RCSD Statement Regarding Newly Installed Barriers at the Monroe Campus

This school year, we have experienced incidents of car thefts and reckless driving on our campuses. The safety and well-being of our students and staff are a top priority, and we take these incidents very seriously.

To mitigate these risks, we have installed new barriers outside some of our schools, most recently at the Monroe campus. These barriers are designed to prevent unauthorized vehicles from entering school grounds and reduce the risk of dangerous drivers. This is a temporary fix as we work with the City to devise a permanent solution.

We remain committed to our mission of providing a safe and welcoming learning environment for all students, and we will continue to take proactive measures to ensure their safety.
