2 Reporting as of 4/24/2019.

³ Registrant counts for Private/Parochial schools -pulled via Title I, II, and IV eligibility through the Budget Dept.

⁴ Registrant counts for urban-suburban program – provided via Urban & Suburban program as of 4/24/2019.

New York, and by the continuation of prior year funding levels as provided by the City of Rochester. All other sources of revenue (federal, grants and other) are based on historical trends and current available information. The expenditure component of the Superintendent's proposed budget includes staffing, contracted services, materials, supplies, replacement equipment, utilities, vehicle fuel, and other operational expenses. Staffing costs are based on average salaries and projected benefits.

BUDGET HIGHLIGHTS

The District's 2019-20 budget closes a projected gap of roughly \$48 million through drastic reductions and eliminations across the board. These decisions were made after thoughtful engagement with the Deputy Superintendents, School Chiefs, other operational Chiefs, Executive Directors, Directors, Principals, and with the public's input. As a result, 295 full time equivalencies (FTE's) were reduced from the District's budget. Through a combination of state and federal funding and several other measures, the District has closed the budget gap. Of note, the goal of the District is to replenish Fund Balance rather than use it to balance its budget. There is only an \$8 million use of Fund Balance in the 2019 – 20 budget. Simply, the District must curtail its expenditures to the extent of its projected revenue. Below is the summarization of the District's revenue and expenditures:

	2017-2018 Actual	2018-2019 Adopted	2018-2019 Amended	2019-2020 Proposed	Year over Year Change

Revenue Highlights

Revenue for the 2019-20 school year increased by \$9,422,169 (1.0%), bringing the total District

budget to \$931,299,075. This budget includes a Fund Balance Appropriation of \$8,000,000, which is \$12,000,000 less than the amount used in the 2018-19 budget.

- New York State Aid increased by about \$28 million (4.5%) over the 2018-19 amended budget as a result of increases in Foundation Aid (\$13.0M), Special Services Aid (\$2.0M), Transportation Aid (\$6.3M), Building Aid (\$13.6M), and a reduction in Charter School Transitional Aid (-\$7.1M), with minor changes in other aides.
- City of Rochester funding remains at \$119,100,000
- Other Local Revenue decreased by about \$3.9 million (-26.2%), mainly due to a \$3.7 million projected decrease in the Rochester Joint School Construction Board Subsidies and Capitalized Interest
- Fund Balance Appropriation usage decreased by \$12 million over the prior year
- Grants & Special Aid Funds Revenue decreased by about -\$2.7 million (-2.3%) as a result of grants ending at the closing of the 2018-19 fiscal year. The District will be submitting applications for those grants that align with the District's goals. Due to the competitive nature of some of the grants, it is not prudent to include them in the revenue projections.
- School Food Service Fund Revenue is projected to increase by about \$0.2 million

Expenditure Highlights

- Review and analyze classroom teaching staff position allocation
- Redesign of Specialized Services to deliver services to students with disabilities (SWD)
- Redesign of the District's Alternative Programs to leverage services across the programs to provide the best possible service and support to our students
- Reduction in teacher hourly expenditures by utilizing more efficient ways of leveraging the work normally done outside of the regular day and combining different tasks to eliminate redundancy
- Elimination of Expanded Learning Time at one school
- Assessment and analysis on the use consulting services
- Manage teacher substitute cost relative to vacant positions
- Manage the use of substitutes through temporary agency
- Manage Health Care costs and usage through education and wellness program
- Gain operational efficiencies through management of resources including, but not limited to utility, supplies, and staff utilization.

DISTRICT PRIORITIES

A Focus on Racial Equity

Racial equity and leadership for social justice is imperative, and it is a priority for the District. The District provides a quality education to each and every one of its students, and ensures that all students see themselves in the curriculum.

The District has implemented pre-training for new employees. Staff are informed on implicit bias as well as a deep understanding of Rochester's cultural history and racial heritage. Staff members are also introduced to Dr. Joy DeGruy's relationship model of intervention, and they are updated on the Code of Conduct.

Providing quality instruction and social emotional support to all students

Providing high quality services and meeting all compliance regulations for Students with Disabilities is a high priority for the District. Funding is provided for Students with Disabilities through a federal entitlement grant associated with Individuals with Disabilities Education Act (IDEA). Rochester is currently classified as a District in need for intervention under IDEA and is required to implement a corrective action plan.

Providing support to Students with Disabilities (SWD) is critical to the success of this student population. The needs of these students continue to grow, the District is ensuring compliance with state and federal regulations/guidelines, and the cost of compliance continues to grow. The District has redesigned the Specialized Services department to improve the delivery of services to Students with Disabilities (SWD)

We have a variety of induction programs, Superintendent's Conference days, and a model where all new employees receive implicit bias training as a condition of their employment. We also have many schools that are involved in:

- Roc Restorative
- Victorious Minds Academy, a deeper relationship model among students, parents, family, and school.
- School attendance improvement
- Safe and healthy schools
- Expanded guidance and student advisory programs.

We will continue to maintain the level of Advanced Placement classes offered in the District and encourage students to enroll. We will ensure students have full and complete access and support to Advanced Placement courses and more rigorous and challenging curriculum.

Reducing the Structural Deficit

The District must reduce its structural deficit. In the coming year, the District has made a concerted effort to significantly reduce the money it spends from its reserve fund by 60% in order to balance the budget. The District must be deliberate and not spend more than the revenue it receives. Our plan to eliminate the structural budget gap was outlined in a report submitted to the board in November 2018 entitled *Investing in Student and School Success: Innovative Ideas for Reinvesting Resources in the Rochester City School District*. The report highlighted five areas of focus: Revenues/Expenditures/Legislation; District Footprint; Salaries and Benefits; Transportation; and Student Need.

Implementing an Action Plan from the Distinguished Educator's Report

In November 2018, the New York State Education Department released a report by Dr. Jaime Aquino, which details 84 recommendations to support and advance District improvements. The District has submitted a response, which includes a multi-year action plan to address the needs of the District. The NYS Commissioner of Education has submitted her response and comment and the District is making suggested revisions.

Increasing graduation success rates

While the District has achieved its highest graduation rate in more than a decade, more work is underway to ensure all students are crossing the finish line! The District's four-year graduation rate was 53.5% for June 2018 and 59.3% for August 2018. These are the highest percentages since at least 2005 when the State began tracking more rigorous accountability standards. We will continue to maintain our laser-like focus on meeting the needs of every student; we cannot afford to have one child slip through the cracks. It takes families, the community, and our schools working collaboratively to make sure our children succeed.

Career and Technical Education (CTE) continues to be a significant driver that contributes to the District graduation rate. We continue to introduce students to CTE at the 9th grade level and we've seen a positive response through course enrollment. We continue to modify our course offerings to ensure students are gaining the knowledge and skills necessary to be certificated in several job areas.

The District experienced an increase in August graduation rates from the previous year for all accountability sub-groups. This continues a trend of steady increase in graduation rates. Of note:

- 3.3% decrease in Dropouts, from 21.6% to 18.3%.
- 1.1% increase for Black students, from 58.6% to 59.7%.
- 1.9% increase for English Language Learners, from 24.8% to 26.7%.
- 3.4% increase for Hispanic students, from 51.6% to 55.0%.
- 5.3% increase for Students with Disabilities, from 36.4% to 41.7%.
- 6.7% increase for White students, from 60.6% to 67.3%.

Additional Initiatives

- Community Schools – Every school is expected to have a sound core instructional program, comprehensive student support services, and opportunities for students that extend beyond the school day and the classroom. The degree to which schools are able to expand those with rich community resources, additional medical and dental services, or additional support services are dependent on grants. All schools are expected to have

the core components of a community school.

- Meaningful Parent Engagement – The Parent Engagement Office will continue supporting community engagement and the Parent University.
- Student Agency and Access – We continue to expand opportunities for student voice and choice through student summits and expanding the District Student Leadership Congress.
- School Climate Transformation – School climate transformation will continue to be driven into the fabric and culture of each and every school in the following ways:
 - Mandatory professional learning dedicated to the transformation
 - Ongoing education for all employees
 - Strict implementation of the Code of Conduct
 - Implicit Bias Training
 - Restorative Practice training and implementation
 - Relationship Model of Intervention education
- Powerful Teaching and Learning –We continue working on curriculum expectations outlined by the State Education Department based on the Next Generation Learning Standards.
- Employees as Empowered Partners – Hiring and recruiting the appropriate individuals we need to serve our students is essential. Induction programs reflect our need to ensure that we have mandatory training on implicit bias as well as a deep understanding of Rochester’s cultural history and racial heritage.

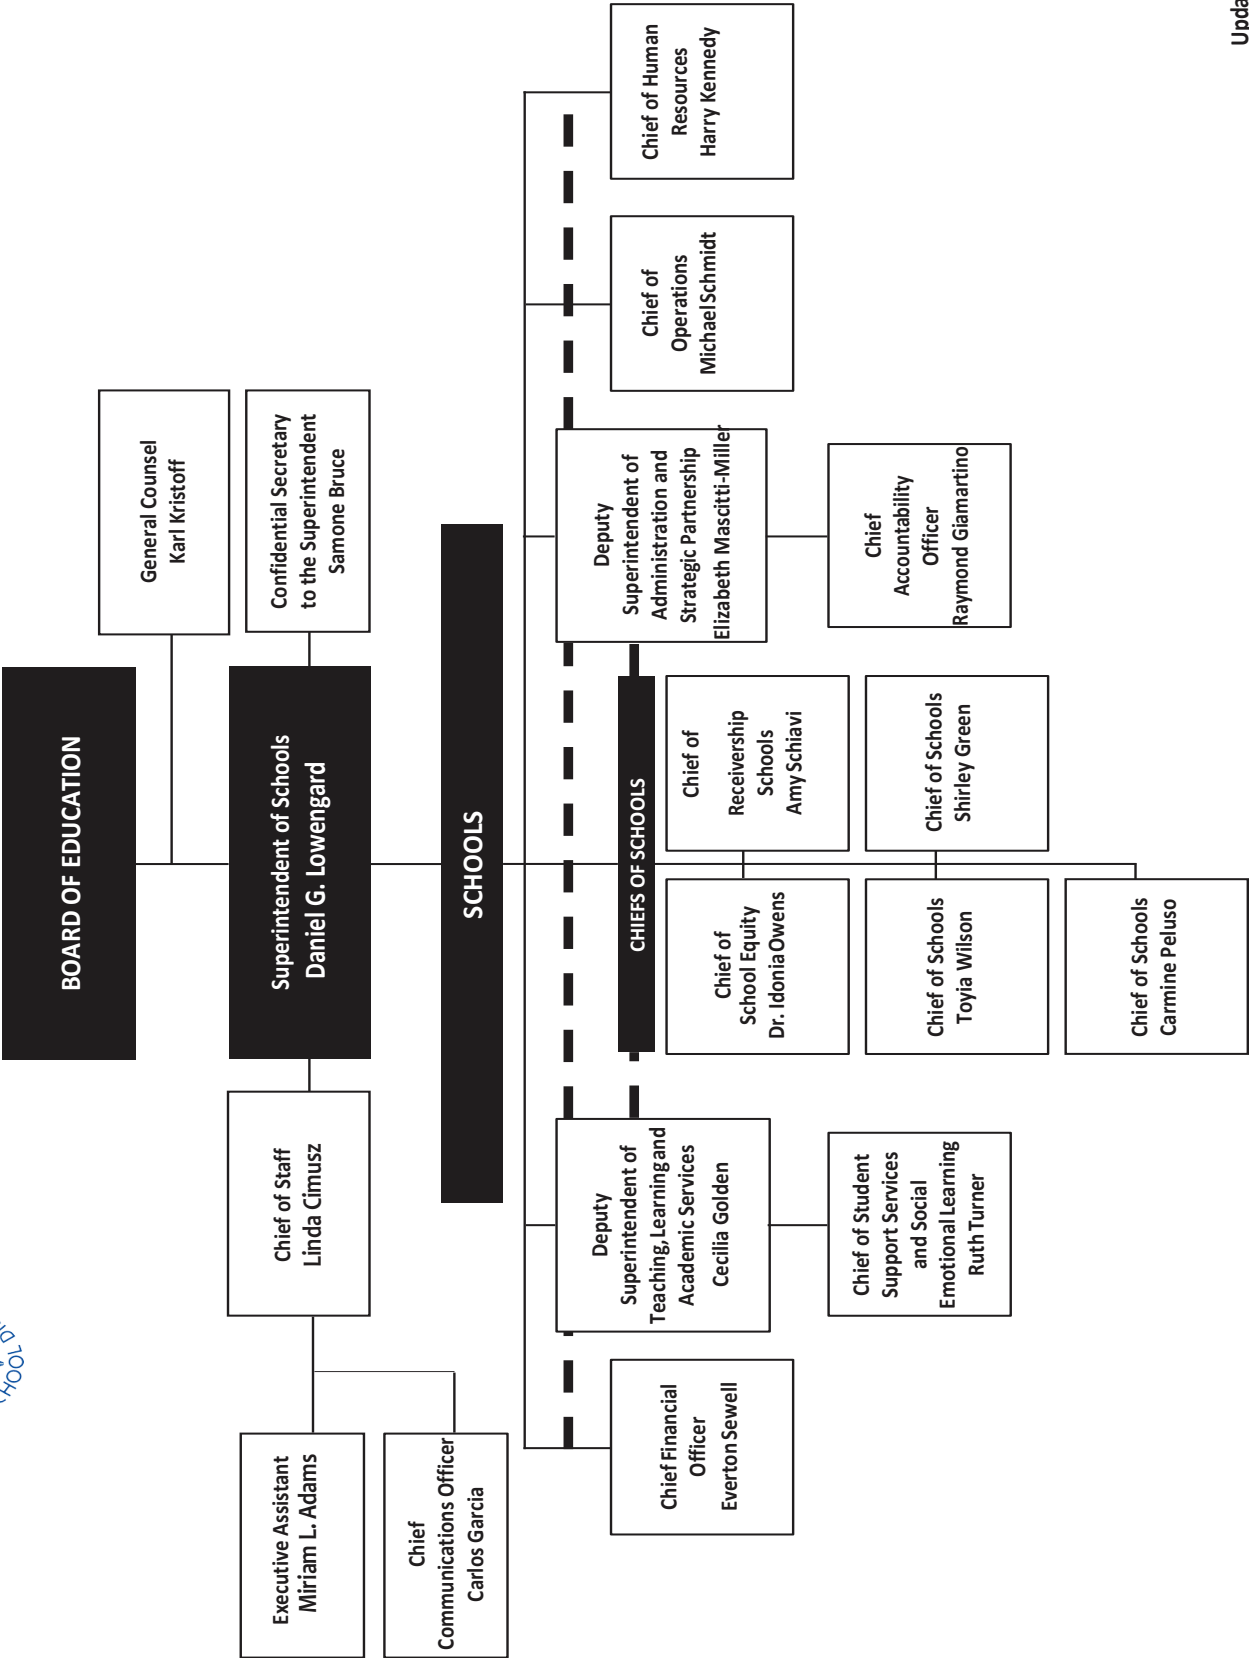

Additional Continuous Investments

- The Bilingual Academy
- A decreased demand and reliance on substitute teachers and other temporary staff
- Reduce reliance on outside consultant services as a long-term practice
- Flex staff schedules to reduce hourly pay and overtime
- Reorganization of special education for improved educational opportunities
- Collaboration with labor partners to manage health care costs and seek efficiencies through education, wellness programs, and service usage
- Provide professional development as extension of the school day; use creative models for embedded PD

In conclusion, while this budget has substantial cuts across the board, it is balanced and it supports students, classrooms, and schools. This proposal provides the resources needed to continue academic improvement, close opportunity gaps, prepare students for on-time graduation, and to be career and college ready. We deeply appreciate the support of public education and the Rochester City School District. We are fully aware of the needs of students, families, and the community as a whole. We’re using our resources and committed staff to serve children, families, and the community.

Rochester City School District - Office of the Superintendent

READING THE RCSD BUDGET BOOK

The Rochester City School District's Budget Book contains a wealth of financial and academic information. This book may be used as a resource book throughout the year. You will find that this year's presentation includes additional transparency into all departments to provide you, the reader, with a better understanding of the District's policies, plans, schools, programs, and overall operations. Our main focus continues to be the effective management of funding provided to the students and the schools and programs that support their development and success.

The financial information of the District is based on our fiscal year, which runs from July 1st through June 30th. Budget presentations include two fiscal years in some cases and three fiscal years in others. For the overall budget summaries, the actual totals from FY 2018 are listed along with the current year FY 2019 budget for comparative purposes. Any presentation of FY 2019 is based on the December 2018 amended budget and includes the most current information that will be carried forward to June 30, 2019. The proposed budget column is the projection for the fiscal year ending June 30, 2020. The numbers used for the budget are based on the most current information known by the District at the time of this presentation.

ORGANIZATION OF THE BOOK

The budget book is divided into sections in order to facilitate the reader's use. A Table of Contents provides a roadmap for the information.

SECTIONS 1 and 2: Introduction and Overview and Policies, Priorities and Plans, contain basic information concerning District operations as a whole. Documents explain the priorities of the district through the guidance of the Superintendent, an Executive Budget Summary, Mission and Vision, the District Action Plan, and Enrollment and Collective Bargaining overviews.

SECTION 3: The District-Wide Summary Budget provides information concerning all revenue sources as well as the breakdown of expenditures by major categories. In addition, this section includes a position summary and a multi-year projection. It is important to remember that the multi-year projection is made at a specific point in time. Projections are updated on a regular basis with information received from Federal and State sources, changes in contracts, and changes in purchasing trends.

