

September School Base Planning Notes

Those Present: T. Pearson, M. Padula, C. Clancy, K. Haugh, J. Stanley,
D. Lincoln, J. Markman

Next Meeting: October 21, 2014 at 8am

Location: Library

Topics Covered:

1. I-ready will be used in grade 1-6. You may begin using the program Monday 10/22/14. This is a great tool to use for intervention. We will not receive the actual textbooks, but they are all located online. See Mark Wilkins for any i-ready questions.
2. Generation Ready (formally known as Advatar): We will need a staff member to take over the responsibility of inputting PD information/hours into the program. Please let an administrator know if you are willing to take this over for the school year.
3. PD Approvals: Please turn in the appropriate paperwork for PD credit to a SBPT member prior to taking the course.
4. Local Testing Update: The district is requiring the use of NWEA 3 times per school year for grades 3-6 and for K-2 2 times a year. Mark Wilkins will head up the testing and scheduling.
5. Goal Setting is currently not available on peoplesoft.
6. Administrator Walk Through: Administration will be using a new online tool to conduct observations. More information will be given out at grade level meetings.
