## When:

Wednesday, December 11, 2024, 10:30 a.m.

## Where:

Edison Career and Technology High School 655 Colfax Street Rochester, NY 14606

## Details:

Accede Mold and Tool Co., a leader in state-of-the-art mold-making for the plastic injection molding industry, will present a \$5,000 donation to Edison Career and Technology High School. The donation is linked to a prestigious national recognition awarded to Roger Fox, President and Owner of Accede Mold and Tool Co., for excellence in the plastic injection mold-making industry. This contribution will help ensure students receive valuable resources and opportunities to pursue careers in the mold manufacturing industry. The Accede team is committed to shaping the next generation of mold makers by dedicating time, expertise, and resources to support hands-on learning experiences. Many Accede employees are proud Edison alumni, underscoring the strong connection between the company and the school and its ongoing commitment to supporting educational initiatives.