SECTION 4: The School Budget section includes each school's financial information and staffing. The Budget page will include staffing breakdowns and proposed expenditures.

This section also includes divisions that directly support the schools. The divisions are Chiefs of Schools and School Support. School Support includes Food Service, Health Services, Transportation, and Tuition for Charter School and Special Education students. The two divisions will provide information concerning staffing, expenditures by major category, full departments, sub-departments, and locations.

SECTION 5: The Program Profiles and Budgets section presents goals, objectives and measures of achievement for programs within the District's Strategic Plan. The information presented in this section shows the cost of the program and is also included in the school and department budgets. Each program will include the number of students served, locations, program description, objectives, revenue sources, expenditures, related positions and costs per student. This information is used throughout the year in program evaluation.

READERS GUIDE, *CONTINUED*

SECTION 6: Administration Profiles and Budgets section contains budget information for administrative departments. The expenses in this section are not related to particular programs or schools, but must be budgeted for the operations of the District. Information provided will include a description of each department, staffing, and expenditures by major category. Within each major department there are sub-departments that will give further clarification of expenditures.

SECTION 7: East High School EPO section contains budget information for the administration and operations of East High School. The 2015-16 school year began a five-year agreement under which East High School will be managed by the University of Rochester as an Educational Partnership Organization (EPO); 2019-20 will be the fifth year under this partnership. Although still a District school, funded as part of the District budget, East has a separate administrative structure established by the University that reports directly to the Board of Education and manages all aspects of school operations, including staffing. For this reason its budget must be separate from the support profiles and budgets of schools managed by the District Superintendent and Administration.

SECTION 8: District-wide Profiles and Budgets section contains budget information for District-wide departments. The expenses in this section are not related to particular programs or schools, but must be budgeted for the operations of the District. Included are Debt Service, District-wide Non-Program Expenses, and Employee Benefits.

SECTIONS 6, 7 and 8: School Support Profiles and Budgets, Administration Profiles and Budgets, and District-wide Profiles and Budgets reference a 5-digit department code in the Management Financial Discussion and Analysis pages. The first three digits tell the physical location and the last two digits represent the different functions. Although the location is clear based on the description, the function is not self-explanatory. The chart below explains the functions.

SECTION 9: The Capital Improvement Plan which is comprised of the Capital Improvement Program and the Cash Capital Plan is a five-year financing strategy for the construction and reconstruction of facilities, the acquisition and replacement of vehicles and equipment, and the completion of other long-term capital projects.

SECTION 10: Appendices include additional information that will help you in understanding the Rochester City School District. Presentations and explanations of programs and departments are brief and meant to provide a concise overview of the area. Additional information may be found on our website or by contacting the District's Communications Department.

The budget is comprised of many sub-accounts that are not visible when viewing the summary categories. STANDING COMMITTEES RESOLUTION (No. 2018-19:551)

FINANCIAL ACCOUNTABILITY (6000)

School districts must establish internal controls to ensure accomplishment of goals and objectives; adherence to laws, regulations, policies, and good business practices; the efficacy and efficiency of operations; protection of assets; and maintenance of accurate, timely and reliable data.

The Rochester City School District's governance and control environment will include the following:

- a) The Code of Ethics (2160) addresses appropriate behavior and the avoidance of conflicts of interest by all District employees.
- b) Financial statements are to be prepared in accordance with generally accepted accounting principles and other principles as may be applied by governmental accounting standards and audited in accordance with generally accepted auditing standards by a certified public accounting firm.
- c) Corrective action plans in response to external audit reports, State and/or Federal audit reports, or other external reports requiring a corrective action plan will be provided to the Board.
- d) Establish required policies and procedures as guidance for District operations with timely updates in response to additional mandates from all applicable State and Federal laws and regulations.
- e) Review on a regular basis the financial reports specified in Financial Reports & Resolutions Policy (6630).
- f) Review the District's Capital Improvement Plan for long-term (5 years) capital project planning.
- g) Attend training programs required by New York State law for Board members, the Comptroller, treasurers, claims auditors, and others to ensure they better understand their duties and responsibilities and the data and other information provided to them.
- h) The oversight and operation of an Audit Committee, Internal Audit, and Claims Audit as required by New York State law in support of the Board's fiscal oversight responsibilities.
- i) Review of internal audit reports submitted to the Board to understand the adequacy of District information systems and the internal controls related to fiscal and programmatic systems and procedures.
- j) The maintenance and accountability to all policies described within this document.

BUDGET POLICY (6110)

As the Rochester City School District receives a great deal of its revenue from New York State, the timely completion of its budget process is integral to the orderly operation of the District's budget process.

The Board of Education believes one of its greatest responsibilities is to exercise financial oversight to ensure fiscal responsibility of the school district.

The Board of Education will annually approve a specific budget calendar developed by the Chief Financial Officer and recommended by the Superintendent in accordance with the attached Exhibit A.

The Superintendent and the administrative staff shall solicit the views of persons concerned with the budget to assist in its development. The superintendent shall ensure the participation of the Board of Education, staff, students and the community prior to compiling data, organizing the budget and presenting the budget to the Board.

The budget shall be designed to reflect the Board-approved goals and objectives and the District's strategic plan for the education of our students. The recommended budget will be presented to the Board on or about the first week in April. Efforts to solicit input from parents, the Rochester community and staff shall be disclosed at the Superintendent's initial budget presentation to the Board.

To assist in budget and long-range planning, ongoing evaluations of the District's educational programs will include estimates of the fiscal implications of each program, and the effectiveness of these programs over time. The Superintendent's proposed budget must include the most recent program evaluation results, which should determine continued funding for existing programs.

The Superintendent, in conjunction with the Chief Financial Officer, will develop a multiyear long-range plan, including plans for budget presentation in both a program-based and school unit format. It will be reviewed annually with the Board of Education as part of the budget process beginning with the 2006-2007 budget process.

The budget for the ensuing school year shall be thoroughly reviewed by the Board of Education in no less than two (2) Finance Committee Meetings of the Whole. Following this review, the Board will adopt a budget for the coming fiscal year in accordance with Policy 6130 for subsequent submission to the City of Rochester for inclusion in their budget submission to City Council.

Adopted 12/19/2002; Amended 3/17/2005 pursuant to Resolution No. 2004-2005: 656; Amended October 28, 2010 pursuant to Resolution No. 2010-11: 335.

BUDGET HEARING (6120)

The Board of Education will hold a public hearing on the Superintendent's proposed budget during the month of April. This hearing will be held at a facility designated by the Clerk to the Board. Those wishing to address the Board must sign up in advance with the Board office and will receive two (2) minutes to address the Board. Individuals will be subject to the District's Code of Conduct during the meeting. The purpose of this hearing is to provide the community with an opportunity to express their interests and concerns on the Superintendent's proposed budget to the Board prior to the Board's deliberations, final decisions, and subsequent adoption of the budget under which the District will operate for the following fiscal year.

Adopted December 19, 2002

BUDGET ADOPTION (6130)

The Board of Education will adopt the budget proposal for the coming fiscal year no less than ten days prior to the deadline for submission to the City of Rochester. Upon adoption, the Administration will transmit the approved budget document to City Hall for its inclusion in the City of Rochester's budget submission to City Council in accordance with statutory and regulatory requirements. The Board will participate in the City Council of Rochester's public hearing on the District's budget as set forth on the City Council calendar.

Adopted December 19, 2002 pursuant to Resolution No. 2002-03: 488; Amended October 28, 2010 pursuant to Resolution No. 2010-11: 336

FINANCIAL REPORTS & RESOLUTIONS (6630)

The Board of Education shall require the Superintendent (or designee) to make monthly financial reports on the status of the budget for each fund at its monthly Business Meeting as part of their report. These financial reports shall be provided to Finance Committee members prior to their submission to the full Board. Reports to be provided include:

- Monthly Cash Flow report beginning in September;
- Monthly Available Funds report beginning in September;
- Forecast of budget provided in December, February and April, and at other times as needed;
- Quarterly Student Activity Funds Reports;
- Quarterly Change Order Report.

The Superintendent (or designee) shall provide other financial statements as requested by the Board.

The Board of Education shall require the Chief Legal Counsel to provide quarterly reports on any contracts for goods and services issued under \$35,000. These reports shall include the name of the vendor, length of the contract, date contract was signed, amount of the contract, brief description of the services to be provided, and verification that the contract was reviewed by the Department of Law and executed by the Superintendent.

All budget, finance and information technology resolutions will go before the Finance Committee for their review and action before being submitted to the full Board of Education at a business or special meeting for its approval. This does not preclude the Finance Committee from reviewing other resolutions as deemed prudent and/or necessary.

Note: Policy added December 2002; Amended December 2003; Amended October 2004; Amended December 2004; Amended September 2010; and Amended March 24, 2011 pursuant to Resolution No. 2010-11: 568.

Board Meeting: December 20, 2018

Resolution No. 2018-19: 551

By Member of the Board Commissioner Funchess

Whereas, policy development and fiscal oversight are the primary responsibilities of the Board of Education of the Rochester City School District; and

Whereas, the Board has established several standing committees by amendment and adoption of the Board Bylaws, Policy No. 2300, along with ad hoc and special committees, to perform its primary responsibilities, consider strategic direction, review pending decisions, and provide general insight into matters of concern for the District; and

Whereas, the Board's standing committees, with the exception of the Audit Committee, meet monthly; and

Whereas, it is proposed that the Board suspend operations of its standing committees, with the exception of the Audit Committee, from January 2019 through June 2019 to increase productivity and proactive action of the Board and Superintendent's leadership team; therefore be it

Resolved that, the Board will suspend operations of the following standing committees of the Board: Policy Development and Review, Excellence in Student Achievement, Community and Intergovernmental Relations, Board Governance and Development, Finance and Resource Allocation, and Human Resources; and be it further

Resolved that, the Board will convene two monthly Regular Business Meetings as defined in the Board Bylaws, Policy No. 2300 for the purpose of accepting minutes of previous meetings, receiving oral and written reports of the District's superintendents highlighting the academic programming, achievement and challenges of the District's schools, considering resolutions, and addressing other matters of concern to the Board including those related to the advancement of student achievement and the recruitment and hiring practices of the District; and further be it

Resolved that, the Board will convene two monthly Board Special Meetings and/or Study Sessions as defined in the Board Bylaws, Policy No. 2300 for the purpose of reviewing and discussing policy proposals, legislative actions, governance and development matters, and other recommendations and proposals that may affect student achievement.

COLLECTIVE BARGAINING

Pursuant to New York’s Taylor Law (Public Employees’ Fair Employment Act, Civil Service Law, Article 14), all school district employees have certain organizational and representational rights. The law provides employees with the right to organize, to bargain collectively through representatives of their choosing with respect to wages, hours and other terms and conditions of employment, and to engage in lawful concerted activities that flow out of the right to organize. The Rochester City School District’s Office of Labor Relations represents the District’s Board of Education and Superintendent in collective bargaining with its employees.

Employees of the Rochester City School District are organized into five bargaining units. Managerial and confidential employees are not represented by the District’s bargaining units. These employees include those in the Superintendent’s Employee Group (SEG), the Board Employee Group (BEG), and the Exempt Employees Group (Exempt). The terms of employment for SEG and BEG employees are governed by the Rules and Regulations of the Superintendent’s Employee Group (SEG). The terms of employment for Exempt employees are governed by the Rules and Regulations of the Board of Education Relating to Exempt Employee Group. Also, there are a number of employees (predominantly part-time employees who work less than 20 hours) that are not collectively represented and who do not receive contractual benefits.

Collective Bargaining Units and Contracts

Contract Unit	Term of Contract	Current Status
Board of Education Non-Teaching Employees (BENTE)	7/1/17 through 6/30/21	Final CBA
Association of Supervisors and Administrators of Rochester (ASAR)	7/1/14 through 6/30/19	Under Negotiation
Rochester Association of Paraprofessionals (RAP)	7/1/17 through 6/30/21	Final CBA
Rochester Teachers Association (RTA)	7/1/14 through 6/30/19	Under Negotiation
Per-Diem Substitute Teachers Unit	7/1/17 through 6/30/20	Final CBA

Financial Impact

The District’s FY 2019-20 Budget provides for salary increases and step increases guided by collective bargaining agreements. All of the existing agreements that expire on 6/30/19 or prior are currently being negotiated with the various bargaining units.

The negotiated salary increase under the RTA contract is benchmarked to other school districts. The District and RTA continue to monitor the resolution of contracts in other Monroe County school districts to determine the appropriate increase. The following table presents a historic salary schedule overview.

DISTRICT - WIDE SUMMARY BUDGET 2019 - 20 PROPOSED BUDGET

REVENUE SUMMARY ANALYSIS	
STATE AID:	2019-20 Proposed Budget
FOUNDATION AID Foundation Aid is unrestricted aid to support the district's general operations such as salaries, benefits, utilities and other operating costs. Beginning in 2007-08, NYS combined a number of separate aid categories into Foundation Aid. These aid categories included: Public Excess Cost, Sound Basic Education, Extraordinary Needs, Limited English Proficiency and several categorical grants.	\$447,476,873
SPECIAL SERVICES AID This aid supports certain occupational, marketing and business programs, in grades 10-12 and for approved data processing expenses pursuant to Regulations of the Commissioner.	\$10,567,650
SPECIAL EDUCATION – PUBLIC HIGH COST AID Public High Cost Aid is provided for students with disabilities placed in public settings in the Rochester City School District and at BOCES. This aid is based upon approved costs, attendance and level of service.	\$9,135,889
SPECIAL EDUCATION – PRIVATE EXCESS COST AID Excess Cost Aid is provided for students with disabilities placed in private special education settings such as St. Joseph's Villa and Crestwood Children's Center. This aid is based upon approved costs, attendance and level of service.	\$10,022,267
TRANSPORTATION AID This aid provides up to 90% of the district's approved transportation expenses. Non-allowable expenses include: the transportation of non-handicapped pupils who live 1 1/2 miles or less from the school attended, and transportation for extra activities such as field trips, athletic trips, etc.	\$72,307,139
HARDWARE AND TECHNOLOGY AID Computer Hardware and Technology Equipment Aid provides funding for the purchase and lease of micro and/or mini computer equipment; technology equipment; repair of equipment for instructional purposes; and training and staff development for instructional purposes.	\$688,882
SOFTWARE, TEXTBOOK AID AND LIBRARY MATERIALS This aid provides funding for the purchase of computer software, textbooks and library material. The amount of aid is based on a per-pupil dollar amount.	\$2,691,291
CHARTER SCHOOL TRANSITIONAL AID This aid partially offsets the cost of tuition that the district must provide for students attending Charter Schools.	\$10,741,940
CHARTER SCHOOL SUPPLEMENTAL BASIC TUITION AID This aid partially offsets the cost of tuition that the district must provide for students attending Charter Schools.	\$6,058,000
BUILDING AID This aid supports expenses associated with the construction of new buildings, additions, and/or modifications of existing buildings. Building aid is provided for projects which have received prior approval from the State Education Department.	\$77,578,431
OTHER STATE REVENUES This category represents state funding that the local delegation in Albany has secured for the district. This category also contains aid for certain resident student placements including incarcerated youth detention centers.	\$4,280,000
STATE AID ADJUSTMENTS This category represents adjustments for prior year aid monies owed to the district, contingency for prior year aid claims owed to the State, and revenue to offset the district's debt service under the State's Prior Year Claims Financing Program. This category also contains aid deductions for certain resident student placements, including intermediate residential treatment programs, and State supported schools for the Blind and Deaf. The State assumes 100% of the tuition costs for these placements.	-\$1,210,320

DISTRICT - WIDE SUMMARY BUDGET 2019 - 20 PROPOSED BUDGET

REVENUE SUMMARY ANALYSIS	
CITY REVENUES:	
REVENUES FROM THE CITY The City of Rochester funding includes the State funded STAR program.	\$119,100,000
MEDICAID REVENUE The district receives partial reimbursement under Medicaid for support services provided to Medicaid eligible students with disabilities. The district receives a portion of the approved billable amount per service. The State recoups the remaining amount of federal Medicaid monies received by the district.	\$2,100,000
OTHER LOCAL REVENUES:	
NON-RESIDENT TUITION FROM OTHER DISTRICTS The district provides tutoring and other education services to non-resident students on a tuition/fee basis. The largest portion of these revenues is for tutoring services provided to non-resident students at several agencies in the area.	\$1,067,926
HEALTH SERVICES REVENUE The district provides health services to non-resident students attending private/parochial schools located within the district boundaries per NYS regulations. The district bills these costs back to the student's home districts.	\$1,750,740

DISTRICT - WIDE SUMMARY BUDGET 2019 - 20 PROPOSED BUDGET

GRANT NAME	DESCRIPTION
21ST CENTURY COMMUNITY LEARNING CENTERS <i>(Federal Funding)</i>	Funds from the 21st Century Community Learning Centers (21CCLC) grant are helping to provide diverse services to students and families at Schools #9 and #22. Students receive high quality academic instruction; families can access health, social, and career services; and communities can congregate and share resources to support children. Baden Street Settlement is the 21CCLC lead community partner and delivers support services to both students and families.
DISCONNECTED YOUTH <i>(Federal Funding)</i>	The Performance Partnership Pilot of the Disconnected Youth grant provides supports for disadvantaged youth ages 14-24 who face significant barriers on their path to the future. Youth Transition Coordinators from the Center for Youth provide integrated case management to connect these youth with educational and employment opportunities.
EMPIRE STATE AFTERSCHOOL PROGRAM <i>(State Funding)</i>	The Empire State Afterschool Program (ESAP) grant increases access to afterschool programs for RCSD families through a network of high quality out-of-school time programs for elementary and secondary students. ESAP delivery locations include Schools #12, #28, #35, #42, #50, Edison Career & Technical HS, Vanguard Collegiate HS, Wilson Commencement Academy, and the Rochester International Academy.
EMPLOYMENT PREPARATION EDUCATION <i>(State Funding)</i>	Employment Preparation Education (EPE) State Aid is used to provide services for adults 21 years and older who have not received a high school diploma or its equivalent. EPE funding supports adult education programs including high school equivalency diploma preparation, career education, and ESOL (English for Speakers of Other Languages).
ENCOMPASS: RESOURCES FOR LEARNING / RIY-E2 <i>(State Funding)</i>	EnCompass is one of several community partners that make up the network of providers for the Reinvesting in Youth - Educationally Enhanced (RIY-E2) program. RIY-E2 provides diverse supports to youth, ages 11-17, who are involved with law enforcement or the juvenile justice system. RIY-E2 prevents family court placements by fostering stability, building successful and positive relationships, promoting academic growth and success, and facilitating positive engagement with school and community. An RCSD Social Worker/Administrative Assistant supports delivery of RIY-E2. The costs for this Social Worker are shared between EnCompass and MCDHS.
EXTENDED LEARNING TIME <i>(State Funding)</i>	The Extended Learning Time grant provides funding to improve student outcomes by adding at least 25% more time to the standard academic calendar schedule. Schools #8, #22, #23, #46, RISE Community School, and the Leadership Academy for Young Men are participants in this grant project. These schools partner with community-based organizations to add 300 hours per year in Extended Learning Time for academic and enrichment activities.
EXTENDED SCHOOL DAY/SCHOOL VIOLENCE PREVENTION <i>(State Funding)</i>	RCSD's Extended School Day/School Violence Prevention (ESD/SVP) grants help to create schools that are safe and provide supportive learning environments where all students have access to the social-emotional supports needed to stay in school and graduate. RCSD has two ESD/SVP grants, one provides support to elementary schools, the other to secondary schools.
EXTENDED SCHOOL YEAR / SUMMER SPECIAL EDUCATION <i>(State Funding)</i>	Extended School Year (ESY) services are delivered in the summer and support Students with Disabilities as required under the Individuals with Disabilities Education Act (IDEA). ESY helps students maintain the academic, social/behavioral, and communication skills they have learned as part of their IEP. Students who have evidenced substantial regression and recoupment issues during the previous IEP (Individualized Education Program) year are eligible for ESY. The State reimburses RCSD for 80% of ESY program costs; the remaining 20% of costs are funded locally.

