TRANSPORTATION

Resolution No 2014-15: 114

By Member of the Board

Whereas, the District and Regional Transit Service Incorporated (RTS) desire to work collaboratively to ensure high quality transportation services to students of the District at the best possible value; and

Whereas, RTS wishes to partner with the District and provide support to literacy initiatives through the following:

- “Box Tops Education” Challenge – RTS will encourage its employees, customers and business partners to collect Box Tops (the District receives \$0.10 for every Box Tops sticker) during the year, culminating in a “fill a bus with Box Tops” event with a \$1,000,000 collection goal.
- When the new Transit Center opens RTS will have books on hand for distribution to children and families (RTS and the District can solicit book donations from community groups). This could be further developed into a “books for free” stand located in the new Transit Center.
- RTS will adopt a nearby school and enlist RTS employees who will partner with school leaders and volunteer for student reading, tutoring, etc.
- Provide ten (10) one-year free passes for “good” students (students who complete reading a certain number of books and maintain a certain grade point average.
- Promote the District’s literacy campaign on the RTS website.
- Advertise the District’s literacy and attendance initiatives on RTS buses.

; and

Whereas, the District and RTS continue to discuss terms for an all-inclusive contract for the regular school year that includes bus passes in the overall price and thereby eliminate separate billing for bus passes that in prior years have resulting in an additional cost to the District of approximately \$100,000; and

Whereas, the District and RTS wish to pursue a similar all-inclusive contract for summer school programs once the summer program offering have been determined; and

Whereas, the District and RTS desire to continue to be flexible and work collaboratively

on an ongoing basis to develop and implement additional cost savings; therefore be it

Resolved, that the Superintendent, or his designee, be, and hereby is, authorized to enter into an Agreement with **Regional Transit Service Incorporated**, 1372 East Main Street, Rochester, NY, to provide secondary school students with bus transportation to and from school and other programs that are held during and after classes, for the period September 1, 2014, or as soon thereafter as the Agreement is fully executed, through June 30, 2015, for an sum not to exceed Ten Million Five Hundred Forty Nine Thousand Fifteen Dollars (\$10,549,015.00), funded by the Transportation Department, contingent upon budget appropriations and contingent upon the form and terms of the Agreement having been approved by Counsel to the District.

Strategic Goal: 3; Objective: C

Justification: Provide safer, more positive and nurturing learning environments that maximize student achievement and staff success.

Resolution No 2014-15: 121

By Member of the Board Vice President Elliott

Whereas, the Rochester City School District is submitting, for approval, to the New York State Education Department Office of Facilities Planning capital improvement projects for various schools throughout the District, and

Whereas, SEQRA is an acronym for State Environmental Quality Review Act, enacted in 1975 to document environmental impact of public work projects and develop plans to mitigate any negative impact. The Act was amended in November 2000 and effective September 1, 2001, the State Education Department transferred the role of lead agent for public school construction projects to the local school district. SED requires, prior to the issuance of a building permit, the Board of Education of the local school district to acknowledge, by resolution, that the requirements of SEQRA have been met, and

Whereas, a construction project can be classified into one of three categories: Type I - action will likely have a significant impact on the environment and may require a draft, as well as a Final Environmental Impact Statement; Type II - action acknowledges that no sensitive environmental areas are affected, such as wetlands, agricultural districts or coastal areas; and the third category is Unlisted Action/Negative Declaration which is limited to minor interior renovations.

Whereas, final determination of a Type II Action includes, in addition to the above requirements, acknowledgement on the Project Description Form (submitted to SED) that no sensitive environmental areas are affected, and

Whereas, the Rochester City School District, in compliance with the SEQRA, has as lead agent determined that all capital improvement projects that are submitted to SED for approval and scheduled to be undertaken in 2015 (listed below) are routine in nature (Type II) and require no further review, therefore be it

Resolved, that it is the final determination of the Board that these projects planned for 2014-2015 constitute renovation work and security system upgrades and are consistent with a Type II Action, not subject to review under the SEQRA.

These projects include the following:

Resolution No 2014-15: 154

By Member of the Board Commissioner Powell

Whereas, the Superintendent of Schools of the Rochester City School District has committed to a vision of high quality neighborhood schools such that students and families of the District are able to have high quality educational choices in his or her neighborhood ; and

Whereas, the Board of Education clearly established its intent for the John Walton Spencer, School No. 16 building located at 321 Post Avenue, Rochester, New York 14619 to be returned to use as a neighborhood school ; and

Whereas, notwithstanding the longer term opportunities for comprehensive renovations that are planned for the early stages of the Facilities Modernization Plan, Phase II, the school has already been unoccupied longer than desirable; and

Whereas, District schools in the 19th Ward neighborhood offer far fewer elementary seats than elementary aged children and this lack of stable school entry options is believed to contribute to general dissatisfaction among families and declining enrollment in District schools; therefore be it

Resolved, the services of a qualified engineering/architecture firm will be immediately engaged to provide the Board and the Superintendent with an itemized cost estimate and feasibility opinion regarding the repairs necessary for the School 16 building on Post Avenue to be returned to use, with students, in fall 2015; and be it further

Resolved, the analysis will include the following assumptions: 1. the building will eventually be fully renovated as a K-6 School with FMP II resources; 2. Fall 2015 occupancy may be a proportion of the full capacity (for example, one or two grade levels, not K-6, in 2015-16); and 3. the analysis should include flexibility and contingent estimates where relevant, aiming to identify only the fundamental requirements for the building to house children safely and adequately in this valued neighborhood school pending the highly anticipated, more complete rehabilitation.
