

## 2022-2023 Receivership School Final Report and 2023-2024 Continuation Plan

Report Period: April 29, 2023, to June 30, 2023 (Due July 21, 2023)

This document is to be completed by the Superintendent/School Receiver and/or their designee and submitted electronically to [OISR@NYSED.gov](mailto:OISR@NYSED.gov). Complete all sections by fully responding to each prompt. For Districts with State Monitors, to streamline reporting, related metrics, data, target status, and applicable evidence should be drawn from the most recent Superintendent-District Academic and Financial Summary Status Report based on the Monitor's Recommendations.

The reporting portion of this document is a self-assessment of the *implementation and outcomes of key strategies* related to Receivership, and as such, is not considered a formal evaluation by the New York State Education Department. Once finalized and accepted, this document in its entirety must be posted in a conspicuous place on the district website. All responses should directly align with, or be adaptations to, previously approved intervention plans and *require explicit engagement and input* from Community Engagement Teams.

Executive Summary

Please provide a plain-language summary of this combined report and continuation plan to both reflect the changes and progress made since the last reporting period and to describe how actions taken to implement lead strategies, engage the community, and enact Receivership powers during the past quarter will provide a basis for developing a data-informed continuation plan for the next school year.

The summary should be written in terms easily understood by the community at large. Please avoid terms and acronyms that are unfamiliar to the public and limit the summary to *no more than 500 words*. Applicable links must be made publicly available before submitting the report.

Dr. Walter Cooper Academy School # 10 has ended the year with major growth academically. iReady Reading showed a growth of 112% and iReady Math showed a growth of 93%.

**Literacy Commitment:** Our scholars engaged in an outstanding Spring Expedition. Scholars were excited to share their oral presentations about their research and our families were so engaged, they started crying. Our Cooper scholars did an amazing job researching the following topics: **K:** Weather Wonders, **1st Grade:** Spinning Earth, Secret World of Pollination, **3rd Grade:** Reintroduction of The Gray Wolf, **4th Grade :** Land Around us, **5th Grade:** Ecology/ Community Gardens, and **6th Grade:** Heroes of Change. There were approximately 70 families that participated in our event. Coaches are receiving mentorship from central office coaches and assistant principals are being mentored once a month. Our 3rd Grade scholars participated in an amazing [Pen Pal Project](#) that caught the eye of our TV media.

**Math Commitment:** Our scholars and classroom teachers continue to use First in Math as a competitive resource for our scholars to build numeracy and mathematical foundational skills. Classroom teachers continue to create small math groups for discourse. However, they still need support with moving to the [next level of discourse](#), Our Cooper Scholars participated in the [24 Challenge Math Game](#). I am happy to say that we took 2nd, 3rd, and 4th in the competition. Next year, our goal is first place.

**Academic Culture:** All staff and Cooper Scholars are committed to our Cooper Traits which informs the common language we have in our school community. On Jun 20, 2023, our Cooper Scholars participated in our annual [Rites of Achievement Ceremony](#). It was standing room only. It was a wonderful event. Students were honored and chosen for awards related to our Six Cooper Traits: Leadership, Perseverance, Compassion, Integrity, Responsibility, and Courage. Additionally, our school community participated in our annual school climate survey and an equity survey.

**Date Wise:** Classroom teachers, Cooper Scholars, and parents in our school community continue to participate in meaningful discussions about our school community through our Instructional Leadership Team, School Base Planning Team, Leadership Team, and Administrative Team. We have begun to draft our meeting times for next year with our [SY 23-24 PD Cheat Sheet](#). We will be more intentional about meeting with classroom teachers once a month at the end of the month to discuss teaching practices and classroom data.

Our focus this year was based on our [instructional priorities](#) and our [School Improvement Commitments as our lead strategies](#). These were used to support our demonstrable indicators. This year we reflected on our lead strategies and instructional priorities based on all of the data we collected for SY 22-23. We have determined for SY 23-24 as a school community that our focus needs to be on writing, vocabulary, and a continuation of strengthening student discourse for ELA and [Math](#). This will ensure that our Cooper Scholars and classroom teachers go deeper through the integration of ELA/ Social Studies and ELA/ Science along with grappling math concepts. Some of the tools that will be used to support our instruction for SY 23-24 are: [Writing Progressions Rubric](#), [Reading Progressions Rubric](#), a continuation of [Wildly Important Goals \( WIGS\)](#) for Cooper Scholars and staff, student-led [conferences](#) and walk to intervention for Response to intervention classroom time.