DISTRICT - WIDE SUMMARY BUDGET 2019 - 20 PROPOSED BUDGET

GRANT NAME	DESCRIPTION
GREATER ROCHESTER HEALTH FOUNDATION <i>(Local/Foundation Funding)</i>	The Greater Rochester Health Foundation awards grants to schools that help students develop healthy lifestyles through increased physical activity and good nutrition.
IMPACT AID <i>(Federal Funding)</i>	Impact Aid provides financial assistance to help reimburse school districts for tax revenue lost from federally connected students. RCSD's Impact Aid award is calculated from the number of students who live in federally subsidized, low-rent housing properties.
INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA) <ul style="list-style-type: none"> SUPPORT SERVICES (SECTION 611) PRESCHOOL SERVICES (SECTION 619) <i>(Federal Funding)</i>	The Individuals with Disabilities Education Act (IDEA) is a federal law that governs how states and public agencies provide early intervention, special education, and related services to children with disabilities. The purpose of IDEA is to provide Students With Disabilities a free, appropriate public education that prepares them for further education, employment, and independent living. These two grants provide funding to assist with the additional educational costs to the District for school-age children (Section 611) and pre-school children (Section 619). 15% of Section 619 preschool funding is set aside as required for non-disabled students. These funds are used to support prevention services, including trauma-informed practices.
LEARNING TECHNOLOGY GRANT <i>(State Funding)</i>	The Learning Technology Grant supports the District's digital transformation efforts by training teachers and administrators in effective use of classroom technology. Through a leveled, professional learning series, teachers learn how to integrate technology into daily instruction and create personalized learning environments that capture student interest. Administrators learn how to lead educational technology initiatives at their schools.
LIBRARY AID <ul style="list-style-type: none"> AUTOMATION OPERATING SUPPLEMENTAL <i>(State Funding)</i>	NYS Formula Aid for School Library Systems facilitates sharing of library resources between public and non-public school libraries. This aid supports automation and database building activities, along with operating costs such as inter-library loan, book delivery, and services for students with special needs. RCSD uses this aid for select library administration salaries and benefits, supplies, materials, system costs, and travel expenses that are related to library operation.
MCKINNEY-VENTO HOMELESS YOUTH <i>(Federal Funding)</i>	The McKinney-Vento Homeless Assistance Act addresses the challenges that homeless students encounter in enrolling, attending, and succeeding in school. States and school districts must ensure that homeless children and youth have equal access to the same free, appropriate public education as other children and youth, including a public preschool education. McKinney-Vento funding helps RCSD provide its students who are experiencing homelessness with the academic and social-emotional supports they need to meet New York State's challenging academic performance standards established for all students.
MENTOR TEACHER INTERNSHIP PROGRAM <i>(State Funding)</i>	The Mentor Teacher Internship Program provides opportunities for experienced mentors to work with beginning teachers to enhance their teaching skills. These productive and satisfying mentoring experiences are designed to increase the likelihood of beginning teachers remaining in the teaching profession.
MODEL P-20 PARTNERSHIP <i>(Federal Funding)</i>	The Model P-20 Partnership for Principal Preparation grant is helping RCSD prepare aspiring principals to take on the challenges of leading high-need schools and increasing student achievement. The District is collaborating with the Bank Street College of Education and the New York City Leadership Academy to design and deliver an in-District principal preparation program.
MONROE COUNTY / CAREERS PROGRAM <i>(Local/Foundation Funding)</i>	The CAREERS program, a collaboration with the Monroe County Department of Human Services, prepares individuals to meet workforce demands by offering training in various career fields. Students acquire new skills and have

	opportunities to earn industry-recognized credentials that can lead to employment and career advancement.
MONROE COUNTY DEPARTMENT OF HUMAN SERVICES / ADMINISTRATIVE SPECIALIST <i>(State Funding)</i>	An RCSD Social Worker/Administrative Specialist serves as the Education Liaison with the Monroe County Department of Human Services (MCDHS) to support students who are involved with the juvenile justice system and placed in Monroe County facilities. This Administrative Specialist ensures supports are in place to encourage success when youth transfer back into RCSD schools. The focus of this work is to reduce truancy and other school-related technical violations of probation. The costs for this Administrative Specialist/Social Worker are shared between MCDHS and EnCompass.
MY BROTHERS KEEPER / FAMILY & COMMUNITY ENGAGEMENT PROGRAM <i>(State Funding)</i>	The My Brother's Keeper Family and Community Engagement grant helps RCSD address the lingering issue of improving outcomes for boys and young men of color. Activities help to identify, communicate, and address the needs of Rochester's boys and young men. District-organized workshops help families with male children improve their parenting skills, and a specialized workshop supports single mothers of boys. Parents will identify other resources boys need, and the District will share these needs with the community to secure their support.
OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE (OTDA) / MAKING A CONNECTION ACADEMY <i>(Federal Funding)</i>	RCSD's Making A Connection (MAC) Academy program serves refugees ages 16-24 who are not enrolled in school. The goal of the MAC Academy is to provide participants with the resources, education, and networks necessary to achieve self-confidence and self-sufficiency. The MAC Academy prepares participants for transition to secure and unsubsidized employment and connects them to area services and community partners.
PATHWAYS TO TECHNOLOGY EARLY COLLEGE HIGH SCHOOL (P- TECH) <i>(Federal Funding)</i>	The Pathways to Technology Early College High School (P-TECH) program is a six-year program that combines high school, college, and career training. It is targeted to academically and economically at-risk students. P-TECH Rochester allows students to earn an associate degree in Computer Information Technology from Monroe Community College at no cost to families, and students have opportunities for internships with major Rochester companies. P-TECH Rochester is located on the Edison campus.
PERKINS IV CAREER AND TECHNICAL EDUCATION (CTE) / ADULT PROGRAMS <i>(Federal Funding)</i>	The Carl D. Perkins CTE Improvement Act provides grants to improve the quality of Career and Technical Education. RCSD uses its Perkins/Adult Program grant funds to support the OACES Culinary CAREERS CTE training, a full-day contextualized program that integrates a culinary skills curriculum with critical reading, writing, and math skills that are required for a high school equivalency diploma. Students in the program apply their learning in the real world through the operation of a student-run café on the OACES campus. Additionally, an industry-specific Advisory Board is laying the groundwork for critical educational and employment pathways and opportunities for students.
PERKINS IV CAREER AND TECHNICAL EDUCATION (CTE) / SECONDARY <i>(Federal Funding)</i>	The Carl D. Perkins CTE Improvement Act provides grants to improve the quality of Career and Technical Education. RCSD uses its Perkins/Secondary grant to support CTE programs in grades 7-12 districtwide. Rigorous academics are integrated with career and technical instruction and enable participating students to meet or exceed Perkins performance standards. Students are exposed to CTE at the middle school level, and high school programs link to postsecondary education to prepare students for high-skill, high-wage, high-demand occupations in current and emerging occupations.
PRESCHOOL SPECIAL EDUCATION • CPSE • EXTENDED SCHOOL YEAR (ESY)	Monroe County reimburses RCSD for many special education services delivered to preschool children. Reimbursement is provided at the NYS/county rate for the following: <ul style="list-style-type: none"> • Administration and other costs for the Committee on Preschool Special Education (CPSE)

PRIMARY PROJECT <i>and</i> PRIMARY PROJECT / WILSON FOUNDATION ACADEMY <i>(Local/Foundation Funding)</i>	The Primary Project is a nationally recognized, evidence-based program that helps children in pre-kindergarten through third grade adjust to school and increase their chances for school success. Child-led play opportunities and positive relationships with trusted adults help children reduce negative behaviors, gain confidence, develop social skills, and focus on learning. RCSD has two grants that support the Primary Project. One grant supports delivery in multiple schools, the other provides support specifically for delivery at the Wilson Foundation Academy.
SCHOOL FOR DEAF / STATE TUITION <i>(State Funding)</i>	RCSD receives reimbursement for the cost of tuition for Students With Disabilities who attend the Rochester School for the Deaf.
SCHOOL HEALTH SERVICES <i>(State Funding)</i>	The School Health Services grant provides financial support for school nurses who deliver mandated health services such as first aid, emergency services, student screenings, medication delivery, immunization compliance, contagious disease management, services to children with special health concerns, and documentation/State reporting.
TEACHER CENTERS <i>(State Funding)</i>	This grant supports operation of the Rochester Teacher Center. The Center provides teachers with systematic, ongoing professional learning opportunities and helps them acquire knowledge about students, teaching and learning, and the kinds of educational systems that promote positive and effective practices.
TEACHERS OF TOMORROW <i>(State Funding)</i>	This grant provides incentives to encourage teachers to come to RCSD and teach in a subject area that is experiencing a teacher shortage.
TITLE I OF THE ELEMENTARY AND SECONDARY EDUCATION ACT (ESSA) <ul style="list-style-type: none"> • PART A - Improving Basic Programs • PART D - Neglected & Delinquent Programs <i>(Federal Funding)</i>	The purpose of Title I of the Elementary and Secondary Education Act (ESSA) is to "ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments." RCSD's Title I, Part A school-wide programs deliver services to all students, focusing on students with the greatest need. Title I, Part D provides supplemental educational and transitional services to neglected and delinquent students living in residential facilities. All Title I expenditures must be supplemental and cannot supplant required services and materials.
TITLE I SCHOOL IMPROVEMENT GRANT SECTION 1003(g) <i>(Federal Funding)</i>	School Improvement Grants under Section 1003(g) of ESSA ("Big SIGs") provide financial assistance to the State's lowest achieving schools to raise student achievement and exit improvement status. Schools use funding to implement a whole-school change model and make significant gains in school-level achievement.
TITLE II, PART A OF THE ELEMENTARY AND SECONDARY EDUCATION ACT (ESSA) Supporting Effective Instruction <i>(Federal Funding)</i>	The purposes of Title II, Part A of ESSA are to: 1) increase student achievement through intensive, sustained, and high quality teacher and principals professional development; 2) increase the recruitment and retention of highly qualified teachers in classrooms and highly qualified principals and assistant principals in schools; and 3) ensure that highly qualified and experienced teachers are equitably distributed to high poverty and minority students across the State.

DISTRICT - WIDE SUMMARY BUDGET 2019 - 20 PROPOSED BUDGET

GRANT NAME	DESCRIPTION
TITLE III OF THE ELEMENTARY AND SECONDARY EDUCATION ACT (ESSA) English Language Learners <i>(Federal Funding)</i>	The purpose of Title III of ESSA is to ensure that students who are English Language Learners (ELLs) develop high levels of academic achievement and proficiency in the English language and to help them meet the same challenging State academic standards as all children are expected to meet.
TITLE IV OF THE ELEMENTARY AND SECONDARY EDUCATION ACT (ESSA) Student Support & Academic Enrichment <i>(Federal Funding)</i>	The purpose of Title IV of ESSA is to improve students' academic achievement by 1) providing all students with access to a well-rounded education, 2) improving school conditions for student learning, and 3) improving the use of technology in order to improve the academic achievement and digital literacy of all students.
UNIVERSAL PRE-KINDERGARTEN (UPK) <i>(State Funding)</i>	The Universal Pre-Kindergarten (UPK) grant supports full-day, pre-kindergarten programs for three- and four-year olds. UPK programs provide environments and experiences in socialization, early literacy, and motor skill development to all eligible children, including those with disabilities and children whose home language is other than English. Programs are delivered at RCSD sites and community-based organizations that are contracted and supervised by the District.
WORKFORCE INNOVATION & OPPORTUNITY ACT (WIOA), TITLE II / ADULT BASIC EDUCATION <i>(Federal Funding)</i>	The WIOA Adult Education Literacy program at OACES supports instruction in adult basic education, English for Speakers of Other Languages, and adult secondary education leading to a NYS high school equivalency diploma. The program helps adults become literate and obtain the knowledge and skills necessary for employment, retention of employment, and self-sufficiency. The program also assists adults in obtaining the educational skills necessary to become full partners in the educational development of their children, complete their own secondary school education, and assist them as they transition to postsecondary education or training.
WORKFORCE INNOVATION & OPPORTUNITY ACT (WIOA), TITLE II / INCARCERATED <i>(Federal Funding)</i>	The WIOA Incarcerated/Corrections program provides academic services for basic education, special education, English literacy, and secondary school credit programs for individuals who are likely to leave the correctional institution within five years of participation.
WORKFORCE INNOVATION & OPPORTUNITY ACT (WIOA), TITLE II / INTEGRATED ENGLISH LITERACY & CIVICS EDUCATION <i>(Federal Funding)</i>	The WIOA Integrated English Language and Civics Education program provides English literacy services in an integrated program of services that incorporates English literacy and civics education. The educational program helps students acquire the skills and knowledge to become active and informed parents, workers, and community members. It emphasizes contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and U.S. history and government.
WORKFORCE INNOVATION & OPPORTUNITY ACT (WIOA), TITLE II / LITERACY ZONE <ul style="list-style-type: none"> • NORTH • SOUTH • EAST • WEST <i>(Federal Funding)</i>	Literacy Zones and their Family Welcome Centers provide or refer out-of-school youth and adults to a variety of coordinated services and benefits. These services support adult participants who are receiving literacy services, including instruction, through a WIOA Title II adult education program.

Explanation of Changes to the Budget

The proposed 2019-20 Rochester City School District Budget is \$931.3M compare to the 2018-19 December Amended Budget of \$921.9M; this represents an increase of \$9.4M or 1.0%. The District revenue is comprised of \$650.4M (69.9%) in State Aid, \$119.1M (12.8%) in City Revenue, \$2.1M (0.2%) in Medicaid Revenue, \$11.0M (1.2%) in Other Local Revenue Sources, and \$8.0M (0.9%) of Appropriated Fund Balance for the General Fund, \$116.0M (12.5%) in Grants and Special Aid Fund, and \$24.7M (2.7%) in Food Service Revenue.

The overall budget increase of \$9.4M was funded by increases of \$14.3M in New York State Aid, \$13.5M in Building Aid, and \$0.2M in Food Service Revenue. These revenue increases were offset by reductions of -\$3.9M in other local revenue (Indirect Costs – Grants and RJSCB QSCB Subsidies and Capitalized Interest), -\$2.7M in the Grant and Special Aid Funds, and -\$12.0M from Fund Balance in the General Fund.

The District projects Total Salary and Other Compensation costs to decrease to \$336.8M from \$345.6M, this represents a decrease of about -\$8.8M or -0.03%. Decreases are attributable reductions to full-time equivalent (FTE) teaching, civil service, teaching assistants, paraprofessionals, and administrator positions. Contractual salary increases were incorporated in the budget for the five bargaining units based on the collective bargaining agreements. Other compensation increased by about \$17.9M (4.6%), while Employee Benefits increased by \$4.6M (2.8%) as a result of increase in health insurance usage.

Fixed Obligations with Variability is projected to increase by about \$11.6M to \$180.0M in 2019-20. Contract Transportation will increase by \$2.6M to \$69.2M as a result of busing route changes and fixed contractual rate increases. Charter School tuition costs will increase by \$8.0M to \$87.7M and Special Education School tuition costs will increase by \$0.6M to \$20.9M; this increase is attributable to projected enrollment growth of students in the Charter Schools for both General Education and Special Education students. Total of all other items showed a net increase of \$0.3M as a result of minor changes in each item.

