Resolution No 2014-15: 729

By Member of the Board Vice President Elliott

Whereas, the Rochester City School District is submitting, for approval, to the New York State Education Department Office of Facilities Planning capital improvement projects for various schools throughout the District, and

Whereas, SEQRA is an acronym for State Environmental Quality Review Act, enacted in 1975 to document environmental impact of public work projects and develop plans to mitigate any negative impact. The Act was amended in November 2000 and effective September 1, 2001, the State Education Department transferred the role of lead agent for public school construction projects to the local school district. SED requires, prior to the issuance of a building permit, the Board of Education of the local school district to acknowledge, by resolution, that the requirements of SEQRA have been met, and

Whereas, a construction project can be classified into one of three categories: Type I - action will likely have a significant impact on the environment and may require a draft, as well as a Final Environmental Impact Statement; Type II - action acknowledges that no sensitive environmental areas are affected, such as wetlands, agricultural districts or coastal areas; and the third category is Unlisted Action/Negative Declaration which is limited to minor interior renovations.

Whereas, final determination of a Type II Action includes, in addition to the above requirements, acknowledgement on the Project Description Form (submitted to SED) that no sensitive environmental areas are affected, and

Whereas, the Rochester City School District, in compliance with the SEQRA, has as lead agent determined that the capital improvement projects listed below are submitted to SED for approval and scheduled to be undertaken in 2016 are routine in nature (Type II) and require no further review, therefore be it

Resolved, that it is the final determination of the Board of Education that these projects constitute renovation work including replacing the existing natural turf multiple use game field with an artificial turf surface and security system upgrades throughout the district and these are consistent with a Type II Action, not subject to review under the SEQRA.

These projects include the following:

Franklin Educational Campus	26-16-00-01-0-101-035
District-Wide Security Upgrades – Phase V	26-16-00-01-7-999-017

And be it further resolved, that the Board adopts a Negative Declaration of Environmental Impact for the proposed renovation of the Athletic Field at the Wilson Foundation Academy which includes replacement of the existing natural turf multiple use game field with an artificial turf surface and the addition of four 80’ tall light poles, as described in the Part III Short Environmental Assessment Form and attached Negative Declaration and directs the distribution of the Negative Declaration to the following interested and involved agencies: City of Rochester and New York State Department of Education, and directs the notice to be published in the New York State Department of Environmental Conservation (NYSDEC) Environmental Notice Bulletin.

This project includes:

Resolution No. 2014-15: 749

By Member of the Board Commissioner Powell

Whereas, the team name of East High School has been historically known for 112 years as the “Orientals;”

Whereas, previous School-Based Planning Teams and student organizations at East High School have attempted to change the team name due to its racist implications;

Whereas the recognition of the legacy of the school and the decisions of past leaderships need to be honored;

Whereas the voices of alumni have value to the present School-Based Planning Team;

Whereas the School-Based Planning Team has the authority and governance to make decisions in the best interest of the school community;

Whereas the 2014-2015 School-Based Planning Team of East High School, through a unanimous vote, has adopted the “Eagles” as the official new team name of East High School; and

Whereas the East High School teams will no longer be recognized or referred to as the “Orientals”; therefore be it

Resolved, that the Board has adopted the “Eagles” as the official new team name of East High School and the East High School teams will no longer be recognized or referred to as the “Orientals”.
