## **Re-Identified Focus Schools**

**(Applicable to schools that were identified as Focus during the 2012-2016 identification period)**

Focus Schools that were re-identified on the February 2016 list were required to implement more rigorous interventions focused on the needs identified through their DTSDE reviews. Focus Schools were required to implement at least one ESEA Flexibility Turnaround Principle (e.g., redesign the school day, week, or year; modify the instructional program to ensure it is research-based, rigorous, and aligned with State academic content standards; provide time for collaboration on the use of data) no later than the 2016-17 school year. The SCEP must describe the schools plan for intensive implementation of the selected Turnaround Principle and Districts must complete a school leader checklist for the re-identified Focus School, if the principal has been leader of school for more than two full academic years, in order to determine whether the school leader should be provided additional professional development and/or mentoring or replaced. Below provide an update on the implementation of the selected principle.

More information about the Turnaround Principles can be found at: <https://www.ed.gov/sites/default/files/esea-flexibility-acc.doc>

**1. Describe the current stage of implementation of the Turnaround Principle the school chose to begin implementing in 2016-17?**

**Looking at the data to reflect instructional practice**

**2. Identify the method for evaluating implementation of the Principle and any adjustments that have been made based on the evaluation. Include of the data sources used and trends identified from analysis.**

**Teachers and students will track and monitor data to set learning goals and create student data binders to keep parents informed.**

**3. How will the school continue to monitor and make adjustments to implementation?**

**In May 2018 parents will be invited to partake in student led conferences and share their experience both in person and by survey as school #54 moves forward with increasing parent engagement and student achievement.**

**Priority Schools: Whole School Reform Model**

**(Applicable to schools that were identified as Priority during the 2012-2016 identification period)**

Under New York State's approved ESEA Flexibility Waiver, all Priority Schools are required to implement a systematic whole school reform model for a period of 3 years. In support of this implementation the Department has committed to ensuring that leaders of Priority Schools that are engaged in implementing whole school reform models are selected and supported by districts through a process that ensures high leadership qualifications as well as a good match between the leader's skills and competencies and the identified needs of the school. All priority schools that are not current recipients of School Improvement Grant (SIG [G]) or School Innovation Fund (SIF) must complete and submit the principal checklist accessed by the hyperlink and provide full responses to the narrative questions below to demonstrate their plan for implementation of a whole school reform model.

<http://www.p12.nysed.gov/accountability/forms.html>

**1. New School Design and Educational Plan**

**A. Curriculum and Instruction:** Provide a description of the curriculum being used by the school and any adjustments made to the curriculum based on data analysis of the implementation of the 16-17 plan.

**B. Professional Development:** Provide an update on the coherent framework for professional development described in the 2016-17 plan, which includes extensive job-embedded professional development, and structures for collaboration that enable teachers and support staff to have common, regular, and frequent planning time. Discuss how curriculum and instructional needs are reflected in plans for professional development.

**C. Use of Time:** Provide an update on the daily calendar and schedule as described in the 2016-17 plan and articulate how the use of time will continue to provide for meaningful improvements in the quality of instruction, enrichment opportunities, and professional culture of teacher leadership and collaboration. Based on data analysis of the 2016-17 plan

**D. Assessment:** Provide an update to the school's approach to assessment as described in the 2016-17 plan.

**E. School Climate and Discipline:** Describe the strategies the school will employ to continue to develop and sustain a safe and orderly school climate that supports fulfillment of the educational goals. Explain the school’s approach to student behavior management and discipline for both the general student population and for students with special needs and if it has changed since evaluation of the 2016-17 plan. Explain how the school will encourage parent/family involvement and communication to support student learning and how it will gauge satisfaction with school climate.

**F. Meeting the Needs of Unique Populations:** Describe the population of students with disabilities, including those with moderate to severe disabilities, students who are English language learners, and students from households that are eligible for the federal free or reduced-priced lunch program, first generation college goers, students of color, and other young people underrepresented in higher education and the specific continuum of instructional and support strategies that will be employed to meet the needs of these populations.

## **2. Organizational Plan**

The Organizational Plan should provide an understanding of how the school will be operated, beginning with its governance and management. It should present a clear picture of the school’s operating priorities, delegation of responsibilities, and relationships with key stakeholders.

**A. Site-based Governance:** Provide an update to the organizational structure of the school and its day-to-day operation. Explain the rationale for any changes or lack thereof that have occurred since the 2016-17 plan.

**Priority Schools: Whole School Reform Model**

**(Applicable to schools that were newly identified as Priority in February 2016)**

Newly identified Priority Schools are required to implement a whole school reform model by no later than the 2018-19 school year. Districts may meet this requirement through implementation of a 1003(g) School Improvement Grant intervention model, a School Innovation Fund model, or through implementation of a School Comprehensive Education Plan that includes a Whole School Reform Model aligned to the United States Department of Education's (USDE) Turnaround Principles. More information regarding the requirements of these models can be found on the Office of School Innovation and Reform's website at <http://www.p12.nysed.gov/oisr/>. In support of this implementation the Department has committed to ensuring that leaders of Priority Schools that are engaged in implementing whole school reform models are selected and supported by districts through a process that ensures high leadership qualifications as well as a good match between the leader's skills and competencies and the identified needs of the school. All priority schools that are not current recipients of School Improvement Grant (SIG [G]) or School Innovation Fund (SIF) must complete and submit the principal checklist accessed by the hyperlink and provide full responses to the narrative questions below to demonstrate their plan for implementation of a whole school reform model.
