

Montessori Academy School No. 53 Visual Arts Newsletter

February 2024 - Issue #6

MIDDLE EL:
Third Graders learned about what life is like for Maasai children in Southern Kenya & Tanzania. Drawing a figure, they drew a Maasai figure and designed the clothing.

UPPER EL: Fifth Graders viewed examples of Kente cloth then created a design unique to them. Liquid watercolor paints will be used to add bright colors to their "fabric".

A study of artist Jim Dine inspired Ms Meldrum's 3rd grade artists to paint one heart then print a quadrant of hearts, using symmetry and texture to complete their project.

PRIMARY PreK: Our 3 & 4 year old artists were amazed learning about symmetry as they painted one side of a heart, then printed the other side to create one heart!