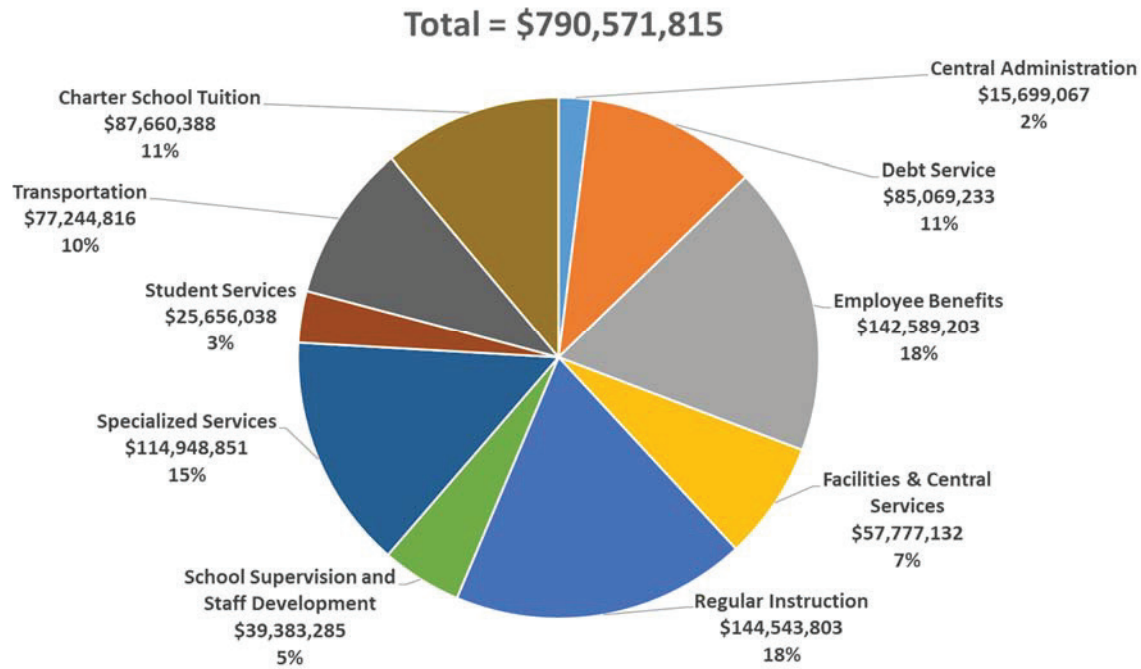

The Debt Service budget will increase by \$15.3M to \$85.0M to reflect changes in the District's debt schedule. This increase is driven largely by the impact of funding the Facilities Modernization Plan projects and upcoming bond payments.

Facilities and Related expenses as a whole will decrease by \$2.8M to \$41.4M. This is largely due to decreases of \$1.6M in Instructional Supplies and a total decrease of \$1.0M in Postage and Print/Advertising and Supplies and Materials. Utilities, Equipment Service Contracts and Repairs, Facilities Service Contracts, Maintenance Repair Supplies, Supplies and Materials, Custodial Supplies, and Office Supplies account for \$0.2M of the other decreases.

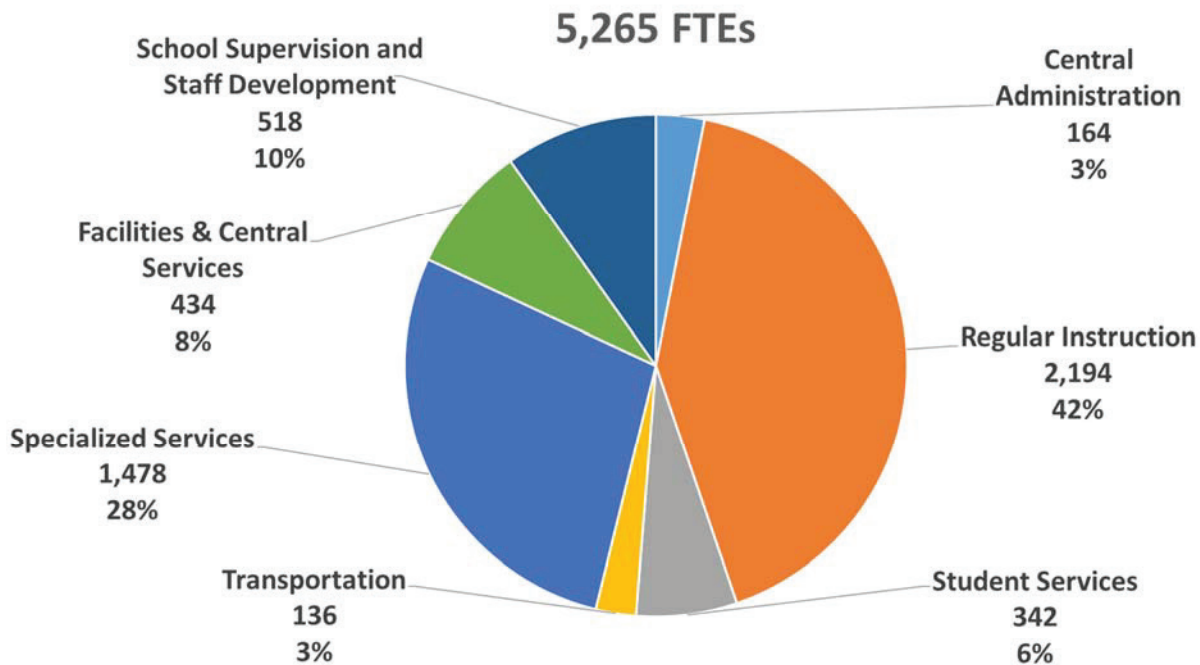

All Other Variable Expenses as a whole will decrease by \$1.4M to \$74.2M. This is largely due to decreases of \$1.0M in Professional Technical Service, \$0.6M in Agency Temporary Services, and \$0.5M in Indirect Costs Grants Miscellaneous Services and \$0.7M increases in Judgments and Claims, Professional Development, and BOCES Services.

2019-20 Proposed Budget General Fund Expenditures by Function

2019-20 Proposed General Fund FTEs by Function

MULTI-YEAR PROJECTION**OVERVIEW**

The multi-year projection represents a forecast of the District's revenue and expenditures for the next three fiscal years. The projections shown allow the District to begin the planning process to solve for anticipated future deficit years.

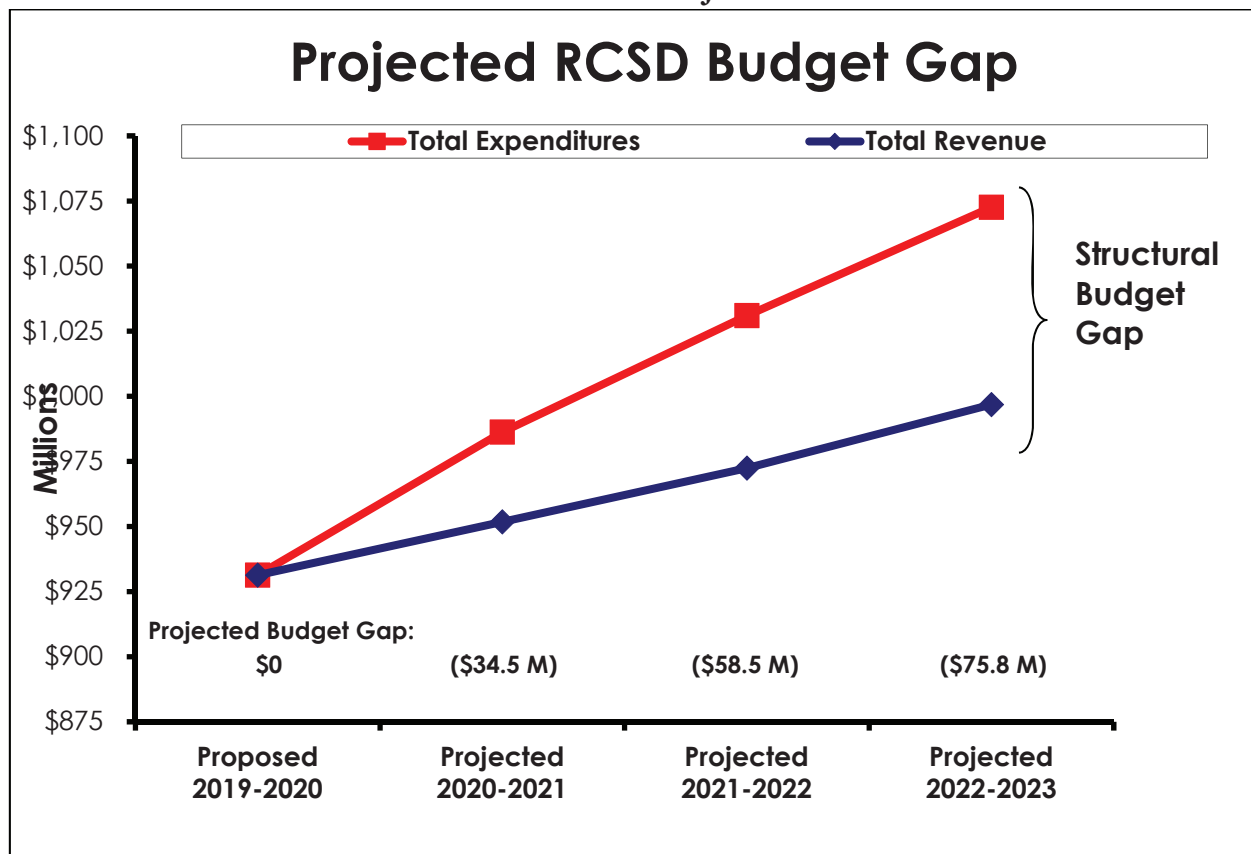

New York State educational funding, which accounts for 70% of revenue, is the primary factor determining revenue growth. As such, future revenue budget projections will be greatly influenced by the level of NYS Aid. Another important factor is grant funding. This analysis assumes a stable level of grant funding and anticipates the loss of competitive grants in future years. Closing future year budget gaps will require a commensurate reduction in expenditures funded by those grants or new grant revenue to sustain the activities and services. The District continuously pursues new grant opportunities to fund our academic priorities.

ASSUMPTIONS

Based on historical trend analysis and contractual commitments, the District utilizes the following annual rates of increase and other assumptions to develop the projections:

Assumptions	Projected 2020-2021	Projected 2021-2022	Projected 2022-2023
Revenues:

MULTI-YEAR PROJECTION

Closing the Deficit

Based on the multi-year projection assumptions, the District anticipates a deficit situation in future years due to rising expenses that outpace projected revenue increases. New York State law mandates that the District maintain a balanced budget. As such, the projected deficits for each year will be closed through actions taken in the budget process, and the projected budget gap for subsequent years will be reevaluated and revised each year.

Revenue

The Rochester City School District is a fiscally dependent school district and therefore cannot levy taxes. The District can impact revenue in the following ways:

- Lobbying state government officials to fully fund proposed Foundation Aid increases
- Lobbying state officials to increase other supports for education
- Lobbying local government officials to continue their support of the District's needs
- Searching for and securing additional grant funding

Expenses

The District continues to focus on automating operations, partnering with other government entities and businesses and cost-cutting initiatives such as:

- Working with our union partners to develop innovative cost-savings labor agreements
- Leveraging the Facilities Modernization Program to develop cost-efficient school structures
- Negotiating agreements to minimize health insurance and other contractual services costs

SCHOOL PROFILES AND BUDGETS 2019-20 PROPOSED BUDGET

Principal Camaron J. Clyburn

School 10
Dr. Walter Cooper Academy

Mission: Our mission is to engage our diverse student body in joyful, rigorous, meaningful, and fascinating learning experiences. We will use both traditional and technological tools, along with resources from our community, to inspire in our students an enduring and intrinsic drive for learning and service to others. Our students will work collaboratively, using creative and scientific thinking skills, technology, and positive habits of work and character. We will never give up in our quest to ensure that all students achieve. We will instill in them both perseverance and the sense of hope that will lead to success in secondary school. It is our ultimate goal to nurture life-long learners.

SCHOOL PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Principal T'Hani A. Pantoja

School 46
Charles Carroll

Mission: It is our mission to develop students who have a positive attitude toward learning and are committed to acquiring the skills necessary to become independent and responsible adults. Our students are provided with the necessary academic and social scaffolds so that they can learn, access information and apply knowledge in decision making and problem solving endeavors, both individually and cooperatively with others. We develop students who exhibit a strong sense of self and personal heritage, while acknowledging and appreciating cultural diversity and responsive citizenship.

SCHOOL PROFILES AND BUDGETS 2019-20 PROPOSED BUDGET

Principal Sheelarani P. Webster

School 58
World of Inquiry

Mission: World of Inquiry School #58 promotes inquiry based learning as our primary mode of instruction across the curriculum. We believe inquiry based learning is a dynamic approach, with the focus on a process that is interactive, experiential, and exploratory. It instills not only specific academic goals, but a personal framework for lifelong learning and the pursuit of knowledge. We also focus on our students' character development to ensure that our students become productive citizens. We expect all students to meet or exceed all State Standards and District Benchmarks. We are dedicated to academic excellence, innovation, creativity, inquiry, and discovery in partnership with Expeditionary Learning Schools.

SCHOOL PROFILES AND BUDGETS 2019-20 PROPOSED BUDGET

Principal Walter Larkin Jr.

School 95
Edison Educational Campus

Mission: Students enrolled in the Edison Campus will participate in integrated career pathways and shared-time technical programs that will prepare them for a job and postsecondary education. Pathways and programs include the construction trades, digital media, manufacturing/engineering, information technology, and automotive technology – with rigorous academic and technical coursework along with opportunities for work based learning and college credit. The Rochester Pathways to Technology Early College High School (PTECH) program is housed at the Edison Campus which gives students the opportunity to earn an Associate's Degree in Information Technology from Monroe Community College at no charge.

Principal Julie VanDerwater

School 67
Wilson Commencement Academy

Mission: Our mission is to use the International Baccalaureate (IB) philosophy to guide individual student success.

This means:

- Individualized high standards for all
- Multiple pathways towards graduation including career development, Regents, dual-credit, Advanced Placement (AP), and IB Diploma Program (DP) courses
- Infusing the IB philosophy into all of our courses
- Backward mapping DP courses to ensure future success
- An International mindset that will be at the forefront of our environmental pedagogy
- Utilizing the IB approaches to learning and learner profile in all courses to develop the whole child

Network Intensive Support Schools Management Financial Discussion and Analysis

Division/Department Overview: The School Chiefs provide supervision of the Principals to ensure the alignment and implementation of goals and objectives to District priorities and School Comprehensive Educational Plans. The School Chiefs' and Principals' responsibilities are to ensure the development of instructional and curriculum management systems relevant to the needs of students within the school setting, including the development of professional learning communities within each school designed to improve student achievement through research-based instructional practice and data-driven decision-making.

School 03
Nathaniel Rochester Community School

Mission: At Nathaniel Rochester Community School, we believe all students can learn. We also understand that students and adults learn at different rates and may need additional time, supports and interventions to achieve mastery. As a staff, we are committed to doing whatever it takes to ensure student academic and social emotional growth while providing equitable educational opportunities in a safe and nurturing learning environment for each child.

SCHOOL PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Principal Moniek Silas-Lee

School 19
Dr. Charles T. Lunsford

Mission: It is our mission to create a high quality, culturally relevant and supportive learning environment where we are inspired to become Lunsford Strong. The School 19 community will demonstrate our core values of kindness, leadership, and dedication. At School 19, students, families, school staff, and community members will work collaboratively to meet this goal. We will develop the knowledge, skills, and practices needed to have a positive impact on the world.

Early Childhood Management Financial Discussion and Analysis

Division/Department Overview: The Pre-K Program is a collaboration of District and community-based programs in RCSD elementary schools and community agencies. The program focus is on the development of children's literacy, math, and socialization skills to enable students to become lifelong learners. Students with disabilities receive itinerant and related services at all Pre-K Program sites.

Chief of Schools Management Financial Discussion and Analysis

Division/Department Overview: The Chiefs of Schools Department is a School Support area that contains the expenses for the School Chiefs and their staff along with the centralized funds, such as substitute costs and summer school. Substitute costs are allocated to the schools as they are incurred. Summer school funds are allocated to the summer school locations after they are determined. The Contingency Budget is also held in this area.

Food Service Management Financial Discussion and Analysis

Division/Department Overview: Food Service supports student achievement by providing healthy nutritious food which will help prepare our students for learning. The department administers the National School Lunch Program throughout the District. Approximately 17,000 breakfasts and 20,000 lunches are served daily. This program includes operational and support personnel, comprised of full and part-time employees. The elementary school food service program is operated through a centralized food production kitchen while the secondary food services personnel prepare meals on-site. All students qualify for free and reduced price meals under the Community Eligibility Option, which was implemented in 2012-13.

PROGRAM-BASED BUDGETING (PBB)

Program-Based Budgeting (PBB) is a program-based format that supplements the traditional narrative and financial information in the Budget Book. PBB links programs to the Board of Education's and Superintendent's goals and objectives and provides measures of achievement to evaluate the program in meeting the District's Strategic Plan. The PBB format used to present each program or group is organized into the following sections: Program Description, Program's Alignment with Rochester City School District Strategic Goals, Program Objectives, Program Measures, Financial Information, and FTE Summary.

Program Description provides a brief description of the program or group of related programs.

Program's Alignment with Rochester City School District Strategic Goals identifies one of the goals established in the District's Strategic Plan to ensure strong alignment between program objectives and the mission of the organization.

