

JOSEPH C. WILSON MAGNET HIGH SCHOOL

Student Support Center Newsletter

September 2022

Greetings Wilson High!!!

Welcome back to school! I hope everyone enjoyed their summer off, and are as excited as I am about this new school year. I would like to take this time to introduce myself and give you an idea of the services I provide.

My name is **Montea Passmore** and I am here to provide counseling and case management services to youth ages 12-20. I am the Prevention Counselor from the Center for Youth here at Wilson High School.

Do you have any struggles at school, problems with friends? Are you looking to find ways to get more involved in school activities? Do you want to learn to be more focused and organized?

Come and visit Mrs. Passmore, in the cafeteria, to start individual or group counseling. I truly value our time together. It is completely confidential and should not be considered a punishment in anyway. My goal is always to help you reduce risk factors, increase protective factors, and develop healthy coping skills to encourage the best version of yourself !

Through Project SUCCESS we can identify students with issues related to substance use/abuse, problems gambling and other risk factors that may be inhibiting healthy development.

I will actively support the staff and students through classroom workshops, individual and group counseling, as well as crisis interventions.

If you have additional questions or are interested in any services please feel free to stop by my office which is located in the cafeteria, Room 45.

You may also contact me via email at mpassmore@centerforyouth.net or by phone at **585-328-3440 Ext. 3991.**

I look forward to working with you this school year and wish you all success!
