Dear Speaker Heastie:

We are writing to respectfully request your support in ensuring that the 2015-16 budget adequately funds the needs of Rochester students. Specifically, we are requesting \$36 million to address Rochester City School District's budget challenge and \$1.2 million in annual funding for school nurses.

A copy of Superintendent Vargas' letter outlining these requests is included in this packet, along with a copy of the Action Plan that describes the priorities, strategies, and measures on which the school district is focused to help Rochester children succeed.

Sincerely,

David F. Gantt *Joseph D. Morelle*