Program Objectives and Measures summarize the objectives and corresponding program measures. The objectives should be aligned with the Board of Education and Superintendent Goals, as well as student achievement and/or customer service outcomes whenever possible. The Program Measures section provides

quantifiable measures to facilitate a multiple year assessment of the program's value toward achieving its stated objectives. This section provides statistics that measure student achievement and/or customer service outcomes against stated program objectives. Due to limited space on the PBB form and a need for a uniform measure, only program results year-to-year or total grade/school results year-to-year are reported on the form. More detailed measures/metrics are provided through systematic year-end evaluation forms. Evaluation of programs is strengthened by relative comparisons to total District results and other comparable programs.

Financial Information goes beyond the traditional cost and FTE information provided in the current budget book format. It also lists program funding sources such as grants, local funds or user fees, as well as providing costs on a per-student or service basis. This additional financial information shows a program's net cost on a per-unit basis to provide a standard measure for comparison to other programs throughout the organization.

The programs included for presentation in the PBB format include:

All City High School	OACES –Equivalent Attendance
Bilingual Language & Literacy Academy	Rochester International Academy

Home Hospital Tutoring Program	Young Mothers & Interim Health Agency (YMIHA)

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	All City High		
Program Director:	Armando Ramirez	Chief:	Toyia Wilson
Program Category:	On Campus Alternative Education		
Number of students served 2018-19:	313		
Location:	2 Austin Street, Rochester, NY 14606		
Grade level(s) of students served:	Grade 10-12	Funding:	General Fund Special Aid Fund

Program Description:

All City High is a non-traditional program school that offers students in grades 10-12 between the ages of 17-21 years old an opportunity to get caught up on high school credits and in some cases accelerate graduation. Students are able to learn in a supportive educational environment with teachers and staff that are empathetic to student needs. Our supportive school counselors assess student's transcripts and develop individualized graduation plans, ensuring that students enroll in the classes they need to meet NYS graduation requirements.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and the global economy.

Program Objectives:

- Provide a safe learning environment in an alternative setting for overage and under credited students.
- Accelerate credit recovery for on-time graduation.

Program Category:	On Campus Alternative Education		
Number of students served 2018-19:		147	
Location:	30 Hart St. Rochester, NY 14605		
Grade level(s) of students served:	K-12	Funding:	General Fund Special Aid

Program Description:

The Bilingual Language and Literacy Academy will serve students from hurricane-affected areas in grades one through twelve. "Our instructional structure provides a bilingual teacher and paraprofessional in each academic group; they will provide instruction in both English and Spanish in the content areas according to the New York State Learning Standards to facilitate each student's academic success." As an integral part of the bilingual program, the District is providing a language-sheltered environment and home language supports for students in the academy. This language-sheltered environment is similar to a self-contained classroom, where new students will receive intensive literacy and numeracy instruction for a determined amount of time so they can obtain the language skills needed to succeed in a monolingual school with English as a New Language (ENL) support.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and the global economy.

Program Objectives:

- Meet the academic and social emotional needs of newly arrived Hispanic students to promote bi-literacy and bi-culturalism within the learning environment.
- Prepare students in the acquisition of language so that they can successfully transition to a comprehensive school.
- Provide a welcoming environment to help newly arrived Hispanic students and families become acclimated to a new culture.

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	Commencement Summer School		
Program Director:	Michael Chan	Chief:	Cecilia Golden
Program Category:	AIS / Response to Intervention		
Number of students served 2018-19:	2,800		
Location:	Various High School Campuses		
Grade level(s) of students served:	Grade 9-12	Funding:	General Fund Special Aid

Program Description:

The Commencement Summer School Program provides an opportunity for students in grades 9-12 who have failed a high school course to retake and pass the course during the summer, to take a Regents exam for the first time, retake and improve a previous Regents score or to take courses for credit recovery in order to graduate. It offers an opportunity for successful students to be promoted to the next grade level and an opportunity for eligible students to graduate in August. The summer program offers an opportunity for students to keep pace with their age appropriate peers and lessens the probability of dropping out of high school. The program is an intensive six-week program with strict rules for behavior, attendance, and participation.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and global economy.

Program Objectives:

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	Home Hospital Tutoring Program		
Program Director:	Vacant	Chief:	Cecilia Golden
Program Category:	Off Campus Alternative Education		
Number of students served 2018-19:	260		
Location:	Home, hospital, public locales		
Grade level(s) of students served:	All Grades	Funding:	General Fund Special Aid

Program Description:

Per NYS Commissioner's Regulations, Home/Hospital Tutoring provides continuity of academic instruction in core subjects to students who are homebound; unable to attend school, usually for reasons of illness, disability or discipline. Assignment to the program vary from ten days to one full year, depending on the severity of the medical condition or suspension. Home/Hospital teachers travel to various locations to meet the academic needs of District students and sometimes those of private and/or parochial school students (those with an IEP). Although a Home/Hospital teacher provides continuity of instruction for individual students, the student continues to remain directly connected to his/her home school. A review of all requests for Home/Hospital Tutoring must be made by the Program Administrator or a registered nurse to determine medical necessity.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and the global economy.

Program Objectives:

- 1) Provide at least 5 hours of instruction to homebound elementary students per week.
- 2) Provide at least 10 hours of instruction to homebound secondary students per week.

Program Name:	LyncX Academy		
Program Director:	Christopher Smith	Chief:	Cecilia Golden
Program Category:	On Campus Alternative Education		
Number of students served 2018-19:	200		
Location:	30 Hart Street		
Grade level(s) of students served:	Grade 7-12	Funding Source:	General Fund

Program Description:

The LyncX LTS Program serves students grades 7-12 who commit severe violations of the RCSD student code of conduct. Students will be provided with academics and with the social emotional tools they will need to return to their home school. The LyncX Academy will help students who are experiencing difficulty with school with any of the following areas: attendance, behavior and academic achievement. The Program is designed to provide an intense and supportive environment to enhance academic achievement, self-esteem, school attendance, life skills and social/emotional needs. The LyncX Academy is dedicated to providing all students with the educational framework necessary to succeed in school and life. The program ensures students are equipped with the knowledge and practical skills necessary to complete high school. One of the responsibilities of the LyncX Academy is to help students establish real world goals and objectives to sustain high academic achievement. It is our mission to provide a safe and supporting school climate and culture. LyncX seeks to educate the whole student.

Program's Alignment with Rochester City School District Strategic Goals:

Create a culture in which we hold ourselves accountable for student success.

Program Category:	Alternative School Program		
Number of students served 2018-19:	75		
Location:	30 Hart Street		
Grade level(s) of students served:	7-12	Funding Source:	General Fund Special Aid

Program Description:

NorthSTAR SELC is a therapeutic, mental health educational 8:1:2 program designed for students in 7th-12th grades with significant social and emotional mental health needs. Additionally, the program has expanded to include a 6:1:2 NYSAA classroom to support students in 9th-12th grades whose intellectual disability accompanied with social and emotional needs benefit from a more restrictive environment. Our transitional program prepares students to successfully re-engage into a traditional, comprehensive high school or specialized program in a less restrictive environment. NorthSTAR SELC offers students a safe learning environment designed to promote universal life skills, address students individual education plans (IEPs), their behavioral improvement plans (BIPs) and cultivate them for success in the community. NorthSTAR is an integrated setting with a maximum of eight students with a special education teacher, one teaching assistant, and one teacher aide (8:1+2). A C.A.S.E. is assigned to assist in the development and implementation of behavioral intervention plans and classroom management strategies and interventions. A standards based curriculum is used in conjunction with comprehensive mental health services that includes student and family counseling.

Program's Alignment with Rochester City School District Strategic Goals:

Create safe, engaging, and nurturing school environment to enable student success.

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	Special Education Extended School Year (ESY)		
Program Director:	Kisha Morgan	Chief:	Cecilia Golden
Program Category:	Special Education - Extended School Year		
Number of students served 2018-19:	425		
Location:	School #5, #45, BOCES, and various agencies		
Grade level(s) of students served:	K-12	Funding:	Special Aid, General Fund

Program Description:

The Special Education Extended School Year (ESY) Program is mandated by NYS Regulations of the Commissioner of Education (Part 200). The Committee on Special Education (CSE) determines a student's eligibility and services. ESY programs and services are provided to support the maintenance of skills for students who have severe disabilities and are likely to regress during the summer months. Skill information is received from home schools and IEP goals are evaluated again at the end of the summer program. Progress is reported to schools and families. This in-District ESY program supports elementary and secondary students in a 30-day full day program. Participation in the program is not mandatory. Student attendance and collaboration between school and families are important factors. A recent review of the program and the eligibility requirements has led to improved procedures, documentation, and instructional practices.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and global economy.

Program Objectives:

- 1) Maintain skills students mastered during the previous school year per IEP
- 2) Increase attendance rate

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	Young Mothers & Interim Health Academy (YMIHA)		
Program Director:	Anthony Robinson	Chief:	Cecilia Golden
Program Category:	Alternative School Programs		
Number of students served 2018-19:	30		
Location:	Young Mothers and Interim Health Academy		
Grade level(s) of students served:	Grade 7-12	Funding:	General Fund Special Aid

Program Description:

The Young Mothers and Interim Health Academy provides a safe, challenging, supportive, and student-centered educational setting for pregnant RCSD students and students who have exhibited school avoidance behaviors. In our Young Mother's Program, students are enrolled and participate in programs designed to support expectant mothers. We partner with the YWCA for Young Parent Support Services (YPSS); the March of Dimes for Prenatal Care at School (PAS); provide after school opportunities through Pathways to Success; and offer parenting classes within the school day. Students are returned to their home school at the end of the school year in which they have given birth. Our Interim Health Academy supports students who may need an alternative, therapeutic setting, due to Post Traumatic Stress Disorder, anxiety, depression, or other mental health needs. Students have the opportunity to stay for more than one year with the intent to successfully transition back into their home schools. Counseling is an integral part of the program and services are coordinated with other outside agencies. Life skills, problem solving, graduation, and career goals are addressed within the school day. The aim is to develop responsible, respectful, and self-motivated students with a focus on improving student performance in the areas of critical thinking and problem solving across subject areas.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and the global economy.

Program Category:	Off Campus Alternative Education		
Number of students served 2018-19:	1,250		
Location:	Off Campus Monroe County		
Grade level(s) of students served:	All Grades	Funding:	General Fund Special Aid
Program Description:			

The Agency Youth Program works primarily with juveniles placed through the Monroe County Office of Probation, Courts, Department of Health, and Human Services in order to secure or non-secure environments for the purpose of receiving intensive services. The program provides mandated educational services in a variety of facilities and hospitals. In addition, there are several educational programs not mandated that are provided as an alternative to juvenile youth. The goal of program is to educate the total student and ensure the student's time with Agency Youth Program brings them closer to academic credentialing and to decrease recidivism. Sites include the Monroe County Children's Center, Northhaven non-secure Detention Center, University of Rochester Strong Memorial Hospital, and New Beginnings. Full year and semester programming.

PROGRAM PROFILES AND BUDGETS 2019 - 20 PROPOSED BUDGET

Program Name:	Youth & Justice - Incarcerated Youth		
Program Director:	Michael A. Allen, II Stacy Watts	Chief:	Cecilia Golden
Program Category:	Off Campus Alternative Education		
Number of students served 2018-19:	685		
Location:	Monroe County Jail		
Grade level(s) of students served:	Grades 9-12	Funding:	General Fund Special Aid

Program Description:

The focus of the Monroe County Incarcerated Youth Programs is to maintain continuity of core course instruction with students in regular high school programs, and to provide instruction and administer the TASC Examination to students who have dropped out of Monroe County schools. The program provides students with literacy initiatives, as well as transition counseling. The Program partners with the County of Monroe to support jail programming and transitioning youth back into the community. Homelessness, continued education, health related concerns, drug use and abuse, gang violence, and individual concerns that students cite as barriers to success in the community are addressed individually, in groups, and in classrooms as appropriate. TASC Diploma earned refers to the percentage of eligible student candidates.

Program's Alignment with Rochester City School District Strategic Goals:

Ensure each student is academically prepared to succeed in college, life and global economy.

Program Objectives:

1) Increase the percent of youth receiving a New York State Certified TASC Diploma (NYS Average is 55%)

Board of Education Management Financial Discussion and Analysis

Division/Department Overview: The Board is responsible for educating the children of Rochester. The Board sets the strategic direction of the District through policy development and adoption, and provides oversight and direction to the District. The Board works with members of the local legislative delegation and lobbying organizations to ensure that the interests of the District are represented. The Office of Auditor General (OAG) and the Claims Auditor report directly to the Board in compliance with the Laws of New York. The OAG assists the Board with their oversight responsibility for audit, internal control, financial reporting, and compliance. The Claims Auditor assumes the powers and duties of the Board to ensure that only legitimate claims against the District are paid.

Superintendent Management Financial Discussion and Analysis

Division/Department Overview: The Superintendent of Schools leads the School District in fulfilling its primary mission: To provide a quality education that ensures every child is academically prepared to succeed in college, life and the global economy. The Office of the Superintendent is focused on five goals that support this mission, with metrics and targets to track progress. The goals are student achievement and growth; parental and family involvement; communication and customer service; effective and efficient allocation of resources; and management systems. The Superintendent has chief executive authority for all aspects of District operations and is accountable for achieving these goals.

Information Management and Technology Management Financial Discussion and Analysis

Division/Department Overview: Information Management & Technology (IM&T) provides the management and support for the District's network infrastructure, data and voice networks, as well as core enterprise application systems in the areas of student and business operations. In addition, technical guidance is provided for the planning and acquisition of all technology equipment in our schools/facilities. Software development, Helpdesk support, problem determination and resolution, training, customer service and preventive maintenance of systems software are core competencies of this Division. IM&T integrates closely with all key areas of the organization to ensure that District systems and processes can successfully support APPR, Common Core, State Requirements, as well as student and staff needs in the delivery of education to our students. In 2012-13, IM&T began the shift to digital learning; an area which is projected for continued growth in future years as we work to ensure that our students have access to high quality educational material delivered in a technologically-advanced environment.

Chief of Operations Management Financial Discussion and Analysis

Division/Department Overview: The Chief of Operations serves on the Superintendent's Cabinet and provides oversight and direction to operational functions in the areas of food service, facilities, safety and security, and student transportation. In partnership with the District Office and schools, the Chief of Operations provides leadership in developing, achieving, and maintaining the best possible services to support educational programs and students. Because Food Service and Transportation provide direct services to students, these departments are covered in the Schools section.

Facilities Management Financial Discussion and Analysis

Division/Department Overview: The Educational Facilities Department oversees the maintenance of District-owned buildings and grounds as well as the daily cleaning and custodial services for 49 school buildings, the Central Office, the Service Center, and two leased buildings. The Department also manages the utility usage for these departments and executes rental agreements. Finally, the Department optimizes the utilization of space to best serve our students and works with the Joint Schools Construction Board to implement the District's Facility Modernization Program. Please note that this report does not include positions or budgets in the Cash Capital Fund.

School Safety Management Financial Discussion and Analysis

Division/Department Overview: School Safety and Security is committed to the safety of our students, staff and visitors, the security of all district facilities, and creating safe school environments. The department collaborates with district staff and community partners to: reduce VADIR incidents (Violent and Disruptive Incident Reporting); and ensure district staff is prepared to plan for, respond to, and recover from critical incidents. School Safety supports the district's goals in creating safe, engaging and nurturing school environments that enable student success. Relevant training, professional development, data analysis, safety assessments, incident reviews, exploration, and enhancement opportunities show commitment to this initiative. The department conducts thorough and impartial internal investigations to ensure the integrity of the district and the professionalism demonstrated by district employees.

Finance Management Financial Discussion and Analysis

Division/Department Overview: The mission of the Rochester City School District Finance Department is to increase student achievement and educational excellence through responsible and sustainable management of the resources entrusted to the District. Finance, with oversight by the Chief Financial Officer, is responsible for collecting, managing and overseeing the District's financial operations including Accounting, Budget and Revenue, Financial Management and Grants, Payroll, Accounts Payable, and Procurement. The team works to communicate and develop business processes and procedures to comply with Board policies and law. Financial direction and support is given to the District in planning, developing and implementing strategies for immediate and long-range financial management, the District's annual budget, and grant development. The team is also responsible for processing payroll, financial reporting to government and funding agencies, the District's procurement, and recording and verification of payment for goods and services. Finance strives to maximize revenue and maintain cash flow.

General Counsel Management Financial Discussion and Analysis

Division/Department Overview: The General Counsel's mission is to advance the cause of urban education, render legal advice to the Superintendent of Schools, Board of Education and various departments, and zealously represent the District in matters relating to State and Federal laws, regulations and policies. The General Counsel serves as the District's advocate in legal and quasi-legal proceedings involving students, employees, governmental entities, and private citizens. The legal staff also provide counsel on a daily basis to school and District administrators.

Professional Learning Management Financial Discussion and Analysis

Division/Department Overview: The Office of Professional Learning is dedicated to the development of educators so they may gain the necessary skills and knowledge to provide high quality educational experiences for all students of the Rochester City School District. We strive to develop meaningful learning opportunities through collaborative learning experiences and embedded professional growth opportunities. Educators can then engage students in rigorous instructional activities evident in increased student understanding and achievement. Our work is aligned with the New York State Professional Development Standards and those of the National Staff Development Council. This alignment assures that we stay current with the latest research on professional learning and work collaboratively with leaders in the profession to improve our service. In working with our partners, reviewing student and teacher performance data, and taking direction from NYSED we have created an Office of Professional Learning dedicated to servicing the RCSD Community. It is our goal to provide a variety of information and resources to meet all of the professional development needs for teachers, principals, building team members, paraprofessionals, and grade level or department teams.