In addition, as a school team, we continue to meet monthly with a school improvement specialist coach and meet throughout the month as a school improvement team. Our current school improvement template has encouraged us to go deeper into desegregating our school data. Thus, we have determined that our classroom teachers need to be more accountable for ensuring that our priorities, lead strategies, and research-based practices are turnkeyed with fidelity and intentional lesson planning. The tools that are hyperlinked above in addition to our [School Improvement Plan for SY 23-24](#) will guide us in meeting our demonstrable indicators with a focused intent. This renewed focus will be coupled with continued timely walkthrough feedback from administrators, the school improvement team through peer walkthroughs and coaching support from our Network 3 Chief, along with support and guidance from content directors on a monthly basis. Central office coaches will play a vital role in mentoring our ELA and Math Coaches to support struggling classroom teachers.

**Overview of School Demographic and Four-Year Trend Data**

Please provide the demographic and four-year trend data requested below. When providing suspension data by category, please refer to the Suspension Tracking and Reporting Addendum included on page 4 of this template as a resource to determine related calculations.

Please note that to ensure the Department is able to provide school-specific targeted Technical Assistance, the School Demographic and Four-Year Trend Data should be reported as ‘point-in-time’ for each reporting period.

**Directions for Parts I, II, and III** - District and school staff should respond to these sections of the document by both analyzing and summarizing the steps taken to implement lead strategies since the third quarter, as well as by identifying key strategies that will be included in the 2023-2024 Continuation Plan as part of an ongoing process of *continuous and comprehensive planning, and ultimately, the school improvement process*. The report and continuation plan should include a clear focus on *how evidence guides decisions* and an articulation of explicit, equitable educational support accessible to all students to ensure positive social-emotional well-being and active engagement in learning in an inclusive, diverse, culturally relevant, safe learning space.

- When responding to prompts pertaining to the *Final Report and Reflection*, include processes that were used in Quarter 4 to assess the impact of strategies implemented on student learning outcomes.
- When responding to prompts pertaining to the *2023-2024 School Year Continuation Plan*, include processes for assessing the impact on student learning outcomes that will be implemented during the new school year.
- The implementation of lead strategies addresses *the needs of all learners*, particularly the needs of subgroups of students and those at risk for not meeting State academic standards.
  - Claims should be evidentiary in nature.
  - Reported information and related data should be accessible and able to be reviewed upon request

- District and school staff should *assess the impact* of identified lead strategies on student learning, as connected and aligned to diagnostic review feedback, to ensure strategy implementation can achieve *long-term sustainable growth*.

**Part I- Lead Strategies for School Improvement**  
*Include 3-4 core lead strategies that are central to the school’s improvement plan. The lead strategies included should be a continuation or extension of lead strategies implemented in the prior school year and serve as key levers for improvement based on trends in student performance data to serve as overarching approaches for implementing strategically focused action plans for achieving demonstrable improvement.*

Final Report and Reflection on Lead Strategies Applied during April 29, 2023 – June 30, 2023		Lead Strategies that will Guide the 2023-2024 School Year Continuation Plan	
List the lead strategies that guided the school’s improvement work during the 2022-2023 school year, including any that were discontinued.	For each lead strategy, provide context for why the strategy was selected as a key lever for improvement based on data trends, as well as whether the lead strategy will be maintained during the next school year.	List the lead strategies that will guide the school’s improvement plan during the 2023-2024 school year.	Explain why the lead strategy listed was selected based on current data trends, and how the lead strategy will help to achieve progress toward this year’s demonstrable improvement targets.
<b>1.ELA Commitment</b> If we address how teachers provide students with explicit strategies to comprehend rigorous text, then students’ skills for using evidence to support their claims in writing and discussion will improve because they are applying the skills consistently across a wide range of content areas.	The strategy was chosen based on our current student ELA Data from The Fall, Winter, and Spring. In addition, to our walkthrough data and peer classroom observations.  This strategy will be modified to address how students comprehend text and how they respond to it in written form.	<b>ELA Commitment</b>  If we address how teachers implement repeated reading of texts, engaging all students in opportunities for student discourse to improve reading fluency and comprehension then students will create high-quality, written responses and formal writing pieces daily across a wide range of content areas.	Our team “WHY” is to <improve the quality of literacy teaching and learning at our school so that students can have greater opportunities in their lives>  We will commit to the ACE Habits of Mind by doing the following:

## #5 School Safety

22-23 Progress  
Target: **0.1**

([VADIR](#))

Strategies and Action Steps implemented:

### Professional Learning

- Classroom teachers have been attending Expeditionary Learning Training outside of New York State and turn- key what they have learned.
- Crew Trained staff turned key what they were learning during the 4-day training session about what “CREW” really means.
- [First 6 weeks/ Rituals and Routines](#)

### Restorative Practice

- January 19, 2023, Roc Restorative Champions Training for 3rd-6th Grade Students
- 3rd-6th Grade Circle of Champions Peer Mediators will support Crew and Closing
- Additionally, our scholars were chosen to be the only student facilitators for The Peace Conference hosted by Monroe County on April 17, 2023.
- [Roc Restorative Team Meeting](#)

These strategies below were a key focus of our professional learning plan for the second half of the year as developed in our SIP Plan:

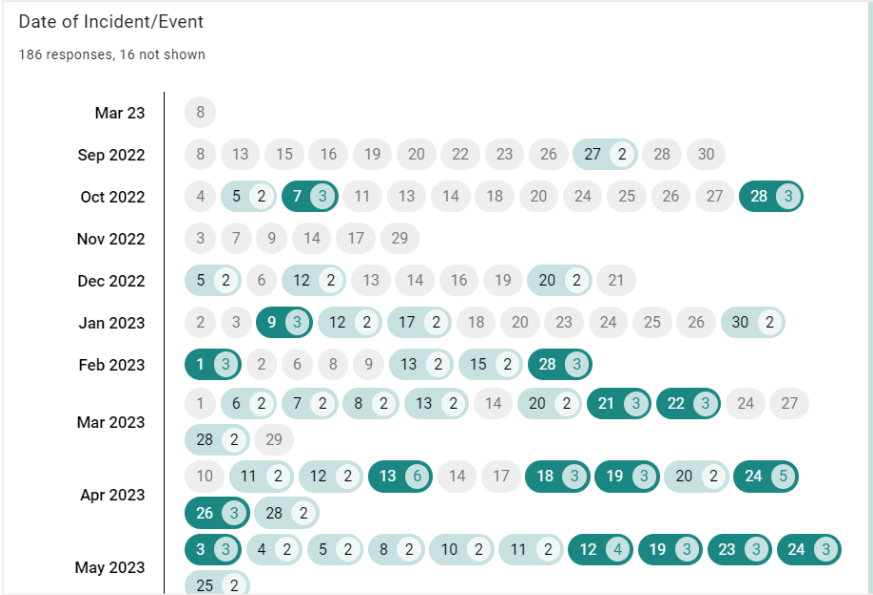

- **Cycle 2 Learner-Centered Problem:**
  - While our students know the Cooper Consistencies, they do not always demonstrate them independently.
- **Cycle 2 Adult Problem of Practice:**
  - Based on attendance, discipline data, and observations through walkthroughs and school community behavior,

### Academic Culture Data Analysis:

- Our scholars with high SEL and academic need do not feel agency or empowerment of learning.
- 197 Student Referrals consisted of 47 students, 21 were duplicate students, 8 of whom had a disability-58 for documentation purposes only, 138 requested intervention
- Students want opportunities to be independent learners who apply their learning to useful, real-world situations. Students want to feel that their voice is being heard inside and outside of the classroom.
- 100% Staff want to feel supported in their needs with student behaviors and overall needs. Staff would like to feel that their voice is heard when discussing student needs. 100% of Students want to feel heard.

Student Referrals: 197

- Documentation 58
- Intervention Needed 138

Unduplicated vs. Duplicated: 47 students received a referral while 21 of them had multiple referrals, 8/21 were a student with a disability.

Literacy Data Analysis

- Persistent Inequality
  - Students perform poorly when expected to cite evidence for their claims or identity counter-arguments in writing about text that has been read.
- 32% of students are able to Cite strong evidence to support their analysis of informational text.
- 38% of students are able to cite strong evidence to support the analysis of what a literature text says.
- 68% of students are at least one grade level below on comprehension of informational text.
- 62% of students are at least one grade level below on comprehension of literature text.
- Our scholars need a lot of support with writing. Scholars need to go back to the text to close read to comprehend what they are reading. 30% of students state they enjoy writing. 15% of students identify writing as their preferred school subject.
- Challenges: When given an informational text to read students are unable to restate the question and refer back to the text to share information gathered and answer questions.

