A stand-up SBPT meeting was held to discuss using Leveled Literacy Intervention (LLI) as our main intervention in kindergarten through sixth grades. It was determined that members would discuss the issue with their constituents and report back in the afternoon.

Time: 3:45 – 4:00 p.m.

Present: L. Gauvin, P. Givens, K. Hall, G. Harrison, M. McMIndes, M. Mey-Brooks, L. Oliver, J. Osborne, C. Roberts

Members reported back on using LLI for intervention. Kindergarten teachers will continue to use the Skills Strand Assessment and Remediation Guide (ARG) for intervention purposes. First, Third, Fourth, Fifth, and Sixth grades agreed to use LLI. Some concerns were noted about the roll out of the program, training, and materials. Second grade wanted to continue to use the ARG as the first intervention, with LLI and others if the ARG doesn't work for certain students.