Student Support Services Management Financial Discussion and Analysis

Division/Department Overview: Student Support Services provides those legally required services that enable students to benefit from the instructional program, such as nursing, guidance, psychology, social work, and special education. Student Support Services consist of school counselors, school social workers, school psychologists, and other qualified professional personnel involved in providing assessment, diagnosis, counseling, educational, therapeutic, and other necessary services (including related services as that term is defined in section 602 of the Individuals with Disabilities Education Act) as part of a comprehensive program to meet student needs. Those staff are designated to protect the health and safety of all students in the District, including general education students, students with disabilities, pupils at risk, and students who are gifted. They are trained to evaluate factors that contribute to student difficulties with behavior and academic achievement.

East High School Educational Partnership Organization (EPO)

THIS PAGE LEFT INTENTIONALLY BLANK

The East High School Educational Partnership Organization (EPO) is an Agreement by and between the Board of Education of the Rochester City School District, and the University of Rochester, through its Warner School of Education to provide services at the District's East High School. The role of the EPO at East is to provide services in the role of superintendent consistent with Education Law §211-e, and with the objective to create and institute a comprehensive school intervention plan that will lead to marked increases in student achievement. The U of R has the capability to act as EPO for East with the objectives of raising student achievement through the institution of best practices following the New York State Education Department's Diagnostic Tool for School and District Effectiveness. The UofR has educational programs focused on tools and methods to improve the educational performance of students enrolled in low- performing schools. The New York State Education Department has approved the plan for East High School to operate under the supervision of the U of R as an Educational Partnership Organization beginning with the 2015-2016 academic year; this begins a five-year agreement. Although still a District school funded as part of the District budget, East will have a separate administrative structure established by the University that reports directly to the Board of Education and manages all aspects of school operations, including staffing. For this reason, its budget must be separate from the support profiles and budgets of schools managed by the Superintendent and District Administration. The East HS EPO section contains budget information for the Administration and Operations of East High School.

Key Elements of the Plan for East High School

East is transitioning into a comprehensive school with a robust set of services to support its diverse students. Entrance to East is by student choice, giving priority to students living in proximity to East and the neighborhoods surrounding the school. East offers a strong academic program and a full complement of athletic and extra-curricular activities that support and engage students. East is organized into two separate schools. The Lower School includes grades 6-8, and the Upper School houses Grades 9-12. Part of the Upper School, a separate Freshman Academy, serves first-time 9th graders. The addition of 6th grade provides students a jumpstart on developing the foundational skills and attitudes necessary for success in high school and positions students to earn more high school credits before entering 9th grade.

Scholars experience extended learning time every day through a longer 7.5-hour school day. Students in Grades 6-9 have increased instructional time devoted to math and literacy, supported by a high-quality and culturally-relevant curriculum. Students in grades 10-12 have additional opportunities to focus on college and career preparation, as well as on course recovery and small group remediation where needed.

The people working at East are “all in... all the time,” meaning that they direct their full professional efforts to helping to create a positive and successful educational experience for East’s students. East’s teachers and school leaders engage in teaching and learning as a collaborative experience. Every day, they work together planning lessons, assessing student progress, and sharing their practice. They are proactive in their advocacy for and service to students. The schedules and compensation of people working at East have been adjusted to facilitate this increased engagement with students and professional learning.

Social emotional learning takes place in what we call Family Group. Family Groups meet daily and consist of mentors (faculty, staff, and/or administrator) and a group of scholars from all grade levels with a focus on student voice, healthy habits and a sense of belonging. Curriculum for this includes 7-Habits of Successful Teens, leadership skills, study skills, community service, career readiness and other issues designed to support students’ emotional and social development and support academic achievement.

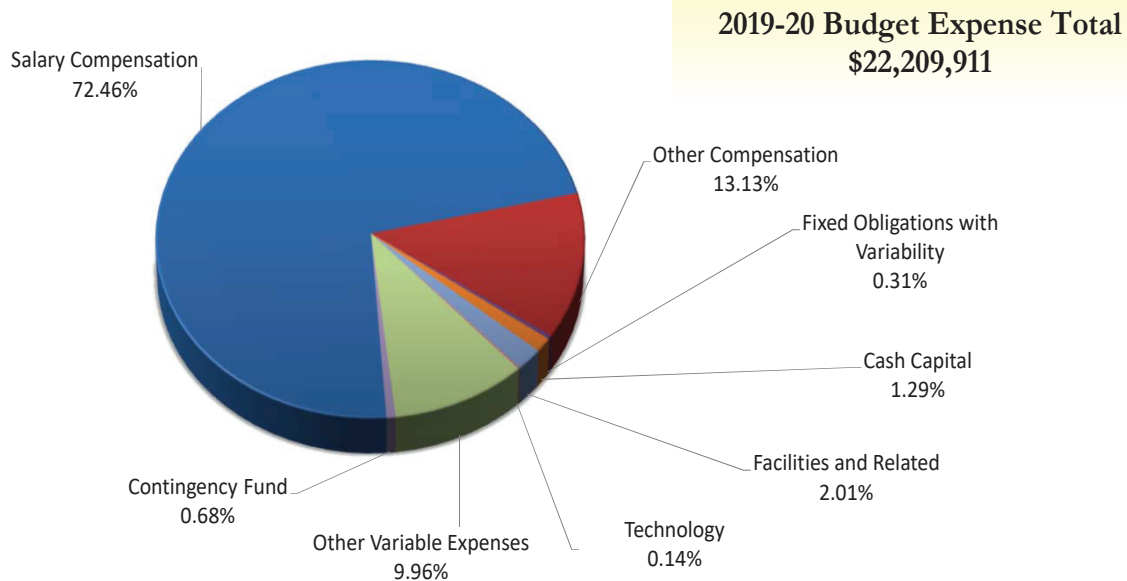

The East EPO supports a safe and healthy school environment for teachers, students, and their families, using a restorative practices approach, with the systematic support of counselors, social workers, and comprehensive health services. East uses an intentional model of engagement and relationship building that focuses on the strengths of students and families, creating meaningful opportunities for shared decision-making with youth, families, and other partners in the Rochester community. East offers a continuum of programs for English Language Learners, including integrated supports throughout the school program, as well as an enhanced language program for students whose home language is Spanish.

The transformation of East requires ongoing, embedded, and intensive professional learning for all school staff, and includes extensive summer work that continues throughout the academic year. It requires a commitment to common planning time for curriculum design, assessment and data analysis to inform instruction, planning, and professional learning.

The curriculum at East has been selected based upon research, with extensive input from East's teachers and University of Rochester faculty, building on successes in Rochester and across the country. At the Upper School, a comprehensive program offers a full range of classes leading to the Regents diploma, including career and technical pathways, as well as a range of AP and early-college courses.

At East we believe that every child needs to be both Career and College ready. East High School has a rich tradition of offering scholars access to career exploration. For over 16 years scholars have been able to explore careers in Teaching, Culinary, and Information Technology. Six years ago with the support of local optics companies, we added Vision Care and Optical Fabrication to our pathways. The EPO was committed to adding a Health Sciences pathway, so three years ago when they became an educational partner, they added the Biomedical Laboratory & Health Sciences pathway. Currently the Culinary, Information Technology and Vision Care pathways are state certified allowing scholars to work towards a CDOS Credential and seal on their diplomas. The remaining three pathways are in the process of applying to the state for certification as well. All of the CTE pathways were chosen specifically to fit the needs of our Greater Rochester community for qualified workers. These pathways offer scholars opportunity to obtain college credit, develop a strong core of hands-on technical skills from which to move into a variety of career areas, opportunities to visit worksites, participate in internships, and gain an inside look at the world of work.

Our mission is to prepare all students for a successful transition to adulthood. It is our vision to create, alongside students, families, teachers, staff, and community members, a comprehensive community high school where all children are welcome and served—one that will become a model for urban school reform. The people at East High will be “all in... all the time.” Everyone involved will direct their full professional efforts to helping create a positive and successful education experience for East’s students.

Debt Service

Management Financial Discussion and Analysis

The City of Rochester (“the City”), on behalf of the District, contracts indebtedness in accordance with terms outlined in the City’s Charter. The limitation of 9% for indebtedness, as set forth in Chapter 4 of Article VIII of the Constitution of the State of New York, is allocated by the City’s Charter on the basis of 5.5% for municipal indebtedness as determined by City Council and 3.5% for indebtedness for educational purposes as determined by the Board of Education.

The District utilizes the Debt Service Fund to account for the accumulation of resources and the payment of general long-term debt principal, interest, and related costs.

American Recovery and Reinvestment Act (ARRA) Tax Exempt Municipal Bond (Bonds) matures in February 2024.

Bond Anticipation Notes (BAN) are short-term debt instruments that are periodically converted into bonds and mature one year from the date of issuance or renewal. As of March 2019, the District has two BANs outstanding totaling \$19.0 million which renew in August 2019.

General Obligation Bonds (Bonds) are long-term debt instruments used to fund capital projects associated with the District’s Capital Improvement Program and the Facilities Modernization Plan, with maturity dates that vary through May 2035.

Revenue Anticipation Note (RAN) is a short-term debt instrument similar to a temporary line of credit, which is used to cover anticipated cash deficits while ensuring continuity in operations and educational services and matures within one year from date of issuance. The District anticipates the need for a RAN in fiscal 2019-20.

Taxable Qualified School Construction Bond (Bonds) is a federally subsidized bond issued by the County of Monroe Industrial Development Agency (COMIDA) to finance the renovation of certain school facilities in accordance with the Facilities Modernization Program.

Notes:

DISTRICT-WIDE NON-PROGRAM EXPENSE

The District-Wide Non-Program Expense cost center includes major expense budgets related to the organization, but not directly tied to a specific program or department. Examples include: indirect cost support for grants, funds to support the District's long-term capital plan, and grant disallowances.

Salary Compensation

The Non-Program Expenses salary budget includes staffing turnover and vacancy savings that occur throughout the year.

Other Major Activities

- Insurance Non-Employees - This budget covers Property and Liability Insurance, as well as School Board Liability Insurance.
- Cash Capital Expenditures - These expenditures are funded with cash rather than Debt Service. Under Governmental Accounting Rules, the District must include Cash Capital as a single cost item in the General Fund budget. In effect, it is treated as an inter-fund expense.
- Agency Temporary - This budget represents temporary labor costs. Paraprofessional, clerical, and other civil service substitutes are funded from this central budget.
- Judgments and Claims - These funds defray the costs of legal claims against the District that are not covered by insurance.
- Grant Disallowances – This budget includes costs of programs accounted for in the Special Aid Fund that are not reimbursed by the funding organization. This includes program costs, such as Pre-School Special Education services, whose reimbursement rates are not sufficient to fully fund the program.
- Indirect Costs - The District is allowed to charge overhead cost allocations to grants for reimbursement purposes. These costs are not specifically identified. They are, instead, a percentage of grant dollars to be used as an offset to District administrative costs. They are included in the Non-Program Expense group as they do not represent offsets to specific expenditures.

EMPLOYEE BENEFITS

The District provides employee benefits based on collective bargaining agreements and New York State (NYS) Labor Laws. The expenditures in this area cover health insurance, retirement plans, Social Security, illness leave, and other insurance and contractual benefits.

- Health and Dental Group Insurance Plans – The District provides health insurance coverage to active employees and retirees; active employees and some retirees are eligible to enroll in group dental plans. The District is self-insured, and utilizes a Third Party Administrator to manage the claims for District employees.
- Retirement Plans – This budget provides contributions to the NYS Teachers' Retirement System and the NYS Employees' Retirement System for active employees. The Teachers' Retirement System Board of Directors and the New York State Comptroller determine the employer rate of contribution required each year to maintain the fiscal integrity of each plan. The rates are based upon actuarial cost projections, anticipated retirement fund investment earnings, and projected employer and employee contributions.
- Social Security – The Federal Insurance Contribution Act (FICA) requires employers and employees to contribute 6.2% of salary towards retirement, and an additional 1.45% towards Medicare.
- Unemployment Insurance – The District is self-insured for unemployment and provides a quarterly payment to the NYS Unemployment Office based on actual claims paid.
- Workers' Compensation – The District is self-insured, and utilizes a Third Party Administrator to manage the workers' compensation claims for District employees.
- Employee Assistance Program (EAP) – The District provides free and confidential counseling services through a formal EAP plan, accessible to all employees and their families.
- Life and Disability Insurance – These group plans provide insurance coverage available to employees in accordance with collective bargaining agreements.
- Paid Illness Leave – The District's employees are provided with contractual long term illness benefits (catastrophic illness leave) for unexpected health-related absences. Civil Service employees are also eligible for a short-term disability leave (Extended Sick Leave at half-pay). Teachers are eligible to apply for paid absence bank (PAB) days through the RTA but funded by the District.
- Flexible Spending Accounts (Section 125 Plans) – FSAs are tax-advantaged financial accounts that allow employees to set aside a portion of their pre-tax earnings to cover dependent or medical expenses, with administrative expenses borne by the District. Medical Reimbursement Accounts (Section 105 Plans) are available to ASAR members who qualify for the Attendance Incentive, upon retirement.
- Roth 403b & 457 Accounts – These accounts are tax advantage retirement funds that allow employees to invest either on a pre-tax or post-tax basis. The District pays a portion of the administrative fees.

Other Contractual Benefits – additional benefits include early retirement and attendance incentives, tuition reimbursement, moving costs, and vacation pay in lieu of vacation time.

2019-20 CAPITAL IMPROVEMENT PROGRAM SUMMARY

The Rochester City School District's 2019-20 to 2023-24 Capital Improvement Program (2019 CIP) is a five-year financing plan for the construction, replacement and reconstruction of facilities, the acquisition and replacement of vehicles and equipment, and the completion of other long-term capital projects. Maintaining the District's schools, playgrounds and athletic facilities is critically important and this CIP proposes expenditures that support the District's vision of a quality education for every student. The District continues to make capital investments at the highest level allowable in order to maintain buildings and equipment in necessary condition.

This CIP proposes twelve projects for construction in the summer of 2020. These projects would occur across the District at elementary and secondary schools and administrative buildings. These projects total over \$22 million. Work will also be completed at a City Recreation Center in 2021. The proposed projects reflect input from District administrators, the City of Rochester and Rochester Schools Modernization Program staff, among others.

CIP PROJECT SELECTION

The District's Educational Facilities Department compiles the annual CIP. Important factors influencing project selection include facility needs, status of Rochester Schools Modernization Program (RSMP) projects, City of Rochester project requests, student enrollment, educational programming and fiscal constraints. Department staff relies upon data in mandated reports and datasets including the Five-Year Building Condition Survey, Three-Year Asbestos Hazard Emergency Response Act (AHERA) report, lead surveys and work order summaries. The Department also references building renovation requests solicited from building staff. A typical CIP project includes planning, design and construction phases that extend over a 24-30 month period. Project scope and budget are evaluated at the beginning of each project phase and adjusted as necessary. This section explains the important factors that District staff consider in the selection of proposed projects.

In the past, capital renovations at District facilities were completed on a three-year rotation. Funding was allocated to eligible schools in a specific year based on the results of the building audit and an annual review of building needs. Building principals were contacted to specify renovations to meet educational program needs. The RSMP has provided an infusion of capital to help meet long-term District facilities modernization needs, but has also led to suspension of the historical CIP rotation cycle. School projects are now identified by applying a filter that eliminates RSMP projects that have either been recently completed or are targeted in the current phase, with the exception of projects presenting an immediate need for rehabilitation for reasons of health and safety. Remaining schools are then evaluated, tours are conducted with a committee of City and District staff and a final determination of scope and projects is subsequently made.

Facility Inventory and Maintenance Needs

The School District maintains over seven million square feet (sf) of educational and administrative space in owned and leased facilities. Elementary schools total 3.1 million sf and secondary schools total 3.5 million sf. The District leases 209,000 sf for adult and continuing education programs and also owns or leases 285,000 sf for administrative and support functions. The average age of the District's 48 schools is 72 years. Eleven schools have some portion of the building that is more than 100 years old. Given the number and overall age of the buildings in the District's inventory, there is a constant demand for building repair or upgrading. The State Education Department mandates that every five years each school district complete a Building Condition Survey (BCS). The latest BCS, completed in 2016 identified a five-year need of over \$467 million in facility capital needs (see Appendix A). None of the District's buildings exhibit dangerous conditions, yet we must still maintain a constant emphasis on long-term building maintenance.

¹School No. 1 was renamed School No. 15 after FMP renovation (original School 15 was demolished in Fall 2017)

District-owned facilities have an estimated replacement value of \$350/sf. The District's 7 million sf of owned buildings, therefore, have a total replacement value of approximately \$2.45 billion. Best practice recommends that 1.5%-3% of total replacement value should be invested annually into school buildings in order to maintain good state-of-repair over many years. A proportional investment would, therefore, equal between \$37 and \$74 million in annual facility capital projects, while the proposed investment through this CIP is just over \$22 million. The RSMP has helped to bridge a notable portion of this funding gap. The "Big Five" cities, including Rochester, have faced significant fiscal stress, which affects the financial state of their dependent school systems. Education in these cities competes with other vital public needs, such as police and fire safety.