<p>22-23 Progress Target:</p> <p>(please see <a href="#">Community Schools Guidebook</a> to ensure DI is met)</p>	<p>the students completed the program. The Circle of Champion students now are able to support classroom circles and/or smaller groups.</p> <ul style="list-style-type: none"> <li>● <b>Attendance:</b> Continued to meet weekly with DWCA Attendance Team to monitor and adjust actions for students' attendance. Developed Home Visit Teams to make the next level of support for families that fall within the categories of missing 10 days or more so far this school year. The Attendance Team Agenda is not included as evidence as it includes identifying student information. <a href="#">Attendance Team Agenda (Blank Version)</a></li> <li>● <b>Food Pantry:</b> Continued to support families with food and hygiene items. Determined location for freezer and refrigerator to be able to provide meat and fresh vegetables and fruit. Additionally, the process for the food pantry was reorganized to better support families in receiving food.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> The After-School Program Was a complete success. The program supported 90/135 students and their families and provided a safe place for students, academic support, and enrichment activities. Additionally, the hours of the program 3:30-6:30 helped to support the ability of families to be at the school to access resources. These families may have not had the opportunity when relying on transportation and typical school hours.</li> <li><input type="checkbox"/> The Use of the Food Pantry increased greatly. With the utilization of the new refrigerator and freezer to allow perishables to be included in the Foodlink order. We serviced over 75 families monthly Using the <a href="#">Food Pantry Assistance</a> form, the afterschool program and our other communications tools we could advertise and distribute food in a more efficient manner.</li> </ul> <p><b>Adjustments made to the continuation plan based on data:</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Creation of Home Visit Teams to support Tier 2 and Tier 3 students and families with attendance.</li> </ul>

#### **Part IV – Community Engagement Team (CET)**

[The role of the Community Engagement Team](#) is to serve as an active thought partner in contributing to, and supporting the development of, recommendations for school improvement by the school and district soliciting input through public engagement.

*Recommendations made by the CET, including how the school community and community at-large were engaged to (1) provide input into the school's Continuation Plan and (2) review and update, if necessary, its 2022-2023 Community Engagement Team Plan and membership. Such should be addressed in response to the prompts below.*

*\*Note: Administrative, teachers, and parent representative members of the CET must be selected through the process as established in Commissioner's Regulations 100.11(b)*

**Attendance:** Continued to meet weekly with DWCA Attendance Team to monitor and adjust actions for students' attendance. Developed Home Visit Teams to make the next level of support for families that fall within the categories of missing 10 days or more so far this school year. The Attendance Team Agenda is not included as evidence as it includes identifying student information. [Attendance Team Agenda \(Blank Version\)](#)

#### NYSPEP Parent Cafe

- NYSPEP's vision is that all children will grow up in nurturing families with parents (caregivers) that have the knowledge, skills and confidence to promote their healthy development. NYSPEP's mission is to promote and improve parenting education, in order to enhance parenting skills, knowledge and behavior. We had 7 Meetings which focused on the needs of parents & student enrichment.
  - Session 1 Parent Survey & Brainstorming Ideas'
  - Session 2 Brainstorming & organizing Ideas
  - Introduction to How to Support My Child at Home
  - Tips for Helping Your Child at School
  - Reading & Math Strategies Made Easy
  - Meeting with the CET Team for Parental Partnerships

- 90/135 students registered for the after-school program and Boys and Girls Club.

#### Emerging trends & future action steps:

- The After-School Program was extremely successful. The program supported 90 students and their families and provided a safe place for students, academic support, and enrichment activities. Additionally, the hours of the program 3:30-6:30 help to support the ability of families to be at the school to access resources. These families may have not had the opportunity when relying on transportation and typical school hours.
- How do we increase the usage of the Food Pantry? We utilized the new refrigerator and freezer to allow perishables to be included in the Foodlink order. Using the [Food Pantry Assistance](#) form and our other communications tools we can better advertise and distribute food to families in need,

#### **Part V – Powers of the Receiver**

*Provide a summary of the use of the School Receiver's powers during 2022-2023 school year.*

	<i>Describe the anticipated use of the School Receiver’s powers during the 2023-2024 school year (pursuant to those identified in Commissioners Regulation §100.19).</i>
<p>This quarter, all receivership schools in the Rochester City School District continued to provide four hours a month of paid professional development with their RTA staff. All receivership schools received a specialized phonics program and training for implementation. This program (Magnetic Reading) aligns with our assessment too and will fill curricular phonic and phonemic awareness gaps. Two middle schools will not receive new enrollments for the remainder of the year to limit their class size from further increases. All receivership schools have received training from HCI on their specialized placement processes that started significantly earlier this year to improve retention and hiring practices. A specialized staff has been added to improve coherence, visioning, and targeted support to instructional coaches and teachers.</p>
