

Dear Christopher Slifka:

Congratulations! Your U.S. Government and Politics course is now authorized to use the AP designation for the 2023 - 2024 academic year at East Upper School.

What Does Course Authorization Mean?

It is the official recognition by the College Board that your course meets the expectations colleges and universities have for AP U.S. Government and Politics. This authorization grants you permission to use the "AP" designation on your students' transcripts in association with the authorized course. In addition, your course will appear on the publicly available AP Course Ledger, you will receive access to online score reports, and maintain access to AP Classroom.

Thank you for your continued participation in the AP Course Audit.

Sincerely,

Trevor Packer
Senior Vice President
Advanced Placement Program