Building Capacity, Utilization & Programming

The primary function of District facilities is to support student success through quality educational programs. The Facilities Department works closely with other District offices to accommodate changes in educational programming, which impact how, and how efficiently, buildings are used. Operating capacity represents the total number of students that a school can house given actual use (the “program”) of each classroom. The total quantity of capacity generating classrooms is multiplied by the District’s classroom enrollment limits (18 students per Pre-K classroom, 22 students per grades K-3 classroom, 26 students per grades 3-6, 28 students per grades 7-12 classroom) Utilization represents the extent to which a room and a school’s enrollment matches operating capacity. Utilization is expressed as a percentage; the number of students divided by the operating capacity.

$$\text{UTILIZATION RATE (\%)} = \frac{\text{ENROLLMENT (of room or school)}}{\text{OPERATING CAPACITY}}$$

At the scale of a whole school, the raw utilization rate is then multiplied by an “optimal utilization” factor which is less than 100% because filling schools to their maximum capacity is not always educationally ideal and precludes needed room use flexibility. Preferred “factored” utilization rates are 85-90% of the maximum operating capacity. Utilization less than 85%, therefore, may indicate that the building is not being efficiently utilized. The Facilities Inventory in this document shows operating capacity for every District school.

The District’s operating capacity calculation contrasts with the State Education Department’s (NYSED) formula for design capacity, which is primarily used for calculating building aid reimbursements. Design capacity will remain constant as long as the school building footprint remains more or less unchanged. Operating capacity, on the other hand, typically changes annually, or more frequently, as the District changes room use or classroom enrollment limits. The District’s operating capacity model generally results in a lower figure than NYSED’s design capacity because it accounts for class size capacity reductions caused by District policies and programming. In December 2017, the District worked with consultant SWBR Architects to complete the 2017-18 Operating Capacity Analysis which documents the analytic method and provides additional explanation of results.

In recent years, the operating capacity of most District schools has shrunk due to implementation of several program changes as described below:

- The number of Students with Disabilities (SWD) has increased in absolute terms and as a proportion (16%) of total K-12 enrollment. Grades five and nine contain the highest portion of SWD enrollment, while grades 1.1-12 have the lowest portion. SWD students use more classroom space per student than general education students, which lowers the operating capacity of these classrooms;
- The number of Pre-K (3 & 4 years old) students has increased significantly; 3,171 students in the current school year. Pre-K classrooms are now located within 29 District schools, and an additional 31 community agency buildings. Pre-K classrooms are limited to 18 students and occupy full-size classrooms, resulting in an approximately 20% reduction in classroom operating capacity compared to other primary grade classrooms;

- Demand for English Language Learner (ELL) services has increased due to steady growth in Hispanic and immigrant enrollment. Grades 6-8 contain the highest percentage of ELL students. The proportion of ELL students drops considerably at the later grades. Similar to SWD students, ELL students occupy a larger classroom area per student;
- The District has reduced enrollment within most secondary schools and created multiple “schools within schools” at others in order to promote a higher level of academic achievement and discipline;
- The District is also providing more space to outside service providers such as health services and other social service organizations in order to better serve student needs. Likewise, the District has increased the number of rooms dedicated to art and music, which do not figure into a school’s operating capacity;
- The District is steadily eliminating the use of modular classroom buildings and sub-standard basement classrooms.

Rochester Schools Modernization Program

The District continues to work with the Rochester Joint Schools Construction Board (RJSCB) on the implementation of a Rochester Schools Modernization Program (RSMP). This CIP focuses on addressing the needs of schools that are not in line for work under the RSMP, but still require renovations, replacement or modifications to address ongoing program needs.

The RSMP is the product of special 2007 New York State legislation that provides the City of Rochester and the District with increased flexibility and alternative financing mechanisms to complete multi-phase, multi-year school building reconstruction and additions. The RSMP aims to optimize educational program initiatives and address major deferred maintenance priorities. Inclusive of Phases 3 and 4 the RSMP is expected to span two decades, total approximately \$1.4 to \$1.7 billion, and be the largest public works project in the history of the City of Rochester. District buildings have been redesigned to address new teaching techniques and provide the full range of services needed by Rochester's children. The RSMP also provides a timeline and path for the District to accommodate future enrollment, educational programming and community service priorities.

The RJSCB undertakes RSMP Projects on behalf of the City and the District. The RJSCB Chair and Program Manager meet with the District's leadership team to review the Program on at least a monthly basis and senior staff from the District's Facilities Design Group serve as the operational liaison to the RSMP Program. The RSMP team worked with Gilbane/Savin, as Program Manager, and SWBR Architects, to develop the RSMP Phase 1 Master Plan which designated twelve project schools and a district-wide technology project with a total value of \$325 million. The Master Plan was approved by the Board of Education and the State Education Department later in 2011. The program budget consisted of approximately \$237 million in construction expenses and \$88 million in design, management, financing, technology, and other soft program expenses. The total anticipated Building Aid and Excel Aid Reimbursement is approximately \$287 million for Phase 1. The County of Monroe Industrial Development Agency procures bond funds necessary to complete the school projects. The bonds are then paid by the District using the partial building aid reimbursement from the State with the balance of the debt service being a "local share" cost to the District.

As of this date, Phase 1 is complete except for the additional play field work at School 50 at the former Maynard's Electric site that was acquired by the City of Rochester on behalf of the School District. Phase 1 surplus funds were used to demolish Maynard's Electric Supply Building and develop the site to green space and play areas for School 50. The balance of Phase 1 contingency funds was also used for select hardware and door replacement at the Charlotte High School Auditorium. Overall, the Phase 1 program scopes and additional work have been completed within the \$325 million stipulated in the Legislation. All of the Phase 1 projects were coordinated with surrounding city improvement efforts, neighborhood group concerns, and recommendations from school administration, staff, and parent groups, resulting in 21st century teaching/learning environments for the students and overall improvement to the surrounding community.

In December 2014, RSMP Phase 2 legislation was signed by the Governor. Phase 2 authorized up to 26 projects comprised of 25 School buildings plus a District-wide Technology project. In July 2016, the Governor signed into law an amendment that authorized a doubling of the Building Aid Maximum Cost Allowance (MCA) for the elementary school projects. The doubled MCA extends over a 10-year period, (compared to the typical 5-year reset) and allows for in-depth reconstruction projects and avoids spreading work across multiple phases at one particular school. Phase 2 was authorized at \$435 million with approximately \$315 million in budgeted construction expenses and \$120 million in other program expenses. The RSMP team secured District input/feedback as the Phase 2 Strategic Plan evolved. The process began with determining building infrastructure system replacement and technology needs at each school as well as how to integrate the District's "core model program." The Team evaluated building condition survey priorities, demographic projections, planned enrollment aligned with instructional program initiatives, Pre-K provisions, actual 'test fit' concepts, probable budgets for each Project, a master schedule, and an overall Financial Plan. The Strategic Plan was approved by the District's Board of Education in March 2016 and provides the roadmap for the 12 schools plus the District-wide Technology (DWT) initiative approved as the Phase 2 Projects. A RCSD Community Schools Grant amendment of \$1.9M to Monroe 2B was also used. The RSMP also coordinated Phase 2 funding with the RCSD's Smart Schools Bond Act funding for additional technology implementation, removal of portable classrooms at 3 elementary schools, and construction of Pre-K classrooms.

Several Phase 2A and 2B projects were completed for occupancy in August 2018. Phase 2C projects are under construction. Construction Managers have been selected for all Phase 2 projects.

Note: Highlighted projects include supplemental funds being allocated from separate State grants that have been made available to the projects.

Planning for Phase 3 is underway which will allow for a timely roll-out of critical projects that were neither in phase 2 nor in the District's CIP for the next 2 to 3 years. Delaying Phase 3 planning would detrimentally impact the long-term goals of the overall program. Therefore, in conjunction with the Program Manager and the Phase 3 Master Planning team, a project list and preliminary schedule was developed by RCSD's Leadership with input from the community for Board of Education review and approval. The Board of Education approved the Phase 3 Plan on December 20, 2018. Projects forwarded to NYS for consideration for Phase 3 RSMP would impact 15 District schools and have an estimated budget of \$615 million.

The RJSCB and Savin are sponsoring a Business Opportunity Program (BOP) that is currently assisting Eligible Business Entities (EBEs) in upgrading their business skills and learn how to be viable subcontractors for the RSMP and other similar prevailing wage projects. The program consists of a series of training presentations and the opportunity to participate in a mentor/protegé relationship with construction managers and contractors. The BOP is currently providing immediate and direct benefit to the local economy and RCSD High School students while providing new opportunities for local firms through a fair and competitive process. The RSMP has been successful in meeting its diversity goals for both business utilization and workforce participation.

The Path Forward Plan

The Path Forward is RCSD's ten-year Educational and Facilities Master Plan that reimagines our classrooms and our community learning spaces, programs and partnerships. It provides a strategic framework for facilities investments, as well as curriculum and instruction reforms that align with the District's educational vision. The Path Forward Plan addresses three major questions;

1. How do we make every school a great school?
2. What do our graduates need to be prepared for future careers and success?
3. How should we organize our schools, feeder patterns, academic programs and services to reduce transitions and build coherence?

The Path Forward is an ongoing process which provides guidance about the long-term disposition of certain school buildings. The process will provide clarity about important decision points that impact the selection of capital projects; seat capacity and demand for Pre-K, SWD, ELL programs; ensuring right-sized seat capacity district-wide for anticipated enrollment; and, fitting out schools for educational program priorities while maintaining the correct stock of school buildings. The District is reorganizing secondary schools to offer a variety of grade configurations (9-12, 7-12, K-12, etc.). As this reorganization unfolds, the District will determine which buildings remain as secondary schools and which could be converted to other uses.

Student Enrollment Trends/Projection

Enrollment projections are prepared annually as part of the CIP selection process. Projections for the subsequent year help guide immediate decisions about budget, staffing and program development. Demographic variability can significantly impact the amount and type of programs and facilities that the District provides.

District enrollment projections are derived via the Cohort Survival model which is reliable and is utilized by the U.S. Census Bureau and NYS Education Department. The model uses an aging concept that moves a group, or “cohort”, of students into subsequent grades by multiplying a progression rate by current enrollment. The resultant figure represents the projected population for the cohort (e.g., student progression from second to third grade). The model accounts for students progressing into the next grade or being retained, students entering or leaving the District, major demographic trends, and other factors. For kindergarten and first grades, the progression rate is multiplied by the number of live births within the City of Rochester five and six years previous. The Average Progression Rates used in this enrollment projection are shown to the right.

This enrollment projection assumes a constant level of Pre-K enrollment for the next ten years based on anticipated funding. The District’s Pre-K enrollment has grown overall in the past several years and currently stands at 3,171 students. The percentage of students attending Community Based Organizations (CBO) has increased proportionately compared to offerings at District schools. Children that attend Pre-K within the District do not necessarily remain enrolled in District schools for Kindergarten, but they do so at twice the rate of those children who attend Pre-K at CBOs.

Live births impact the number of students that enroll in Kindergarten five years later and first grade six years later. Reduced City population and birth rates slow the growth of student enrollment. Rochester’s population has continued to decline, notably within the child-bearing age strands that impact subsequent school enrollment. The number of births in Rochester grew steadily through the 1980’s, peaking in 1990. Live births then declined through 2005, stabilized and have recently begun to decline again. Our ten-year projection assumes a continuing annual live birth count of 3,000. The chart below compares live birth counts to later Kindergarten and First grade District enrollment (the “capture rate”). The District’s capture rate has fallen notably. Since 2011, the kindergarten capture rate fell from 73% to 59% and for First grade from 74% to 59%.

School enrollment within City of Rochester; charter schools, Pre K programs and District schools

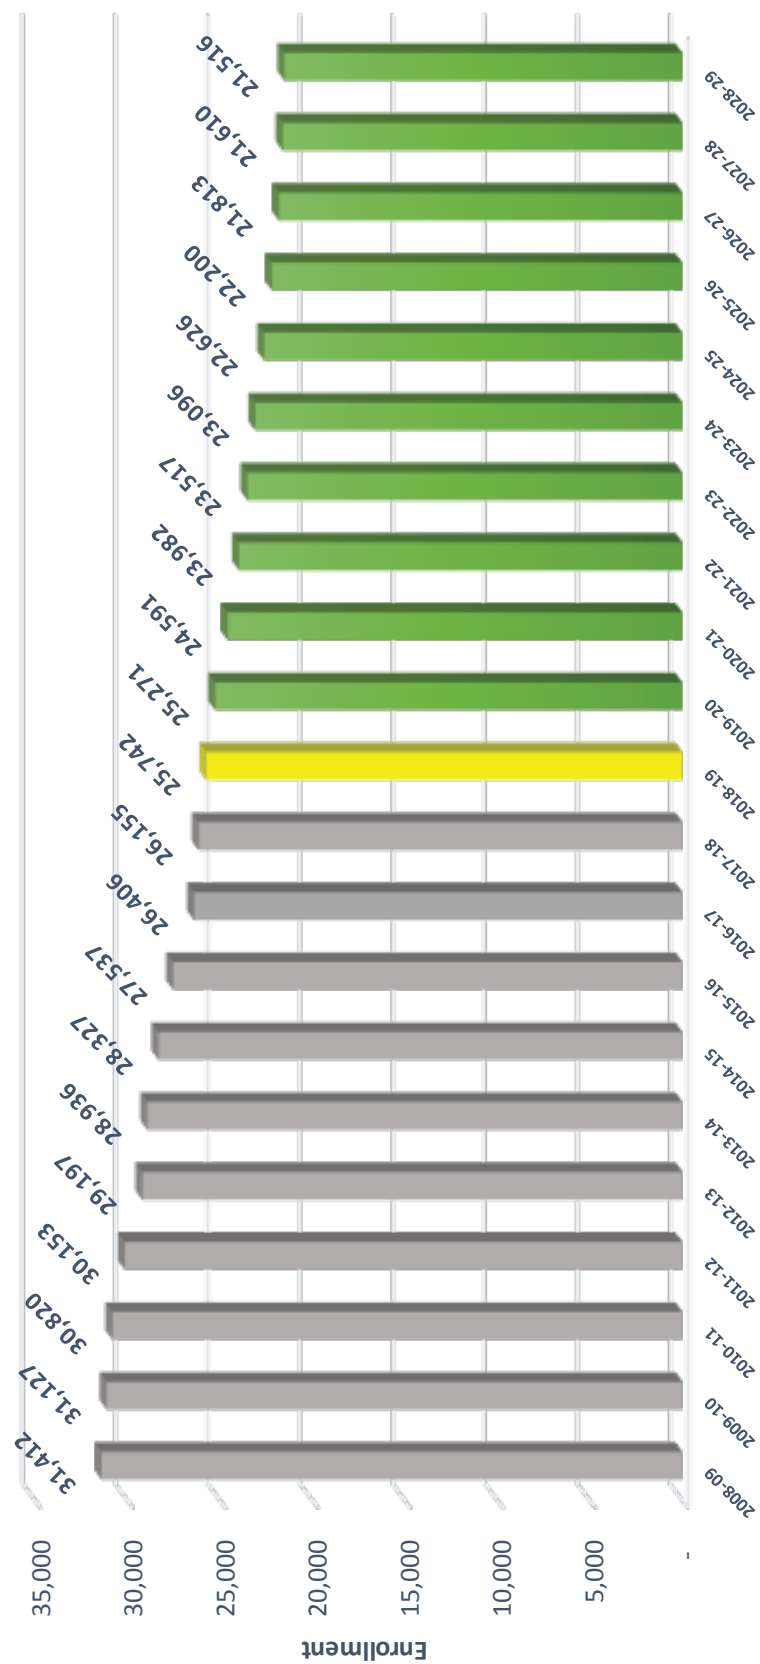

The growth of charter schools within Rochester and the surrounding area is a primary factor in the sustained decrease of District enrollment and is a significant challenge for facility planning. Enrollment at charter schools within District boundaries has increased steadily and currently is approximately 6,058 students. Most of the existing charter schools are at full grow-out, but a few plan to add new grade levels. One new charter school is anticipated for the 2019-20 school year. The enrollment projection in this CIP accounts for overall anticipated charter school enrollment growth. Charter schools can (and have) shut down and some portion of those displaced students then return to District schools. Other students return to District secondary schools after finishing the terminal grade-level of their particular charter elementary school. In the past eighteen years, 14 charter schools began operation in Rochester. Charter school enrollment in Rochester grew from 781 students in 2006-07 to 6,058 students in 2018-19. Today, approximately 15% of school age children residing in the City attend a charter school.

Enrollment at the K-8 grades is projected to decrease by 114 students in 2019-20 and to decrease by 2,406 students (13%) by the end of ten years. Secondary grades enrollment is projected to decline by 357 students next school year and to decline by 1,741 (4.6%) by 2028-29. This finding illustrates that ongoing decreases in overall District enrollment are largely due to decreased enrollment at the middle- and high-school grade levels.

FINANCIAL SUMMARY

The financing of proposed capital projects occurs principally through a direct appropriation from the current operating budget (cash capital); or by borrowing funds through the issuance of notes and bonds (debt service). The procurement of equipment and expenditures for improvements with short-term life cycles are generally paid with cash capital funds. Equipment with long-term life cycles, long-term facility improvements, and new construction, are funded through debt service. In any given fiscal year, projects at each school are at various stages of construction or design funding. The Financial Summary assumptions are consistent with those used for capital fund projections by the City of Rochester.

This financial summary provides schedules that illustrate the total categorical expenditures proposed in the 2019 CIP and the financial impact on the District's outstanding debt and revenue. The tables are organized in the following sequence:

- A. Summary by Funding Source
- B. Summary by Debt Service
- C. Summary of Expenses for Cash Capital
- D. Allocation of Revenue from the City of Rochester
- E. Debt Authorized and Issued
- F. Draft Five-Year Capital Budget (FY 2019-20 to FY 2020-21)

NOTES:

- (1) This represents the remaining available from an initial \$47M funding stream for Smart School Technologies for the District. Each subset of this spending needs to be formally approved but it is envisioned that funding will be available in four main categories: school connectivity; classroom technology; high tech security; or renovations for replacement of transportable classrooms.
- (2) This is an estimate of principal debt reduction that could later be re-borrowed to fund RCSD's future annual CIP programs.
- (3) The projected amount shown is the bond amounts to be issued to fund the RJSCB for the balance of Phase II and the beginning of Phase III of the FMP program.

