iv. Cataloging:
   1. Spine Label Survey Results
      a. 28 people voted, 10 voted for vertical all on one line, 1 for vertical on 2 lines, and 17 voted for horizontal.
      b. Melissa Frost shared her input on the spine labels with council via email
         i. Pros for keeping them vertical:
            1. The decision was made last year
            2. It is better for people’s backs
            3. It has already been arranged with the vendors
            4. Some librarians have already been using the vertical spine labels
         ii. Pros for switching back to horizontal:
            1. Many librarians already have horizontal
            2. HS librarians have higher shelving so having it horizontal might be better on their backs
         c. Council recognizes that the majority of librarians that took the survey would prefer to revert back to horizontal spine labels
         d. Melissa Carnevale makes a motion in consensus with the survey of school librarians that the spine labels for all RCSD libraries revert back to horizontal, Lisa Garigen
seconds, motion approved unanimously.
