The Destler/Johnson Rochester City Scholars Program was created in 2010. Admitted students are eligible for full tuition covered through a combination of RIT scholarships and state and federal need-based grants.

Scholarship Program Requirements:

- Students must live in the city and attend an approved high school within the district, or Urban Suburban school, for the last three years of high school.

DDI Summer Experience

Students admitted to the Destler/Johnson Rochester City Scholars program are required to participate in the **Division of Diversity and Inclusion's Summer Experience**, which is a fully funded residential summer program providing personalized one-on-one academic coaching, academic skills enhancement, a strong support network, and the opportunity to **earn up to six RIT college credits.**

First-year, Lah May Paw, was asked: How did the DDI Summer Experience help her prepare for her first semester, academically and socially:

"The DDI SE program helped prepare me for my first semester by showing me how I can stay on track with my classes and spend time with my friends. I need to make a weekly or monthly planner in order to succeed academically and socially. The program also opened a connection for me. With my peer advisor and my academic coach, I now know where to get help, make new friends, join clubs, and receive information that might interest me."
