III. Finance Committee of the Whole Meeting:

Commissioner Lebron convened the Finance Committee of the Whole at approximately 7:00 p.m. and noted the postponement of the 2020-21 District Budget Presentation in light of the Covid-19 crisis to the following week.

Finance Committee Discussion Items

Commissioner Lebron passed along kudos to CFO Franklin and his team for their efforts in making the financial report easier to read and follow.

Review and Discuss Financial Reports

CFO Franklin presented the February 2020 unaudited Financial Reports, providing the highlights of the report as indicated in the cover memo. He noted the cash balance and general fund and all funds, the cash flow projection, revenue summary, appropriations by major account, appropriations by function, and capital budget status report. He shared that the projected cash balance for the 2019-20 year as at February 2020 is $47,060,551. He also advised that in an ideal situation, the District would have about two months’ worth of operating expenses in cash (approx. $130 M in general, $155M in all funds), of which the District is some ways away from. This he noted is an improvement from the prior month’s projection, but indicated that a Revenue Anticipation Note (RAN) would be needed next year for cash flow purposes. Mr. Franklin also highlighted information of the negative balances reflecting on the spreadsheets and answered commissioner questions.

Motion by Commissioner Powell to forward the February, 2020 Financial Report to the March 26, 2020 Board Business Meeting for approval. Seconded by Commissioner Lebron. Motion passes 7-0.

Commissioner Lebron also indicated that all changes on the new document would also be communicated via the District website, BoardDocs and via Social Media.

The Committee discussed the delay of the State Budget and other unknowns surrounding the District’s anticipation of funding and/or other cost impacts coming from the State level.