PROPOSED CAPITAL PROJECTS

Five-Year Facility Improvement Projections

District-wide replacement and regulatory compliance projects are accomplished according to a long-term plan. The most recent SED-mandated Building Condition Survey (BCS) was completed in 2016 and identified \$467 million of priority items that need attention districtwide (see Appendix A). The next BCS will be completed in 2021. Because of limited funding, the CIP focuses primarily on general renovations and infrastructure improvements. Some funds, however, are set aside for specific program initiatives as described below.

Annual project funding is primarily from bond funding but is supplemented from other sources. Cash capital is a primary source of supplemental funding. Given limited CIP project funding a backlog of important capital projects exists. Approximately \$84.5 million is scheduled for long-term facility upgrades for the next five years from bond funding, averaging \$16.9 million each year. Five year Cash Capital funding is proposed at approximately \$50 million, averaging \$10 million per year.

Proposed building system improvements include:

- \$9.3 million for roof replacements
- \$4.0 million for masonry repairs
- \$6.5 million for window and door replacements
- \$6.4 million for HVAC and plumbing upgrades
- \$5.3 million for electrical systems
- \$2.4 million for toilet room renovations
- \$3.3 million for site improvements
- \$28.3 million to provide general renovations at elementary and secondary schools.

Proposed spending on compliance issues include:

- \$1.0 million for handicapped accessibility
- \$1.3 million for lead and asbestos abatement
- \$0.5 million for energy conservation

Special Initiatives

1. Building Security and Fire Alarm System Upgrades

Security at school sites throughout the District has been upgraded through a multi-phase program extending over nine cycles. This initiative addressed security camera upgrades and improvements to the fire alarm network. Any future work required in the schools will be addressed with CIP projects specific to that building or through the modernization program.

The primary objective of this multiphase project was to migrate the Rochester City School District's CCTV security camera system from an analog environment to a fully IP (Internet Protocol) based security camera platform. A secondary objective was to upgrade and enhance legacy security systems as they are encountered. The legacy systems include access control systems (proximity readers) and emergency transmission systems (wireless dispatch from schools to 911 and RCSD Security in the event of a fire, pool alarm, or intrusion). This work is nearly finished and additional camera replacement is being completed using Smart Bond funding. The life expectancy of IP cameras and headend recorders ranges from 5 to 10 years. We recommend future District-wide security projects be planned to refresh equipment as the components age and approach the end of their useful life.

The fire alarm network upgrades involved the installation of network capable fire alarm control panels in all buildings where they do not presently exist. The upgraded fire alarm systems have point addressable capability for alarm and trouble signals. This system provides information that is reliable and reduces long-term maintenance costs.

2. Academic Improvement Initiatives

Within this CIP, nearly \$4.75 million has been budgeted for academic improvement initiatives that support the Superintendent's vision for the District. It is anticipated that these funds will be used to address building changes at schools that are in transition, and are not in the third phase of the Rochester Schools Modernization Program. It is also anticipated that some funds will be needed to address facility changes at the newly opened schools within the District's existing buildings.

3. Athletic Facility and Field Initiatives

Within this capital program, \$4.9 million has been budgeted for athletic facilities and fields. The funding for this initiative started in 2014-2015 and it aims to address needed upgrades or renovations that will arise from the District initiatives to promote physical education and athletic competition.

4. City Recreation Center Initiative

This initiative addresses projects in the City's recreation centers that are used by the District for physical education. This work is completed under the CIP program in consultation with the City. The work involves major renovations that have been deferred over the years. Current projects are known through 2023 and a placeholder has been inserted for future cycles, resulting in estimated five-year costs of \$4.98 million.

2019-2020 Proposed Facility Renovations

The following section displays project details and budgets for capital projects proposed for completion in summer 2020. Capital renovations for District facilities were in the past completed on a three-year rotation. With the Rochester Schools Modernization Program in place, this process has been temporarily suspended. The individual projects recommended for 2019-20 design and construction are found in on succeeding pages. For projects in 2019-20, the City has identified work at the Flint Street R-Center. The full funding for this project was included in the 2018-19 CIP. The 2019-20 CIP proposes projects at Schools #5, #12-Douglass R-Center (for completion in 2021), #20, #23, RISE Community School #106 (formerly #41), #44, #46, Early Childhood Education Center, Charlotte, SOTA, Wilson Foundation, Service Center, and Central Office.

GLOSSARY**Accrual Basis of Accounting**

The accounting policies of the Rochester City School District conform to generally accepted accounting principles. The basis of accounting is the modified accrual method, wherein revenues are recognized in the period in which they become available and measurable and expenditures are recognized at the time a liability is incurred, except for principal and interest on long-term debt, which are recorded when due.

Actuals

The amount the District has spent in a given period as opposed to original budget estimates.

Adopted Budget

The annual financial plan, listing estimated revenues and expenditures for a fiscal year, and is formally adopted by the Board of Education. Before the budget is adopted, it is known as the Proposed Budget.

Advanced Placement (AP)

A program developed by College Board that offers college level courses and end-of-course college credit eligible exams to high school students.

Amended Budget

A budget with adjustments to the original budget that has been adopted by the Board of Education.

Annual Professional Performance Review (APPR)

School Administrator and Teacher performance reviews based on student achievement as measured by a combination of student growth on state assessments and locally selected student performance indicators.

Appropriation

An authorization to expend funds for stated purposes.

Assessment

Each year the District assesses student performance for identifying areas to target for improvement. The assessment is the cornerstone for the District's planning process and the development and implementation of initiatives.

Attrition

The difference between actual expenditure requirements for personnel resources and expenditure requirements that would be required if all positions were filled at all times. The attrition factor accounts for position vacancies, which result from routine employee turnover.

Average Daily Attendance (ADA)

The total days of attendance for a period divided by the number of days in which school is in session.

Balanced Budget

A budget in which income/revenues equal expenses.

Basic Educational Data System (BEDS)

System for collecting district/school student enrollment and staff counts. The data is then submitted to the State Education Department.

Bilingual Education

Programs designed to help students who have limited English proficiency (primarily geared towards Spanish and/or Latin American dialects).

Bond Anticipation Note

A note which may be redeemed using the proceeds from the future sale of a serial bond. A note is a short-term borrowing instrument, usually requiring repayment within one year of issuance.

Capital Improvement Plan

The Rochester City School District's Capital Improvement Plan and Cash Capital Plan is a five- year financing strategy for the construction and reconstruction of facilities, the acquisition and replacement of vehicles and equipment, and the completion of other long-term capital projects.

Career Technical Education (CTE)

A program of study involving a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge (I.e. trade skills) to provide students with a pathway to postsecondary education and careers.

Cash Capital

The cash capital expenditures are for the purchase of equipment, textbooks, library books, and building renovations. Cash capital appropriations exclude those renovation projects that require the use of borrowing. The cash capital expenditures are distributed in each program and departmental budget.

Categorical Grants/Funds

Funds the District receives from another entity earmarked for use exclusively for specific programs, such as Special Education, or activities such as transportation. Categorical funds are also referred to as restricted funds because they cannot be used for purposes other than to cover the expenses of a specific program/activity set by the funding agency.

Certificated Employee

A District employee whose position requires certification by the State of New York. Teachers and most administrators must meet New York requirements for certification issued by the State Commission on Teacher Credentialing. Teachers operating under an emergency permit are included in this category. Examples of staff that are credentialed for a specific function include teachers, counselors, psychologists, social workers, librarians, principals and assistant principals, certificated central office managers, resource teachers, content administrators and peer coach/staff developers.

Common Core Learning Standards

The New York State P-12 Common Core Learning Standards (CCLS) are internationally- benchmarked and evidence-based standards. These standards serve as a consistent set of expectations for what students should learn and be able to do, to ensure that every student across New York State is on track for college and career readiness.

Comprehensive Support and Improvement (CSI)

Schools for which the All Students group is in the bottom 5% of all schools, high schools for which the All Students group a 4-year graduation rate total cohort that is less than 67% and the 5-year and 6-year graduation rate total cohorts are not 67% or above. CSI identifications are based upon the performance of the All Students group and are made every three years, beginning with the 2018-19 school year.

Data Driven Instruction (DDI)

Data Driven Instruction and Inquiry (DDI) is a precise and systematic approach to improving student learning throughout the year. The inquiry cycle of data-driven instruction includes assessment, analysis, and action and is a key framework for school-wide support of all student success.

Debt Service

The District's debt service is maintained in the Debt Service Fund which resources for the payment of general long-term debt principal, interest and related costs. Debt service includes taxable bond principal and interest, Revenue Anticipation Note interest, Bond Anticipation Note principal and interest, and capital leases.

Deficit

The amount by which expenses exceed revenues in a fiscal year.

Departmental Credits

A charge from one department to another for services rendered (e.g. printing, rental costs and automotive repairs).

Employee Benefits

The direct expenditures, other than salaries, associated with employee compensation. In the budget, employee benefits are not distributed by programs or departments. Benefits include retirement system contributions, social security contributions, medical and dental insurance, workers' compensation, unemployment payments and life insurance.

Enrollment

The total number of students enrolled, whether resident or non-resident, at a site or home-bound or in a qualifying alternative program. Enrollment is not the same as Average Daily Attendance (ADA). Enrollment will exceed ADA, since not every student achieves perfect attendance.

Every Student Succeeds Act (ESSA)

The Every Student Succeeds Act (ESSA) is a US law passed in December 2015 that governs the United States K–12 public education policy.[1] The law replaced its predecessor, the No Child Left Behind Act (NCLB), and modified but did not eliminate provisions relating to the periodic standardized tests given to students.[2][3] Like the No Child Left Behind Act, ESSA is a reauthorization of the 1965 Elementary and Secondary Education Act, which established the federal government's expanded role in public education.

Fiscal Year

RCSD operates on a fiscal year beginning on July 1st and ending on June 30th.

Full-Time Equivalent (FTE)

Classified employees who work an average of 35-40 hours per week are categorized as 1.0 FTE. For example, an employee who works 20 hours per week is counted as 0.5 FTE.

Generally Accepted Accounting Principles (GAAP)

Accounting standards such as conventions, broad guidelines, rules, procedures, and detailed practices that pertain to universally accepted financial accounting and reporting practices.

Government Accounting Standards Board (GASB)

A federal organization that promulgates standards of financial accounting and reporting with respect to state and local government entities.

Government Finance Officers Association (GFOA)

A national association whose purpose is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and practices and promoting them through education, training and leadership. The GFAO rates outstanding budget documents according to highly specific criteria, honoring organizations who meet these criteria with the annual GFOA Distinguished Budget Presentation Award.

Individualized Education Program (IEP)

Individual Education Program designed for students with special needs.

Mentor Teachers

Specially selected teachers who receive a stipend to work with inexperienced teachers on improving curriculum and instructional practices.

Performance Indicators

Measures of performance because of a specific activity, program initiative, or service rendered.

Program Based Budgeting (PBB)

Program Based Budgeting is a program-based format that supplements the traditional Budget Book report format. PBB is a format that links programs to the Board of Education/Superintendent goals and objectives and provides measures of achievement to evaluate the program. This information supplements the traditional program narrative and financial information.

Program Initiatives

Based on an assessment, program initiatives are developed to target resources for addressing specific problems related to student performance, attainment, attendance, and behavior.

Receivership Schools

If a school identified for Comprehensive Support and Improvement does not meet the exit criteria, and that school is re-identified as a CSI school on the new list of schools that is promulgated every three years, New York State will place the re-identified Comprehensive Support and Improvement school into the New York State Receivership Program pursuant to Section 211-f of State Education law (the New York State School Receivership law) and Commissioner's Regulations 100.19. In addition, if a school previously identified as a Priority School does not meet the exit criteria and is identified as a CSI school on the initial ESSA Accountability Designation list, that school will also enter the Receivership program.

A school receiver, who can be the district superintendent or an independent receiver, has the authority to take dramatic actions, such as removing staff, expanding the school day, instituting wraparound services, or exploring conversion to charter status. Receivership can start under a district superintendent but move to an independent receiver if results do not improve. Schools are placed in receivership if they are among the lowest-performing schools in the State and have not improved after three years.

Recognition Schools

Schools that are high-performing or rapidly improving as determined by the Commissioner.

Revenue Anticipation Note (RAN)

A RAN is a short-term borrowing instrument issued in anticipation of a known and quantifiable future revenue source (i.e., a RAN may be issued in anticipation of the collection of revenue sources later in the fiscal year).

Schools in Good Standing

A School that are not identified as a TSI or CSI school is automatically in Good Standing.

Schools of Choice

RCSD offers student an opportunity to attend a school that is not their neighborhood school.

Special Education (SPED)

Special Education is a category of programs that deliver educational services to students with diverse special needs. These programs provide instruction and services specially designed to meet each special education student's unique needs. Programs include classroom instruction, home instruction, instruction in hospitals and institutions, or other settings.

The Federal Law that supports special education and related services is the Individuals with Disabilities Education Act (IDEA). The department currently provides services to approximately 5,200 students with disabilities. Types of disabilities include learning disabilities, emotional disturbance, speech and language impairments, orthopedic impairments, hearing and vision impairments, cognitive impairments, autism and medical fragility.

State Aid

The primary type of State Aid is provided through Foundation Aid, which can be used for any purpose or program.

Targeted Support and Improvement (TSI)

TSI identifications are based upon the performance of the accountability subgroups, not the All Students group. These subgroups are: American Indian or Alaska Native, Black or African American, Hispanic or Latino, Asian or Native Hawaiian/Other Pacific islander, White, Multiracial, English Language Learner, Students with Disabilities, and Economically Disadvantaged. TSI schools are schools for which any accountability subgroup meets the criteria for identification for two consecutive years. For the 2018-19 school year, a school may also be identified as TSI if the school was in Priority School or Focus School accountability status in the 2017-18 school year and if any of the school's accountability subgroups meet the TSI criteria.

Title I

This federal program provides funds for educationally disadvantaged (low-income) students. Title I monies are intended to supplement state and District funds, with schools involving parents in deciding and monitoring how funds are spent. Title I is the largest federal program included in the No Child Left Behind (NCLB) Act. Funds are generated based on poverty. The use of the funds is determined by need.

The District was reviewed by the New York State Education Department (NYSED). Changes implemented by this visit included establishing an objective and consistent method for allocating funds to schools in keeping with the intent of Title I and to provide equitable distribution of the funds. The allocation to schools will hold schools to a higher level of accountability for results, give parents greater choices and opportunity for input, and promote teaching methods that work.

ROCHESTER CITY SCHOOL DISTRICT - NEW YORK STATE REPORT CARD [2017 - 18]

The New York State Report Card is an important part of the Board of Regents' effort to raise learning standards for all students. It provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students.

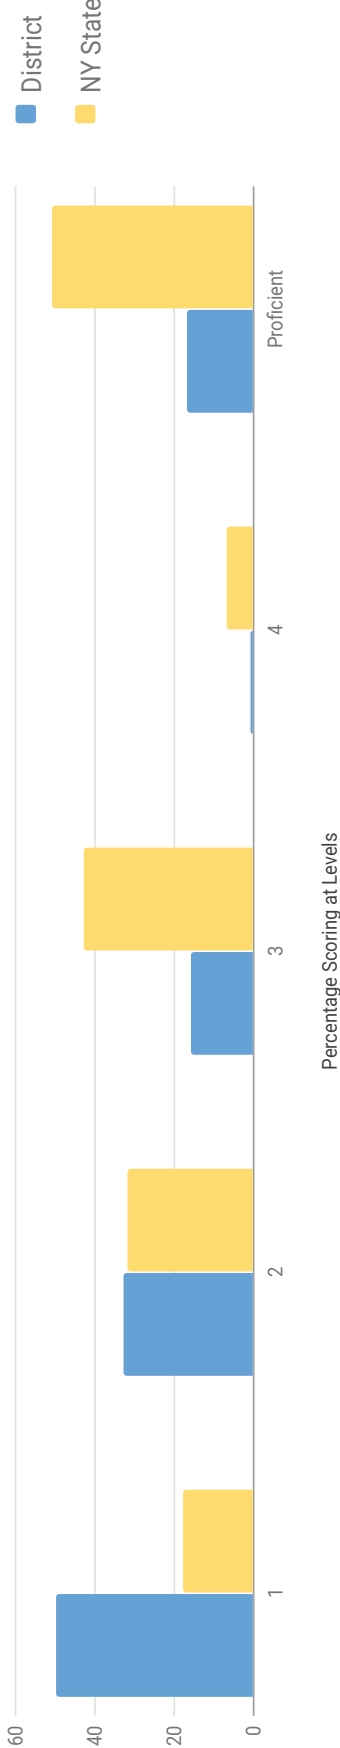

2017-18 Grades 3-8 ELA and Math results cannot be compared to those from previous years, as these tests were redesigned in 2017-18.

2014 TOTAL COHORT RESULTS IN REGENTS ENGLISH LANGUAGE ARTS

A High School Cohort consists of all students who first enter grade 9 anywhere or, in the case of ungraded students with disabilities, reach their seventeenth birthday in a particular school year (July 1 - June 30). The "year" used to identify the cohort is the year in which the July 1 - December 31 dates fall. Results are reported four years after these students first enter grade 9.
