

Name _____

Date _____

Write the number and circle the set that is *greater* in each pair. Say a statement to compare the two sets.

Circle the number that is *greater* for each pair.

Write the number and circle the set that is *less* in each pair. Say a statement to compare the two sets.

Circle the number that is *less* for each pair.

9. Circle the set of coins that has *less* value.

10. Circle the set of coins that has *greater* value.

Katelyn and Johnny are playing comparison with cards. They have recorded the totals for each round. For each round, circle the total that won the cards and write the statement. The first one is done for you.

ROUND 1 - The total that is the **greater** wins.

<u>Katelyn's total</u>
16

<u>Johnny's total</u>
19

19 is greater than 16.

ROUND 2 - The total that is **less** wins.

<u>Katelyn's total</u>
27

<u>Johnny's total</u>
24

ROUND 3- the total that is **greater** wins.

<u>Katelyn's total</u>
32

<u>Johnny's total</u>
22

ROUND 4- the total that is **less** wins.

<u>Katelyn's total</u>
29

<u>Johnny's total</u>
26

If Katelyn's total is 39 and Johnny's total has 3 tens 9 ones, who would win the game? Draw a math drawing to explain how you know.
